19-4-5.

Ottawa, October 17, 1932.

Dear Mr. Dill:

I have your letter of the 12th instant, regarding the painting of the interior of the Sucker Creek Indian Day School.

In reply I have to say that Mr. Agent Lewis is being requested to report regarding the cost and to give an estimate of the quantity of paint required. If this work is carried out, it is considered that it should be done during the coming Christmas holidays, in order that it would not interfere with the regular classroom work. If the cost is not excessive, the Department will approve of having the work done.

I am having a set of Corona Flash Cards sent to you, also some requisition forms. Twenty-four tooth brushes were sent to you on the 27th ultimo. If these were received, it is thought they should be sufficient for the number of pupils in attendance.

With best regards.

Your obedient servant,

J. D. Sutherland,
For Supt. of Indian Education.

Geo. Dill, Esq.,
Teacher, Sucker Creek Indian Day School,
Little Current, Ont.

19-4-5.

D.A.N.

Ottawa, October 18, 1932.

Sir:

A requisition has been received from the teacher of the Sucker Creek Indian Day School for a supply of paint sufficient to paint the interior of the school building. He states the walls are in a filthy condition and that it would be necessary to first have them washed, and that the painting could be done by the Indians. He states it would take between three and five gallons of paint for two coats.

I would request that you give this matter your consideration. If the cost of having the painting carried out would not be high, the Department would favourably consider authorizing same. You might also state, if you approve of the work being done, when you would recommend that same be performed. It is considered that it should be carried out during the coming Christmas holidays, in order that it would not interfere with the regular classroom work. If you recommend same, you should state the quantity of paint required and the approximate cost of the labour in having the painting carried out. We are informing the teacher that this matter is being referred to you. A report giving the information asked for at your early convenience is requested.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

SCHOOLS BRANCH
OCT 21 1932

Dear Mr. Sutherland:

I should have mentioned in my letter of the 12th instant that I had spoken to Mr. Lewis about this point before I wrote to you. If you want a straight estimate on the work you will find one in the estimate submitted in connection with the firehood repairs. My thought was to employ Indian labor to lessen the cost. Also I should suggest closing the school on Friday and having the work done over the week-end. I can teach the following Saturday to make up for this. We might as well have the benefit of the shortness!

The tooth brushes I send ahead of me were distributed by the teacher and have been taken away. The number I asked for are needed to give one to each child I am anxious to have tooth-brush drill in school.

I gave Mr. Lewis a requisition for some soap etc for the school. Be good to it!

Yours truly.
George Bell

19-4-5

DEPT. OF INDIAN AFFAIRS
OCT 25 1932
RECORDS

254-44. Indian Office, Manitowaning,
October 22nd, 1932.

Sir:-

I have the honour to report that the teacher in Sucker Creek Indian Day School, Mr. G. Dill, has asked for the following articles to be furnished for use in the class-room.

6 bars toilet Soap
6 " laundry Soap for scrubbing
4 yards Towelling
6 drinking Cups
I Sauce Pan and lid
I Dishpan
6 lamp Mantles
I gal. Gasoline
I Axe Handle
~~2 Tea Towels~~.

710

He also asks for a supply of Cod Liver Oil, and that soup be supplied for the pupils to serve with thier midday meal instead of cocoa which was served as a hot drink during the last winter past.

As soap, towelling, cups, mantles, gasoline and an axe handle are required at this school I would recommend the purchase, and if the Department approve of a hot drink being served to the pupils with their midday meals it will be necessary to furnish a dishpan, sauce pan and tea towels. The cost of a supply of cocoa, milk and sugar will be much less than a supply of canned soups, therefore, I would recommend that hot cocoa be served if the Department will approve of a hot drink being served in the Day Schools during the incoming winter months.

Your obedient servant,

Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Little Current, Ont.
October 24, 1932.

Dear Mr. Sutherland:

You will remember that the Dept. placed an order for some seats for the Sucker Gut School on July 12th. These were sent to an Indian here and I signed the accounts in Ottawa. They were not found until my return and I found that the following were missing.

1 #2 Front
1 #2 Rear.

This is undoubtedly my fault - and I don't know what can be done. I am wondering if I could write to the firm. I really need the seats and they may replace them. Certainly they were not in the two cases received.

I shall be glad to know how to act in this matter.

Yours truly.

George Bell

A

19-4-5.

Ottawa, October 26, 1932.

Dear Mr. Dill:

I have your letter of the 24th instant, informing the Department that one No. 2 front and one No. 2 rear were missing from the equipment supplied by the Globe Furniture Company for the use of the Sucker Creek Indian Day School.

In this connection I have to say that I am taking this matter up with the above Company and requesting them to check up on this shipment. They are being requested, if they supplied the front and rear seats, and they were lost after arrival at Little Current, to duplicate the order and supply another No. 2 front and No. 2 rear, and to forward their account, in triplicate, to you covering the cost. You should certify this account in the usual manner and forward it to the Department for payment. It is thought the above Company, no doubt, forwarded the full number of front and rear seats, but something happened to them after their arrival at Little Current and before your return to the school. I presume you have made full enquiry.

Regarding the painting of the interior of the school, we are awaiting a reply from Mr. Agent Lewis. I am again drawing this matter to his attention.

Your obedient servant,

J. D. Sutherland,
For Supt. of Indian Education.

Ottawa, October 26, 1932.

Sir:

I have your letter of the 22nd instant, regarding the request of the teacher of the Sucker Creek Indian Day School to be supplied with materials as mentioned therein.

In reply I have to say that you may arrange for the purchase and delivery of the following: -

6 bars toilet soap,
6 " laundry soap,
4 yds. towelling,
6 drinking cups,
1 saucepan and lid,
1 dishpan,
6 lamp mantles,
1 gal. gasoline,
1 axe handle.

Please obtain an itemized account, in triplicate, to which you should attach a proper voucher form, certify in the usual manner and forward for payment.

The Department will approve of a hot drink being served to the pupils at midday, and you may purchase the supply of cocoa and sugar required for the purpose. We understand that the Indian children can supply the milk required. Only the quantity of cocoa and sugar needed for the balance of the present school year should be supplied at the present time, and certified accounts covering the cost should be forwarded for payment. We are not prepared to supply canned soup.

I would refer you to official letter of the 15th instant regarding the painting of the interior of the school building, and would be pleased to have a reply thereto.

Your obedient servant,

A. F. MacKenzie,
Secretary.

EX 11.

Ottawa, October 26, 1932.

Gentlemen:

I wish to refer you to letter dated July 12th, last, placing an order with your firm to supply a number of front and rear seats for delivery at Little Current, Ont. The Department is now informed that the cases in which these desks were packed were not opened until recently, and that it was found the following were missing:

1 No. 2 Front,
1 No. 2 Rear.

The Department is not aware whether this equipment disappeared after arriving at Little Current or if, by oversight, your firm did not forward same. I shall be pleased if you will check up on this shipment and inform me if the full number of front and rear seats as ordered in letter above referred to were shipped.

As it is necessary that this equipment be supplied, I would request, if there was no oversight in shipping the previous order, that you forward by freight, charges prepaid, addressed to Geo. Dill, Esq., Teacher, Sucker Creek Indian Day School, Little Current, Ont., one No. 2 front and one No. 2 rear, of the same type as the other equipment which you supplied in July, last. They should be shipped knocked down, securely crated. Please forward your account, in triplicate, addressed to Mr. Dill. This account should cover the cost F.O.B. Little Current, sales tax included.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Little Current, Ont.
October 28th 1932.

Dear W. Sutherland;

When we ordered the desks for Sucker Creek in July I went on the understanding that # 2 was the small size. This was the one I really wanted two backs and 2 fronts for. I have discovered today that the small ones are # 6. I am writing by this post to the manufacturers asking them to hold upon our order for them until they hear from us again. Will you ask them to send the # 6 instead of # 2.

I am sorry to have created such a mix up over them.

Yrs truly.

George Lee

254-44. Indian Office, Manitowaning,
October 26th, I932.

DEPT. OF INDIAN AFFAIRS
OCT 28 1932
RECEIVED

Sir:-

With reference to Departmental Letter N.I9-4-5 of the I8th instant in regard to the request by the teacher at Sucker Creek School to have the interior of the school building repainted as the walls are in filthy condition; I have the honour to report that the interior walls and ceiling of this building are in a dismal condition and require renovating with paint. I estimate that the cost of having this work carried out will be approximately $38.00,-

4 gals. paint at	$4.75	$I9.00
Labour wash walls & ceiling		5.00
" painting, cleaning etc		I4.00

The teacher is of the opinion that this work could be carried out on a week end and would not interfere with the regular classroom work to any extent, but as the walls require cleaning before they are painted, which will take some time, I believe that if the painting is authorized it would well to let the work stand until the Christmas holidays.

The old structure is hardly worth the expenditure but it may be that this building will be made use of for some time, before it is replaced by a new school, I would recommend that the painting of the interior walls and ceiling be carried out, and the work to be performed by Indian labour.

Ottawa, October 31, 1932.

Sir:

I have your letter of the 26th instant, giving an estimate of the cost of the paint and labour in cleaning and painting the interior of the Sucker Creek Indian Day School building.

In reply I have to say that the Department will approve of you arranging to have this work carried out during the coming Christmas holidays. You should purchase the paint required and arrange for Indian labour in the cleaning of the walls and ceiling, and for the painting. You should see that the walls and ceiling are thoroughly clean and dry before the paint is applied, and you should see that a satisfactory job is performed.

After the work has been completed, please forward an account, in triplicate, covering the cost of the paint, also accounts, in triplicate, in favour of the Indians who perform the labour. The number of hours employed and the rate paid per hour should be stated in detail. The total expenditure should not exceed your estimate of approximately $35.

JAN 17 1933 SCHOOLS BRANCH

Dear Mr. Sutherland:

I am so pleased with the school now
it has been painted that I must write and
thank you for your kindness in the matter.
It really has made the place look habitable
and everyone here is pleased with it. The
wonder to me is that I never thought of it
months ago.

With kind regards.

Yours sincerely.
George Sell

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

Acct

DEPT. OF INDIAN AFFAIRS
JAN 25 1933
RECEIVED

254-44. Manitowaning. January 23rd, 1933.

Sir:-

I have the honour to enclose herewith vouchers in favour of Mr. Oscar T. Bennett, of Little Current, and myself for paint supplies and payment made for labour in connection with the painting of the interior of the classroom at the Sucker Creek Indian Day School.-

Oscar T. Bennett.	paint supplies	$14.95
E.J.Lewis.	payment made for labour	22.50

The walls and ceiling have been given two coats of paint which has made a wonderful improvement in the appearance of this classroom.

On account of removing blackboards and fixtures from the walls, and erecting high scaffolds to enable the painting of the ceiling, the cost of labour in connection with this work was somewhat high.

Mr. Dill, the teacher, has an account with Mr.L.A.Buck, of Little Current, $2.70 for lumber, and Chas. Chetescomy $5.00 for labour, for blocking out two windows at the front of the classroom. Shall I submit the accounts to the Department for payment. These accounts are fair and just and should be paid as the windows should have been closed out.

OK

Dear Mr. Southerland. No letter at present

Since a new school at Lac La Ronge ~~is~~ impossible I am wondering if you can include sufficient funds in the Supplementary Estimates to cover

1. A new floor - the present one is very uneven and rots on the ground. Plug in the Spring water comes through. $90
2. A new door. 6
3. Reshingling the roof. The roof leaks badly and I hate to ruin the new paint. 74
4. Two Coats of whitewash for the school and woodshed. 65

$235

There are estimates for all this work on the file (July 1932). The first two items would have to be done by a contractor, but, the shingling and whitewashing could be done by the Indians.

With these improvements the building would serve until such time as finances permitted a new school — several years I

Manitowaning, September 27th, 1933.

Sir:-

I have the honour to enclose herewith a requisition for supplies for use at the Sucker Creek Indian Day School.

A new lock should be supplied for the classroom outside door. At present there is an old one in use which will not lock the door securely. The new one should be of padlock style with two keys, one for the teacher, and one for the caretaker.

The combs which have been in use, are broken and of no further value and should be replaced by two new inexpensive combs as they appear to last just as long as the more expensive style.

I would also recommend that a soap dish be furnished in order that the wash stand in the classroom can be kept more tidy.

Your obedient servant,

Indian Agent.

JUL 25 1934

July 18th, 1934.

Dear Sir:-

Report on my inspection of the Manitowaning Agency on 11 - 13th ultimo.

X X X

The Sucker Creek Day School Church of England, is in a most dilapidated condition and totally unfit for school purposes. It was built in 1884 of log construction. The classroom is 20 x 25. Sixteen pupils on the roll and an average attendance of twelve. The classroom floor is worn out and has sunk nine inches in the centre. The walls and ceiling are dirty. The roof leaks badly. In wet weather the pupils have to move from place to place to keep out of the drip. The window frames, sills and foundations are rotten and have given away in places. The whole appearance of the building, outside and in, shows decay and neglect. No amount of repairs would put it in condition for school purposes. A new school is badly needed, it is only a matter of a very short time when the present structure will have to be abandoned.

X X X

(sgd) Thos McHookin,
Inspector.

A.S. Williams, Esq.,
Acting Deputy Superintendent General,
Dept. Indian Affairs,
Ottawa.

OFFICE OF
INDIAN AGENT

19-4-5

DEPT. OF INDIAN AFFAIRS
AUG 28 1934
RECORDS

254-46. Manitowaning, August 24th, 1934.

Sir:-

I have the honour to report that the Sucker Creek Day School building is in a dilapidated condition, and beyond having repairs carried out to any advantage.

This building has been in use for over fifty years, and only a cheap construction when first built. The timber foundation has gone to pieces with age which has let the walls drop and effected the classroom floor to such an extent that it is not within a foot of being level.

The roof is in a leaky condition and will not stand to be re-shingled as the roof boarding is in such a state of deterioration that will not allow the old shingles to be removed without the whole roof being replaced.

As this building is in such a miserable comdition, and totally unfit for any further use, and will have to be replaced by a new building as soon as possible, I cannot recommend that anyextensive repairs be carried out to this old building but would recommend that a small expenditure not exceeding $10.00 be allowed in patching the roof for the time being.

Your obedient servant,

Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Sir:-

I enclose herewith a voucher in favour of Chief Charles Obotossaway, of Sucker Creek Reserve, amounting to $8.10 for labour in carrying out repairs to Sucker Creek Indian School building.

The roof of this building was in a bad state of repair. It is now patched to such an extent that it will keep the classroom dry for the present, but not for any length of time as the whole roof is in a bad state of deterioration.

The porch at the entrance to the classroom was also in a state of bad repair. It has under-gone some repairs by the chief and is now useful to protect the classroom entrance door from the heavy storms.

This expenditure was authorized by Departmental Letter No.I9-4-5 of August 29th, I934.

Ottawa, June 17th, 1935.

Sir,-

The Public School Inspector, in a report on his recent inspection of the Sucker Creek Indian Day School, states that the school, woodshed and toilets are in very poor condition.

I would request that you inform the Department what minor repairs are required to place the woodshed and toilets in a satisfactory condition, also the work which would be absolutely necessary to ensure the school building being in a suitable state of repair for the coming winter's use. At the same time, you should give full information as to the cost of the materials and labour.

The need of a new school building is noted but we will have no funds this year for the purpose.

Your obedient servant,

A. F. MacKenzie.

Estimate cost of material and labour for repairs to Sucker Creek School buildings.

Woodshed, re-shingling and repairs.

4 thousand shingles at $4.00	$16.00	
Nails	1.20	
Labour laying shingles and re-nailing siding	5.00	
4 loads of gravel to fill inside as a floor at 50 cents a load	2.00	$24.20

Toilet repairs.

50 ft. lumber at $30.00	1.50	
Nails	.15	
2 pails of lime to whitewash inside at 25 cents per pail	.50	
Labour in repairs to roof, white-washing inside, and outside siding repairs.	2.50	$ 4.65

School building

10 thousand shingles at $4.00	40.00	
Nails for re-shingling and re-nailing siding	2.50	
290 ft. of lumber at $30.00	6.00	
Labour re-shingling and repairs to exterior walls	25.00	$73.50

TOTAL:- $102.35

During the summer past the roof of the school building was repaired to a certain extent. New shingles were put on the leaky spots, but now the whole roof is in a state of deterioration and it will not be possible to cunduct a classroom in this building after the holidays unless it is re-shingled.

19-4-5.

254-46.

Ottawa, July 4, 1935.

Sir:

I have your letter of the 25th ultimo, regarding the repairs required to place the Sucker Creek Indian Day School building in a suitable condition for another year, and giving an estimate of the cost of materials and labour.

In reply I have to say that you should arrange, during the present holidays, to have the wood-shed reshingled and repaired, the toilet repaired and the roof of the school building reshingled. You should arrange for the purchase of the shingles and other materials required, from firms on the approved list, and also for the labour. Indian labour should be utilized as far as possible.

E.R. No. 3430

The entire cost of the repairs should not exceed your estimate of, approximately, $105. I enclose encumbrance certificate, authorizing an expenditure to that amount. Please obtain itemized accounts, in triplicate, covering the cost of the materials, and also prepare vouchers, in triplicate, for the labour employed. The number of days or hours employed and the rate paid should be definitely stated on these vouchers. You should certify the accounts and state on each copy that the expenditure was incurred under authority of E. R. No. 3430.

The Department will expect you to see that these repairs are satisfactorily carried out and completed before the school re-opens after the holidays.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir:-

At a meeting of the
Sucker Creek Ind. Reserve.
It was moved Wm. Madahbee,
seconded by Anthony Jabeyhuyonga,
that something must be
done about the School house
we must have a new one
or close the old one as it
is gone beyond repairing it
and not fit for a shool
house.
We want to hear from you
as soon as possible regarding
this problem. Carried.

Yours Truly.

Chief Chas Obotossaway.

AUG 1 1935

Sir:-

I enclose herewith a motion in council by the Indians of Sucker Creek Band with regard to the condition of Sucker Creek Indian School and that it is necessary that a new school building should be erected.

The chief was advised as to the contents of Official Letters No. I9-5-5 of June the I7th and July 4th to the effect that the Department was aware of the need of a new school but will have no funds this year for the purpose, and that certain repairs would be carried out on the school building in use at the present time in order to place it in a suitable condition for another year. After advising him that the Department would not have funds available for the purpose of erecting a new school he was quite in favour of having the necessary repairs made to the old school building and let the matter of erecting a new school building stand for the time being.

See under 907

The nesessary material required for repairs to the old school building has been purchased and delivered. The work is being carried out under the supervision of the chief, which I expect will be completed within the next two weeks.

Your obedient servant,

I. Agent.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

2nd August 1935.

SCHOOLS BRANCH
AUG 7 1935

The Deputy Superintendent General,
Department of Indian Affairs,
Ottawa.

Dear Sir:

On my recent visit to the Sucker Creek Indian Day Scool on the Manitoulin Island, I was disappointed to find into what a bad state it had got. The building is really in a deplorable condition, and the Chief told me that the band had resolved to close it. They cannot, of course, do this; but I simply mention the fact in order to shox how discontented they have become with the school.

There are at present 14 children on the roll, and this number will be increased to 16 or 18 this fall, and they are expecting that there will probably be over 20 next year. This is the information which I got from our missionary and the Chief.

It is now a considerable number of years since the Department promised to rebuild this school, and I very much hope that you will do your utmost to take the matter in hand at the earliest possible date, especially as this is quite a respectable band of Indians who deserve all consideration.

Yours sincerely,

+ Rocksbrough R: Algoma

Ottawa, August 7, 1935.

Right Reverend Sir:

I beg to acknowledge receipt of your letter of the 2nd instant, with reference to the Sucker Creek Indian Day School.

The condition of this building was brought to the Department's attention by Mr. Agent Lewis in letter dated June 25th, last. In reply, he was informed that, owing to lack of funds, the Department was not in a position to erect a new school. Mr. Lewis was, however, authorized to incur an expenditure of approximately $105 in making the necessary repairs to the present building.

Mr. Lewis advised us in letter dated the 25th ultimo that the work was being done and that the Chief of the Band was satisfied.

I have the honour to be,

Right Reverend Sir,

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Sir:-

I enclose herewith a receipted pay-list, in triplicate, in my favour amounting to $27.33 for payments made for labour performed by Indians in repairs being carried out to Sucker Creek Indian Day School buildings.

The roof of the school building has been re-shingled with first grade cedar shingles, and the exterior sheeting has been renailed.

The woodshed has been reshingled with cedar shingles, and the interior ground floor has been filled in with gravel.

The toilets have been repaired, cleaned and the interior walls and ceilings have been given a coatt of whitewash with lime.

These buildings are now in a fair state of repair and should be in satisfactory condition for the incoming winter's use.

This expenditure was incurred by authority of E.R. No. 3430 of July 4th, last.

Your obedient servant,

Indian Agent.

R

Sir:-

I enclose herewith a requisition by Miss Bertha Willis for material for use at the Sucker Creek Indian School.

A supply of putty has been asked for as the window sash in the classroom is in a state of deterioration to such an extent that glass is continually becoming loose. By having a supply of putty on hand at the school the chief will carry out the nenessary repairs to the windows when required.

The thumb latch on the classroom door for many years past is now almost past further usefulness. The teacher would like to have it replaced by a new mortise knob lock. As the cost of the quantity of putty, and lock, asked for will not exceed $2.00 I would recommend that they be supplied.

Your obedient servant,

Indian Agent.

19-4-5

Department of Mines & Resources
Indian Affairs Branch.
DEC 5 1938

Ottawa, Ont., Nov. 10, 1938.

Sir:

I beg to submit the following report on my inspection of the Manitowaning agency on the 24th-28th Oct.

x x x

SUCKER CREEK SCHOOL is an old, dilapidated log building, 20' x 25' built 65 years ago as a mission church. There is seating accomodation for 20 pupils with 23 on the roll. Twelve or fifteen other children in the section are coming up to school age. For the year ended 31st March, 1937, the number on the roll was 16, and the average attendance of 12.

The building has become totally unfit for school purposes. No amount of repairs can make it suitable. The foundation, door and window frames are completely rotted away. The front part of the classroom floor is sunk 10 inches. In wet weather, mud springs up between the boards with every step.

On referring to file 19-4-5A, it will be seen the matter of providing a new school for this band has been under consideration for the past eight years. It has reached the stage now where parents state they will not allow the children to attend school during the winter months. Chief Obotossaway requests that steps be taken to close the school from Christmas to 1st April in the interest of the pupils' health. Under existing conditions, I can only add my recommendation to such action.

x x x

Thos. McCookin.
Inspector of Indian Agencies
Ontario.

Ottawa,
November 10, 1938.

EX'D.

Dear Sir:

A report has reached the Department indicating that the Sucker Creek Indian Day School is in bad condition and not worth repairing. I am further advised that a new site has been tentatively selected for a school on the Sucker Creek Reserve.

At the present time there are 2 or 3 former school buildings not in use. In this regard I refer particularly to the former Sheguiandah C.E. Day School.

Please secure the services of a contractor to advise you whether or not it would be possible to move this building to the proposed new site on the Sucker Creek Reserve and, if so, you should let me know what expenditure would be involved.

In the event of this building being moved would the Sucker Creek Indians excavate the earth in order to permit of a basement in the proposed new school? You should also have the contractor let you know what it would cost to provide a cement foundation.

No special funds have been provided in the current year's appropriation for a new building at Sucker Creek but if the proposals mentioned above can be carried out at a reasonable figure an endeavour will be made to secure the necessary funds. An early reply would be appreciated.

Yours truly,

R.J. Lewis, Esq.,
Indian Agent,
Manitowaning, Ont.

Department of Mines & Resources
Indian Affairs Branch
JAN 28 1939
RECEIVED

254-48.

Manitowaning, January 26th, 1939.

Sir:-

With reference to Officisl Letter No.19-4-5 of the 10th of November,last, in regard to having me secure the services of a contractor to advise me whether or not it would be possible to remove the Sheguiandah C.E. Day School to the proposed new site on the Sucker Creek Reserve, and if so, to advise me Departmemt what expenditure would be involved;
I have to report that this matter has been taken up with different contractors. They all advise me that the cost involved to move this building to Sucker Creek Reserve would compare with the cost of building a new school, as it would have to be demolished and the poor class of material in the construction of the building would be of little value in the building of another school.

I have made enquiries from the contractors if it would be possible to move the building without being demolished. They advise me that on account of the building being poorly constructed, a distance of twelve miles, narrow road between the two Reserves with several big hills it would be out of the question to make an attempt to move it without being wrecked.

On taking this matter up with the Chief at Sucker Creek on different occasions,he does not feel favourable towards an old building being moved on the Reserve. He states that they never had a habitable school building at Sucker Creek, and now they should have a new modern school similar to those the Department have built on other Reserves.

I might say for the information of the Department that after making an inspection of the school building at Sheguiandah I consider that the Department would not save any money to move it to Sucker Creek Reserve instead of erecting a new building,as the material is in a state of deterioration and only a small quantity would be of use in the construction of another building.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

Your obedient servant,
Indian Agent.

Ottawa,
January 31, 1939.

EX'D.

Memorandum:

DEPUTY MINISTER

With reference to Mr. Pratt's telephone message yesterday afternoon regarding the Sucker Creek school I may say that Inspector McCookin, in reporting on a visit he made to the Manitowaning Agency last November, stated that it is an old log building and has become unfit for school purposes. We had so many other pressing demands for new day schools when preparing our estimates for the fiscal year 1939-40 that it was not found possible to include Sucker Creek.

If funds are provided for a special building programme it would be possible to include Sucker Creek.

Director.

HY'D.

Ottawa,
March 23, 1939.

Dear Sir:

I desire to refer to your letter of January 26 last with reference to the necessity of providing a new school to replace the present Sucker Creek school.

It is hoped to be able to provide funds in the supplementary estimates for the erection of a new school on this Reserve and I, therefore, enclose data form which you should complete. The Surveys and Engineering Branch prepare the plans for our Indian schools and while definite answers should be given to all questions on the form particular attention should be given to furnishing explicit information under the headings -- "Description of site and conditions; etc." and "Water supply: system required; source of water, etc." When replying you might let me have an estimate of the cost for which you consider a school could be erected on the Sucker Creek Reserve.

If it is necessary to secure a new site on the Reserve it is expected that the Indians will give the necessary land free of charge in view of the fact that the Department intends to provide a modern school building for them.

It is presumed that it will be necessary to provide teacher's living quarters in connection with the school.

It would be appreciated if you would let us have your report together with the completed data form at the earliest possible date.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

MAR 29
RECORDS

254-48. Manitowaning, March 27th, 1939.

Sir:-

With reference to Official Letter No. I9-4-5 of the 23rd instant in regard to the necessity of providing a new school to replace the present Sucker Creek School, and itnis hoped to be able to provide funds in the supplementary estimates for the erection of a new school on the Reserve, therefore, the Department enclosed data form for me to complete, I have the honour to enclose this form with definite answers to all questions.

The proposed site for this school is a suitable location. It contains one acre in the north west corner of the East half of Lot number I4, Con. 7, Sucker Creek Reserve. The soil is of sand and clay mixture, free from stone or rock, with good drainage for a basement.

No title has been obtained for this site, but I understand that the owner, William Mahtabie, is agreeable to transfer it for a school site by being paid for the improvements as it is a portion of his farm, and he feels that he should receive some recompense for his work clearing the land.

The only means for a supply of water would be to have a cistern built in the basement with a pump in the kitchen on the teacher's living quarters for washing and cleaning purposes, and a well dug in the school yard for drinking water supply.

A building similar to the one built in the Rabbit Island sction of Manitoulin Island Unceded Reserve would be suitable for the Sucker Creek Rrserve as there is approx. the same number of pupils to attend, and living quarters should be provided for the teacher as there is not any accommodation in the Reserve.

I estimate that a modern suitable school erected on Sucker Creek Reserve would cost $5.000.00.

Your obedient servant,

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

April 24, 1939

Sir:-

With reference to the third paragraph of Departmental letter No.19-4-5 dated March 23rd,1939 in regards to the providing of a site free by the Indians for the erection of a new school on the Sucker Creek Reserve, I wish to advise the Indians are quite willing to do this. The proposed site contains [illegible] acre of the E. ½ of lot 14 Concession 7 (Sucker Creek Reserve) and has been alloted to William Maitahbai under location ticket No.2233.

William Maitahbai has asked the sum of $25.00 for his interest in this portion of land. Therefore, I enclose herewith a request from the chief that these monies be granted from band funds to pay Maitahbai for his land. As this is improved land and worth the amount asked for, I would recommend there request be granted.

Class room with teacher's living quarters and full basement to accommodate thirty-five pupils

DESCRIPTION OF SITE AND CONDITIONS; SUBMIT PLAN; NORTH POINT; NATURE OF SOIL, DRAINAGE REQUIREMENTS AND ANY OTHER PARTICULARS.

The proposed school site is composed of a portion of the East half of lot No. 14, con. 7, Sucker Creek Reserve, containing one acre (plan attahhed). It is high level ground, sand and clay soil with good drainage to the highway. Site is free of stone or rock

WATER SUPPLY: SYSTEM REQUIRED; SOURCE OF WATER, ETC.

Indian Affairs Branch is writing to the Agent with a view to having him arrange for digging a well.

(RG 10, Volume 6172, File 438-5, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

TOILET FACILITIES: SEWAGE DISPOSAL; SYSTEM REQUIRED; LOCATION.

Outside toilets

HEATING SYSTEM: TYPE OF FURNACE OR BOILER; FUEL.

Hot air furnace in basement, wood fuel.

LIGHTING SYSTEM: SOURCE OF POWER; SPECIAL REQUIREMENTS.

The only means of lighting building would be by oil lamps as there is not any electric power line in the Reserve.

BUILT-IN EQUIPMENT REQUIRED: BLACKBOARD AREA; CUPBOARDS, ETC.

A cupboard in the class room, also a cupboard in the kitchen and, if possible, a small sink in the kitchen. Cupboards should also be provided in the basement

SHIPPING INSTRUCTIONS FOR MATERIALS: NEAREST SHIPPING POINT

LOCAL TRANSPORTATION FACILITIES TO SITE, ETC.

Materials can be shipped by railway to Little Current, or by boat during the summer months which call at all ports between Owen Sound and Sault Ste. Marie. Local transportation to site would be by trucks.

Ottawa,
April 28, 1939.

Dear Sir:

In a letter dated March 27 the former Agent, Mr. R. J. Lewis, submitted a report regarding the type of building required to replace the present Sucker Creek school.

The Surveys & Engineering Branch is being requested to prepare the necessary plans for this building. With regard to the second and third paragraphs of Mr. Lewis' letter you should make further inquiries regarding the proposed site of the school and let me know what arrangements have been made to convey this to the Department.

You should also let me know if you can arrange for digging the well and at the same time you might let me have an estimate of its cost.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

C. R. Johnston, Esq.,
Indian Agent,
Manitowaning, Ont.

Memorandum:

DIRECTOR

Surveys & Engineering Branch

Re: Sucker Creek Indian Day
School, Province of Ontario.

In the special supplementary estimates provision was made for an amount of $6,000.00 for the erection of a combined school and teacher's residence to replace the present Sucker Creek Indian day school. This is located on Manitoulin Island.

A combined school and teacher's residence similar to the one erected at Rabbit Island last year would suit our requirements.

I enclose building data form and site plan.

Director.

Sir:-

With reference to the third paragraph of Departmental letter No.19-4-5 dated March 23rd,1939 in regards to the providing of a site free by the Indians for the erection of a new school on the Sucker Creek Reserve, I wish to advise the Indians are quite willing to do this. The proposed site contains one acre of the E. ½ of lot 14 Concession 7 (Sucker Creek Reserve) and has been alloted to William Maitahbai under location ticket No.2233.

William Maitahbai has asked the sum of $25.00 for his interest in this portion of land. Therefore, I enclose herewith a request from the chief that these monies be granted from band funds to pay Maitahbai for his land. As this is improved land and worth the amount asked for, I would recommend there request be granted.

Dear Sir:

I desire to acknowledge receipt of your letter of the 24th ultimo with reference to the site for the Sucker Creek Indian day school.

To permit the Department to pay the amount of $25.00 from band funds it will be necessary to have a copy of the formal resolution passed by the Sucker Creek Band. This resolution should show the names of the persons who moved the resolution and seconded it and should also carry the names of the Chief and Secretary of the Council of the Band.

May 16, 1939

Sir:-

I am in receipt of Departmental letter No.19-4-5 dated April 28,1939 requesting further information in regards to the proposed new school site on the Sucker Creek Reserve. I wish to advise the matter of purchasing the necessary land for the site has been dealt with in my letter No.254-48 dated April 24th,1939 and another letter bearing same number of to-day's date.

This site would contain one acre being a part of lot 14,Concession 7,township of Howland-Sucker Creek Reserve,which is owned by Wm.Maitahbai who is settled on it under location ticket No.(45767) The measurement of the site is described as follows,- 'Commencing at a point in the centre of lot 14 at the north end,thence south for a distance of 5 chains,thence east for a distance of 2 chains,thence north for a distance of 5 chains and thence west for a distance of 2 chains to the point of beginning.

Arrangements can be made for the digging of a well on this site,as I am quite sure water can be obtained at a depth that it will not be necessary to drill. The approximate cost of digging,cribbing and installing a pump would be $150.00. This would include the purchase price of the pump.

Dear Sir:

Re: Your file 254-43.

In reply to your letter of May 16th, I have to advise you that the resolution of Sucker Creek Band, requesting that $25.00 be paid from Band Funds to William Maitahbai for one acre of land in the East half of Lot No. 14, Con. 7, Township of Howland, which is held by him under Location Ticket No.2255, is approved.

You are, therefore, requested to submit a voucher in triplicate for $25.00, in favour of William Mritahbai, for the purchase of one acre out of his location.

You will also obtain from Maitahbai his original Location Ticket and forward it to the Department, together with the copy filed in your office, and also a description of the one acre he proposes to sell, in order that a new Location Ticket may be issued to Maitahbai, excluding the land being purchased for the school site.

Dear Sir:

Referring to your letter of June 2nd last in the matter of the proposed purchase of a site for a new school on the Sucker Creek Reserve, I send you herewith surrender papers in duplicate for submission to the Sucker Creek Band at a meeting to be called for that purpose.

Herewith you will find a copy of the instructions to agents in the taking of surrenders and the necessary blank forms for recording the vote. Your attention is directed to the fact that, in order to make the surrender valid, it will be necessary to obtain the approving vote of a majority of the voting members of the band.

You are hereby authorized to call a meeting of the band at the earliest convenient date for the purpose of considering this surrender, following which you will be good enough to report fully to this Branch.

Yours very truly,

Director.

G. R. Johnston, Esq.,

Sir:-

With reference to Departmental letter No. 19-4-5 dated July 7, 1939 in which was enclosed surrender papers covering that portion of the east half of lot 14, Concession 7, Sucker Creek Reserve Number 23, Township of Howland, I wish to report, a meeting has been advertised and held, according to Instructions. The Indians have voted unanimously in favour of the surrender; and the duly completed papers are re-enclosed herewith.

I wish to refer to voucher No.39-162 which was submitted to the Department on June 2, 1939 and which was intended to compensate William Maitahbai for the above mentioned parcel of land. This Indian has died and I understand he had not received his cheque. I would therefore, request the Department, to have this cheque made out in the name of Peter Maitahbai, who is the sole heir. The matter of settling this estate has been before the Sucker Creek Council and a later report will go forward on it.

Sir:-

I enclose herewith voucher No.39-330 amounting to $4.00 in favour of W. D. Ritchie & Son, Little Current, Ontario, for groceries supplied to Sucker Creek School, to provide a mid day meal for the pupils.

Rations of this kind had been furnished to the school during the winter months but the teacher was notified that they should be discontinued at the end of March. However, she purchased these articles without authority from this office. The teacher has now resigned.

The supplies were furnished and the articles used in the school, therefore, I would recommend payment of this account.

Yours very truly,

A. K. Johnston

Sir:-

I wish to make a report regarding the fencing of the new school site at Bucker Creek and also the question of water supply.

It would seem the oppertune time to perform this work if funds are available while the contractor is at work there and the water would be very convenient while the building is in progress as there is no water very convenient to the work.

I expect water can be obtained at this school by digging about fifteen or twenty feet;and I would advise cribbing up with concrete cribbing. The cost will depend altogether on the depth and kind of soil we contact,but the cribbing costs $1.20 per foot; and I would judge with pump complete,the well would cost nearly $100.00.

The cost of fencing will be approximately the same with a ten strand fence of all No.9 wire and two gates,which is very necessary, to keep live stock from entering and having access to the school grounds,also, the farmers' crops adjoining the school site.

I would appreciate an early reply if it is possible to have this work done at once,which would facilitate construction of the building.

July 29, 1908.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

The undersigned has the honour to report:

THAT the attached surrender in duplicate, dated July 10, 1908, of all that parcel or tract of land and premises situate, lying and being in the Shoal Creek Indian Reserve Number Thirty-three, in the Province of Ontario, containing by admeasurement one acre, to the same more or less, has been duly executed in accordance with the provisions of the Indian Act and Regulations, by the members of the Shoal Creek Band of Indians in the said Province, in order that the said land may be sold for their benefit.

The undersigned, therefore, recommends that the surrender of the land described hereunder in the Shoal Creek Indian Reserve Number Thirty-three be accepted, as provided by Section 49 (a) of the Indian Act, Chapter 81, R. S. 1907, and that direction be given as provided in Section 56 of the said Indian Act to sell the said land as agreed upon, subject to such terms and conditions as may be deemed necessary or advisable in the circumstances, and subject further to the conditions of the said surrender and the provisions of Part One of the said Indian Act.

DESCRIPTION

That portion of the west half of Lot 14, Concession 7, Shoal Creek Indian Reserve Number 33, Township of Rainy River, District of Manitoulin, Province of Ontario, Dominion of Canada, more particularly described as follows:

Commencing at the point on the southerly limit of the road along the north boundary of the said Lot, midway between the east and west boundaries thereof, as the said lot is shown on a plan of the Township of Rainy River, dated October 20, 1884, signed by Arthur Harvell, Assistant Commissioner of Crown Lands, a copy of which is of record No. 2,050 in the Indian Affairs survey records, Department of Mines and Resources, Ottawa.

Thence easterly along the said southerly limit of the road, two chains;

Thence southerly, parallel to the west boundary of the said Lot 14, five chains;

Thence westerly, parallel to the said southerly limit of the road, two chains;

Thence northerly, five chains, more or less, to the point of commencement.

Respectfully submitted,

Minister of Mines and Resources.

Memorandum: August 18th, 1939.

DIRECTOR
AUG 19 1939
SURVEYS & ENGINEERING

Mr. Wardle.

Re - Indian Day School,
Sucker Creek Reserve, Ont.

With reference to the above, I am advised by the Engineer in charge of this work as follows:

"With the permission of the Indian Agent, the contractor moved the woodshed from the old school to the site for storage during construction and to be left after construction for a woodshed. It is in fair condition but needs a few minor repairs and painting very badly and will be quite out of keeping with the new school. The contractor has submitted a price for material and labour on a cost plus basis for this work not to exceed $65.00 which appears fair and reasonable and would recommend for your approval."

I should appreciate being advised whether the Indian Affairs Branch wish us to proceed with this additional work at the price mentioned.

If approval is obtained, it is recommended that funds already transferred to this Service under Vote 76-64, be utilized for the purpose.

Respectfully submitted,

J.S. Mills

J.M. Wardle, Esq.,

Re: Indian Day School, Sucker Creek
Reserve, Ontario.

I have for acknowledgment your memorandum of August 18, in which you intimate that in your judgment it would be advisable to have the wood-shed at the above noted school repaired and painted, at an estimated cost of $65.00.

It is noted the cost appears fair and reasonable, and it is our desire that this work should be undertaken and completed by your Branch.

Director.

Ottawa,
August 30, 1939.

Dear Sir:

I desire to refer to your letter of the 1st instant with reference to the water supply at the Sucker Creek school.

It is noted that you expect to be able to obtain water by digging a well 15 or 20 feet deep. You may expend an amount not exceeding $100.00 in digging this well and cribbing it with concrete cribbing.

It should be definitely understood that Indian labour only should be employed to do this work. If white labour is required you should advise me.

I understand from the second last paragraph of your letter that the cost of fencing the grounds will also amount to approximately $100.00. Please let me know the exact quantity of wire and other material that you will require for this work.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

September 5, 1939

Sir:-

In reply to your letter No.19-4-5 dated August 30th, I beg to report, I have let the well by contract to Harper Brothers, who have agreed to employ all Indian labour. A heavy duty pump with brass lined cylinder and all other material to be supplied to a depth of twenty feet for $100.00. The concrete cribbing to be 2' 6" in diameter with 3" wall, in sections 3' 6" in length, the top three sections to be made water proof to keep all surface water out.

In the event that water is not obtained at a depth of 20 feet, the contractor agrees to work deeper on a basis of $6.00 per foot up to a depth of 30 feet if desired.

Regarding the fencing of the new school site, which is very necessary, as livestock have access to the grounds, it will require about 70 posts and braces costing approximately $8.40, 60 rods of wire fence of all No.9 wire, which can be procured locally for 78½ ¢ per rod - $47.10, two wire gates $14.00, staples, brace wire, labour etc...$30.50 - making a total estimated cost of $100.00. I would like to proceed with this work as soon as possible.

Yours very truly,

October 23, 1939

Sir:-

I would like to have authority to make an expenditure of about $20.00 for cleaning and varnishing the desks at Sucker Creek School and making a few minor repairs to some. This should cover cost of all material, labour and cartage moving equipment over from the old school to the new one.

Yours very truly,

D. J. Johnston

Indian Agent

The Secretary,
Indian Affairs Branch,

Sir:-

I enclose herewith Voucher No.39-536 amounting to $100.00 in favour of Harper Brothers, Little Current, Ontario, for material and labour supplied to construct a fence around the new school on the Sucker Creek Reserve.

The work was practically all done by Indian labour,and a satisfactory job made according to his contract price with me.

This expenditure was authorized by Departmental letter No.19-4-5 dated September 14,1939.

Yours very truly,

R. F. Johnston

January 24th, 1940

Sir:-

You will find enclosed herewith voucher No. 40-831 amounting to $123.10 in favour of Jack Harper, Little Current, Ontario, for materials and labour supplied for digging a well, cribbing and installing a pump at the Sucker Creek School.

This expenditure was authorized by Dept. letter No. 19-4-5 dated August 30, 1939 and it will be noted the voucher exceeds the amount authorized by $23.10 which is due to the fact that the first hole dug proved to be dry; and it was necessary to dig a second hole, on the opposite side of the lot, apparently a plentiful supply of good water has been obtained and a good pump installed.

As the extra work and cost could not be avoided, I would recommend payment of the account in full.

Accounts Returned for Agent's Signature 26-1-40

Yours very truly,

A. R. Johnston
Indian Agent

The Secretary,

Department of Mines & Resources Indian Affairs Branch JUN 13 1940 REGISTERED

Sir:-

I wish to refer to your letter No.19-16-5 dated January 15,1940,in regard to the placing of galvanized electric weld fabric on the windows of Rabbit Island School.

The local hardware merchant now has the material on hand and I presume it will be necessary,in view of a former letter I received to have the authority renewed.

There are two more windows that should be covered than I estimated in the first place making about 126 square feet required instead of 108.

I would also like authority to have the same amount applied to Sucker Creek School,as a protection to the windows from base balls and thieves.

I should have this done as soon as possible now that we have the material.

Yours very truly,

A. F. Johnston

Manitowaning, Ontario.

September 7, 1940

Sir:-

I wish to make a report on Sucker Creek School. The water has been seeping through the concrete walls of the basement making a nasty discoloration on the inside of walls and floor. I believe the chief cause for this, is the result of no Eave troughs on the school, and the surrounding ground is high at the back and two sides of the school, which does not permit the surface water to get away,and consequently lies close to the building and seeps in.

I have gotten an estimate from John King, Indian tinsmith at Manitowaning on the eave troughing, and I imagine if thirty dollars were spent in banking the building a little more,and levelling off the grounds, the water could be kept away from the building, thereby eliminating most of this trouble.

John King quotes on the eave troughing to make the trip from here,twenty cents per foot installed,for ninty two feet of trough and conductir pipe $18.40, and eight elbows @ .30¢ each..$2.40,making a total of $20.80.

This work should be carried out as soon as possible, or the basement is going to be badly disfigured.

Yours very truly,

A R Johnston

Re: Sucker Creek Indian Day School.

I am attaching hereto, for your information, copy of a letter received by this Branch from Mr. C. R. Johnston, Indian Agent, Manitowaning, Ont. The subject matter of this letter, you will note, is self-explanatory.

It seems to me highly desirable that in future the grounds surrounding Indian day schools should be levelled by the contractors responsible for the construction of the buildings, if conditions such as those referred to by Indian Agent Johnston are to be avoided. In this case the Agent has been instructed to proceed with the necessary repairs.

Q

Dear Sir:

With reference to your letter of the 24th ultimo arrangements are being made to forward to you a cheque for $29.60. I return the pay lists so that you may have them receipted when the cheque is received. You should then forward the pay lists to the Department accounting for the advance that is being made to you.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Mr. C. R. Johnston,
Indian Agent,
Manitowaning, Ont.

QUOTE FILE IA-1356-15

OTTAWA September 28, 1940.

Memorandum:

Mr. Wardle

Re - Indian Day School,
Sucker Creek Reserve, Ontario.

With reference to your memorandum of the 16th instant covering a report from Indian Agent C.R. Johnston on the above, it is noted that the interior wall and floor finish in the basement is being discoloured apparently by the seepage of water through the concrete walls.

In this connection I may say that drainage tile was provided around the walls and under the floor slab of this building, and the exterior surface of the basement walls, below grade, were waterproofed with two coats of hot coal tar pitch. Under normal circumstances there should be no seepage through the foundation walls, and since Mr. Johnston's report does not state the location or extent of the leakage it is difficult to determine the cause of the trouble.

It may be possible, however, that the earth fill around the building has settled, creating the depression described by Mr. Johnston, which would allow roof and surface water to lie close to the building. The site generally is flat as shown by photographs submitted to you under cover of my memorandum of November 3rd, 1939. Any settlement of fill should be corrected and sufficient banking provided to raise the grade line at the building high enough to produce a fall away from the foundation walls.

No eavestroughing was provided in the contract for this school. Regarding the suggestion that eavestrough would prevent water from entering the building, it should be realized that unless the downspouts were connected to a vitrified tile drain and conveyed to a sump, some distance from the building they would be of little value. Further, in view of winter ice conditions prevailing in the vicinity, damage to eavestroughing would be frequent and maintenance costly.

Under the circumstances, it is felt that the contractor for this work should be requested to report regarding the cause of the trouble before any work is undertaken by the Department. We propose therefore to request Harper Brothers, Little Current, Ontario, to investigate the matter and to report on the situation as soon as possible.

I shall be pleased to advise you further regarding the matter as soon as this report is received.

Respectfully submitted,

F. H. Mills

Chief Engineer.

Memorandum:

Dr. McGill

Referring to your memorandum of September 10th regarding the report of your Indian Agent that water has been seeping through the concrete walls of the basement of the new Sucker Creek School, I am attaching herewith a report, dated September 28th, from Mr. Mills, Chief Engineer.

You will note that Mr. Mills considers the contractor should report on the cause of the trouble before any work is undertaken by the Department and that a request in this connection has already been made to Harper Brothers, of Little Current, Ontario.

It is noted from your memorandum that your Indian Agent was instructed to proceed with necessary repairs, but it is possible that this work has not yet been done.

Memorandum:

DIRECTOR,
SURVEYS & ENGINEERING BRANCH.

Re: Sucker Creek Indian Day School.

I have for acknowledgment your memorandum of October 2 and also a report received by you from Mr. T. S. Mills, relating to the above noted subject.

I may state that the Agent, in a letter dated September 24, states that the necessary repairs to this school have been undertaken and completed. The last paragraph of the Agent's letter reads:-

"This work was necessary in order to keep surface water from seeping into the cellar. A satisfactory job has been done. Please forward an advance cheque together with the enclosed paylist, to pay wages".

Director.

October 21, 1940

Sir:-

EX'D.
A.

You will find enclosed voucher No. 40-409 for material and labour for putting on eave troughing on Sucker Creek School.

Evidently I made an error in figuring the amount of trough required. I omitted to double the amount of trough required, when making the estimate, for one side, and it also took a little more conductor pipe than I allowed, however the prices are fair and just, as Mr. King has only about $8.00 for his labour, solder, spikes and his own truck making the trip to Sucker Creek.

It would have cost considerably more to engage the tinsmith at Little Current, who is a white man, as he charges a much higher rate.

John King has apparently done a good job, and I would recommend the account be paid.

Sir:-

I enclose herewith a requisition for supplies, for use at Sucker Creek Indian Day School.

This school has an average attendance of 20 to 25 pupils and the teacher has none of these supplies on hand. I consider the teaching of Household Science and Manual Training, is a good thing, therefore, I would recommend these supplies be purchased together with the other articles asked for, which are badly needed.

Yours very truly,

F. R. Johnston

June 6, 1941.

EXT.

Dear Sir:

Your letter of the 29th ultimo reads in part as follows:

"Sucker Creek School needs some gravel hauled to cover the clay around the entrance and the floors need shellac and varnish and a little paint on the entrance platform, steps and guard rails."

It is noted from your letter that you state that this work can be done for $25.00 and you may arrange for it as soon as the school closes for the summer holidays.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Mr. C.R. Johnston,
Indian Agent,
Manitowaning, Ont.

Dear Sir.

I have been instructed to write to you and ask, if the basement of the Sucker Creek School can be used for social functions, for raising money to help in Canada's war effort. For making money for such organizations as the Red Cross of which organization we have a sub branch and work in connection with Little Current Branch. Further more I have been instructed to ask if the Classroom is locked may they be also granted permission to have dances in connection with the above mentioned social gatherings.

I believe at the time of the opening the inspector disallowed a dance in the Classroom, which can be readily understood, because of its beautiful walls floors and etc. But the basement has concrete walls and floors and would do the building no harm.

Thanking you for your explanation I am. Yours truly.

Mrs Ida Morrow (teacher)

EXD.

Dear Sir:

I enclose, for your information, a copy of a letter received from the teacher of the Sucker Creek School.

The Department has no objection to the use of the basement in this school for vocational training work or for sewing classes held intermittently for the adult Indian women on the reserve. We do not favour the use of the basement for social gatherings and certainly no dances can be allowed. It should be further understood that any gatherings of adults held in the basement should be during the day time and not at night.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

PLEASE QUOTE
FILE

254-49

Manitowaning, Ontario.

February 5, 1942

Sir:-

I enclose herewith a requisition for supplies for use at Sucker Creek Indian Day School.

The 2 quarts of ~~paint~~ Varnish is to freshen up the floors of the living quarters and the teacher herself will apply it. The kettle, cups, tea spoons, soup ladle and strainer, in connection with serving a hot lunch for the pupils. The other articles asked for are quite badly needed, and I would recommend they all be supplied.

I believe that household science training for the girls, and manual training for the boys, is a good practice, and I would recommend the materials for this purpose be supplied.

Yours very truly

Indian Agent

1 Reports
2 Attitudes.

Extract for 19-4-5

Original on 19-4-6

Extract from Inspector Geiger's report on the Sucker Creek Indian Day School visited on April 28, 1942.

The children are comfortably housed. The seats have been turned to face the back of the room for conveniences in church services. It may serve this purpose well but it causes light to fall from the children's right, hence I cannot approve same.

The school is clean and good housekeeping meets the eye. The outside toilets should have the floors scrubbed now that the muddy season is over. In general the property shows good care. The well serves the needs at present but I understand goes dry later in the season.

The lawn in front requires some attention. Flower beds are planned for, and a few trees will be planted. No attempt has been made to arrange for a school garden.

19-4-5

Ottawa,
May 23, 1942.

Dear Sir:

In reporting on his inspection of the Sucker Creek School on April 28, Inspector Geiger writes as follows:

"The children are comfortably housed. The seats have been turned to face the back of the room for conveniences in church services. It may serve this purpose well but it causes light to fall from the children's right, hence I cannot approve same."

This building is primarily intended for school purposes and not for church purposes. Consequently, the seats should be so arranged that the light falls over the left shoulders of the children during school hours. If the seats were attached to wooden runners they could be turned when church services are being held in the building. We have no objection to the Indians using the building for church purposes, but the Department must insist that the use of the building in this manner does not interfere with the school work.

The Inspector recommends that the floors of the toilets be scrubbed as the muddy season is now over. He also states that the lawn in front of the school requires some attention. To carry out these recommendations will not involve any heavy expenditure and you should arrange to have them done at once.

Yours truly,

Mr. C.R. Johnston,
Indian Agent,
Manitowaning, Ont.

R.A. Hoey,
Supt. of Welfare & Training.

July 3, 1942

Sir:-

I enclose herewith Voucher No. 42-190 amounting to $16.00 in favour of Wilbert C. Eade, Little Current, Ontario, for window screens supplied and installed, also repairs to door at Sucker Creek School.

The teacher at this school requisitioned last February for five window screens. These were quoted at $1.25 each, as I presumed they would be only half size of window. On further examination, I found they must be full size of window, so only had three made at a cost of $5.00.

One of the outside panel doors got a tenant broken, and had to be repaired immediately and repainted, so while the carpenter was there, I had him fit the screens and paint them, and repair two other door locks, which were out of commission.

The carpenter supplied all paint, hooks and buttons for screens, screw nails etc. for a total cost of $16.00.

Yours very truly,

A. P. Johnston

Ottawa,
October 31, 1942.

Dear Sir:

I am in receipt of your voucher for $28.00 covering the cost of payments made by you for cleaning the Sucker Creek School. We have reviewed our file very carefully but cannot find that any authority was given to you for this expenditure. In addition, it is difficult to understand why it took the two women such a long period of time to clean this school, especially in view of the fact that we pay $5.00 a month for janitor services. It is doubtful if we can consider payment of this account, but a final decision will not be made until your explanation is received.

Yours truly,

Philip Phelan,
Chief, Training Division.

November 11, 1942

Sir:-

I am in receipt of your letter dated October 31st File No.19-4-5, in reference to my voucher No.42-474 amounting to $28.00, for payments made by me for cleaning Sucker Creek School.

In this connection I wish to refer you to my letter dated September 24, in which I made a report on the condition the school was left in by the former teacher.

I had no idea it would cost so much to clean the place up, as I estimated the total cost at $25.00,and the cleaning alone cost $28.00, but they went over the whole building from attic to basement and done a good job. Mrs. Surrey assured me that if we cleaned the place up well for her to begin duties,she would see that it was kept clean during her term as teacher.

I had to dispense with hauling the gravel to place around the two entrances, but have had a man in Little Current repair the storm window. The account for this has not come in yet.

Under date of September 29 File 19-4-8, I was authorized to proceed with this work.

As the two Indian women,who done the work,have large families, and in very poor circumstances; I paid them from my own pocket.

Yours very truly,

Indian Agent

December 3, 1942

The Secretary, Indian Affairs Branch,
Department of Mines and Resources, Ottawa, Canada.

On a requisition for Sucker Creek School dated June 4,1942,the former teacher asked for a sand table quoted at $6.00 and a water barrel at $4.00.

I would now like permission to get a better sand table made, lined with galvanized iron,painted and fitted with castors. This table will cost $10.00, and if necessary, Mrs.Surrey would prefer to dispense with the barrel and have the better table.

It is thought the cheaper table would soon become racked with no castors and the sand would sift through if not lined. Will you please advise.

Yours very truly,

CRJ / JH

PLEASE QUOTE
FILE

19-4-5

254-50

Manitowaning, Ontario.

February 25, 1943

Indian Affairs Branch, Department of Mines and Resources,
Ottawa, Canada.

As you are aware Anglican Church Services,are being held in the school house at Sucker Creek Reserve owing to their church building being unfit for the purpose,and the parish cannot afford to build a new church at the present time.

The Minister,Cannon Haines of Little Current,who is in charge,has approached me in regard to having the bell from the old church installed at the school house,either on the school, or outside,separate from the school.

As there is no bell on either of the new schools in this Agency,it has occurred to me that possibly it is not the policy of the Department to install bells on their schools,and would therefore prefer to have your advice on the matter.

There is a very good bell on the old church, and will you please advise if there is any objection to having it installed at the school,and whether the Department would bear any or all the expense in connection, as it could also be used for school purposes.

C. R. Johnston
Indian Agent

Ottawa,
March 2, 1943.

EX'D.
A

Mr. C.R. Johnston, Indian Agent, Manitowaning, Ont.

I have your letter of the 25th ultimo, with reference to the Sucker Creek Indian Day School. While the Department has no objection to the school being used for church purposes in case of emergency, it is not considered advisable to have the school used for this purpose continuously.

In any case we do not see any necessity for moving the bell as suggested in your letter.

R.A. Hoey,
Supt. of Welfare & Training.

You will find enclosed requisition for supplies for use at Sucker Creek School, during the coming academic year.

The needs of this school have been carefully estimated, and the supplies asked for are all quite badly needed. I would recommend they be supplied about the time school re-opens in September.

I wish to report a few repairs are required at Sucker Creek School.

The Inspector has commented that there is no flag pole at this school. I have requisitioned for the necessary rope and pulley,and would ask to have a flag included and sent from Ottawa for this school.

The purchase of a pole, and cost of erection is estimated at $15.00 and will be supplied by the Indians.

The two outside toilets should be moved as the pits are caving in allowing the toilets to tip over. The doors also need replacing,which altogather will cost about $30.00 for the two toilets.

The teacher has asked to have the floors thoroughly scrubbed and oiled before opening of school,and there should be more gravel applied outside both school entrances.The clay soil tracks in the school badly in wet weather.

There is , I believe sufficient oil on hand for the floors, and I would estimate the cost of labour for scrubbing and oiling floors,and hauling gravel at $30.00,making a total expenditure of $75.00. I would be glad to have an advance cheque of $70.00 to pay for labour at your earliest convenience.

FEB 12 1945

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

I wish to report the well pump got broken at Sucker Creek School, making it necessary to get a whole new pump head at a cost of $8.50 installed.

I had Mr. O. Bond of Mindemoya install the pump immediately as there was no other source of water supply for the school.

The teacher was also having some difficulty heating the school, so had Mr. Bond examine the furnace. He found it needed cleaning, and some minor repairs at a cost of $1.00, making a total of $9.50.

01c

I would be pleased to have authority for these emergency repairs.

Indian Affairs Branch,
Ottawa, Ontario.

I enclose requisition for supplies for use at Sucker Creek Indian Day School, during the coming academic year.

The needs have been carefully estimated, and the most necessary articles listed. In order that things may run smoothly at the school, I would recommend these articles be all supplied about the time of re-opening of the school.

I do not know who the teacher will be so cannot advise regarding her qualifications for teaching manual training work.

The price quotations were received from C. W. Hinds, Manitowaning, Ontario, and S. W. McPhee & Co; Manitowaning, Ontario.

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE

254-51

Manitowaning, Ontario.
December 11, 1945

DEC 13 1945

Indian Affairs Branch,
Ottawa, Ontario.

I enclose herewith a requisition for supplies for Sucker Creek School, which the teacher informs me are urgently needed.

The prices quoted were secured from C. W. Hinds and S. W. McPhee & Co. Manitowaning, Ontario.

The price on cutlery is rather high, but is the only thing available at the present time. If a cheaper article can be procured in the meantime, I will do so, as the merchants have these back ordered for several months. I would recommend approval for local purchase.

Yours very truly,

C. R. Johnston

PLEASE QUOTE
FILE

254-52

Manitowaning, Ontario.
November 21, 1946

Dept. of Mines & Resources
NOV 23 1946
REGISTERED

Indian Affairs Branch,
Ottawa, Ontario.

I enclose herewith a requisition for supplies for Sucker Creek School.

Mrs. McLeod informed me just prior to opening of the school at September 1st that she wanted the living quarters washed and painted before opening of school, and I had not time then, to requisition for the paint etc. She also complained that the Indian woman I employed the year before did a poor job, so I instructed her to employ two whitemen to do the work.

The paint and two brushes were obtained at Little Current from A. J. Smith and Kingsbora and Baxter. The quotations on other supplies were secured from S. W. McPhee & Co., C. W. Hinds and Eaton's Catalogue.

The cost of labour for washing walls and ceilings, and painting amounts to $50.00.

I would suggest approval of this work as it was badly needed. I would recommend local purchase of the other supplies, with the exception of crayons, and brushes for water colours, which could possibly be supplied from Ottawa, as they are not obtainable locally.

C. R. Johnston,
Indian Agent

19-4-5 (WT 1)

Ottawa, April 10th, 1947.

Mr. Chas. R. Johnston, Indian Agent,
Manitowaning, Ontario.

Reporting on his inspection of the Sucker Creek School on March 19th, Inspector Geiger writes as follows:

"The main outside door has been patched up for the moment. Evidently a new door will be needed.

The wood trap door for wood furnace room needs attention.

Water at present does not appear satisfactory. The well may need attention."

I presume the expenditure required to make the repairs suggested by the Inspector will not be heavy and authority is granted to do the necessary work.

Bernard F. Neary,
Supt. of Welfare & Training.

OFFICE OF THE
INDIAN AGENT

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE

254-52

Manitowaning, Ontario.
August 8, 1947

Indian Affairs Branch,
Ottawa, Ontario.

I enclose herewith a requisition for supplies for Sucker Creek Indian Day School.

Prices have been obtained from Kingsboro and Baxter, Little Current, C. W. Hinds, S. W. McPhee & Co.of Manitowaning, and T. Eaton catalogue.

The teacher for Sucker Creek School, Mrs. McLeod,is remaining at the school during vacation,and requested to do the cleaning and painting during the vacation,with the assistance of her husband, as we are unable to get Indians on this reserve who will do good work.

Mrs. McLeod has already procured the materials for painting from Kingsboro and Baxter. The cost of labour for renovating and painting is estimated at $100.00, and I would request an advance for this amount to pay wages.

I would be pleased to receive authority to make these purchases at your earliest convenience.

C. R. Johnston,
Indian Agent

19-4-5 (WT 1)

Ottawa, August 14th, 1947.

Mr. C. R. Johnston, Indian Agent,
Manitowaning, Ontario.

We have your letter of the 8th instant enclosing requisition for supplies for the Sucker Creek school. It is noted that Mrs. McLeod has already secured the materials for painting. No authority was given for this work and you should point out to her that in future the Department will not consider payment of equipment or services for which authority has not previously been granted.

We approve local purchase of the following:

1 Mattress
6 Window Blinds
1 doz. quart jars or cans of liquid or paste floor wax
2 btls. O'cedar furniture polish
48 pkgs. Kleenex
2 Push Brooms
24 pkgs. Laundry Soap
4 doz. bars Lifebuoy Soap
25 pkgs. Paper Towels
6 yds. terry towelling
6 yds. tea towelling
6 face cloths
6 dish cloths
4 corn brooms
1 scrub mop
2 doz. rolls toilet paper
1 set irons

An accountable advance for labour in the amount of $90.00 will be forwarded under separate cover.

We also approve the following expenses for the academic year 1947-48:

(a) Purchase of materials for sewing class - $15.00

(b) Purchase of materials for manual training class - $15.00.

The Secretary . . .

DEPARTMENT OF INDIAN AFFAIRS,

OTTAWA, ONT.

204284

DEC 2 1898 TECHNOLOGY

DEPT OF INDIAN AFFAIRS DEC 1 1898

SIR,—

In reply to your favor of the 21st inst requesting a report on the lack of educational facilities for the education of the children at the Temogamingue Reserve, I write to say that owing to the inaccessible position of the Temogamingue Reserve, located as it is about forty-five miles west of Lake Temiscamingue & only reached by traversing a succession & small streams & lakes, I do not think it would be possible to establish & maintain a school at this Reserve, as it would be very difficult to get a white teacher to remain there.

The influence of the Hudsons' Bay Co. around whose Post on Bear Island in Lake Temogamingue the houses of the members of this band are clustered, is one which tends to slightly educate the Indians belonging to the Temogamingue Band, but until more easy access with the outside world is made possible I do not see how educational matters at this Reserve can be improved.

Your obedient Servant

W. B. Maclean

Indian Supt

P. S. The number of children of school age at Temogamingue is 12.

OTTAWA, 24th September, 1900.

SCHOOLS.
SEP 27 1900

The Secretary:-

With regard to the statement of Rev. Father Beaudry of Temiscamingue that there are 35 children of school age at Temagaming and his request that a school be established there to be kept open during the summer months, I beg to say that where such an experiment has been tried it has not been found to work successfully, owing to the difficulty in obtaining a teacher for so short a period, a suitable building for school purposes and proper care of school material. There are no funds available at present for such a purpose and before applying for a grant, if it is thought advisable todo so, the Department should know how much would be wanted for a building and how much for salary.

Ottawa, 27th September, 1900.

Reverend Sir:-

With regard to your application for the establishment of a school at Temegamingue to be kept open during the summer months, I beg to say that before the Department can definitely consider this matter it will require to know how much money would be needed and whether a suitable building could be had for school purposes and if so at what cost.

I may add that where the experiment of keeping a school open for a portion of the year has been tried it has not been found to work successfully owing to the difficulty in obtaining a teacher willing to undertake the work for a broken term and a suitable building for school purposes and the proper care of school material. If, however, you can assure the Department that these objections could be overcome, the question of opening a school will then be considered.

Your obedient servant,

J. D. McLEAN

Sir

We Indians and Half Breeds, living on the Ontario Temagami Reserve, humbly request that a grant, sufficient to provide us with a School Teacher to teach our children for at least four months in the year, be set apart by the Ontario Government for that purpose.

We number at least twenty five families with over fifty Children that would be benefitted by such a grant and it means so much to our children in the future and will be so little to the Ontario Government that we trust steps will be taken at once to give us a School during the coming winter so that no time may be lost in giving to our Children the immense advantage of an education.

We are of opinion that a grant of three hundred dollars for the purpose of building a School and a free grant of one acre of land on Bear Island on which to build the School would be sufficient to enable us to ~~build~~ erect the School, when a further Grant of two hundred dollars a year would provide us with a teacher.

Indian Agent's Office,

PARRY SOUND, Sept 16th 1902

In reply to your letter of the above date which refers to a petition having been forwarded to your Department by the Deputy Minister of Education for Ontario praying for the establishment of an Indian School on Bear Island, Lake Temagami (but which was not enclosed as your letter stated) I wish to say that I am quite in accord with the tenor of this petition if it is practical to establish & maintain a school at that place.

There are difficulties however in the way which will I think prevent the project being carried out, the principal one of which will be the securing of a competent teacher to go in to Bear Island to conduct the school, & again the children of school age, of whom there are 19, are frequently absent from Bear Island for long periods with their parents who roam through the Temagami country hunting.

A considerable number of the Temagami Indians do not reside permanently at Bear Island but live at White Bear Lake distant about 10 miles so that the children of these Indians could not attend the school if established at Bear Island unless their parents settled down at this place which I think is hardly likely.

Under these circumstances I dont see how

Department of Indian Affairs,
OTTAWA, 15th April, 1903.

The Deputy Superintendent General:-

In reply to your enquiry as to the necessity for a school for the Temagami Indians, I beg to say that Mr Agent McLean in his last Annual Report states that the population of this band is 86, about 20 of whom are children of school age for whom no educational facilities are as yet provided.

The question of establishing a school for these Indians has been before the Department for several years but owing to no reserve having been allotted to this band and their unsettled habits, the Department did not consider it practicable to establish a school for them.

In Sept. '02 the Deputy Minister of Education for Ontario forwarded a petition for the establishment of a school on Bear Island where most of these Indians reside. Mr Agent McLean was asked for a special report on this petition and in replying he stated that while he was quite in accord with the tenor of the petition if it were practical to establish and maintain a school on Bear Island, he pointed out that there were difficulties in the way which would, he thought, prevent the project from being carried out. He called attention to the difficulty there would be in securing a teacher to go there the frequent absence of the Indians for prolonged

periodswhile hunting, and also to the fact that a considerable number of the Temagami Indians do not reside permanently at Bear Island, but live at White Bear Lake about 20 miles distant.

These Indians, Mr McLean says, are bright and intelligent, but until they are permanently settled I do not see how the Department can undertake to establish a school for them.

A church is in course of erection near the Hudson's Bay post but the Agent says he does not see how services are to be conducted, except at long intervals. In case the Roman Catholics place a missionary permanently in charge there, the Department might contribute something towards the education of the children, provided he is willing to teach them while they are in the neighborhood of the mission. I do not see that we could grant a fixed annual salary as teaching could only be undertaken at irregular intervals.

NO. 3125. P4. II035/02.

Toronto, Apr. 25th. 1903.

Dear Sir:-

In reply to your letter of the 16th. inst. I am directed by the Minister of Education to suggest that owing to the migratory habits of our northern Indian people, the erection of a permanent school building would scarcely be warranted. In no case does the Department of Education give grants for building purposes.

Would not a camp school answer the immediate necessities of the case? A suitable tent could be provided by the Federal Government, and its equipment and maintenance for the Spring, Summer, and early Fall would not be a great expense.

I understand that in other parts of Canada provision is made by the Dominion Government for grants to various organizations for the education of its wards. Would not the case of the Temagami Indians, who are on an Indian Reservation, under the control of your Government, come under your general provisions? The difficulty of obtaining a teacher, at least for the first season, appears to obviated by the offer of Mrs. Woods, wife of the Hudson Bay Factor, who agrees to undertake its control.

Department of Indian Affairs,

OTTAWA, 28th April, 1903

The Deputy Superintendent General:-

The letter hereunder from the Education Department of Ontario shows that that Department is not prepared to assist in any way in the establishment of a school at Temagami. It suggests how the difficulty of obtaining a school and a teacher might be obviated. A camp school is suggested, which might be maintained during the spring, summer and early fall, and the wife of the Hudson Bay Factor is mentioned as willing to take control. The cost of such an arrangement would not amount to much and it might be worth the Department's while to make the experiment.

OTTAWA, 25th May, 1903

Madam,

I beg to inform you that the Department has had under consideration the question of establishing a camp school at Temogami for the Indians of that district and it has been intimated that you would be willing to assume charge during the summer months. If this information, which was received from the Department of Education, Toronto, is correct, this Department would be pleased to learn upon what terms you would be willing to undertake this service.

In the event of such an arrangement being entered into with you, the Department will supply a suitable tent large enough to accommodate all the pupils you think likely to attend, if you will be kind enough to give the probable number.

Kindly reply at your earliest convenience.

Your obedient servant,

FRANK PEDLEY

Department of Indian Affairs,

OTTAWA, 18th June, 1903

The Deputy Superintendent General:-

Funds OK DCL

With further reference to the proposed establishment of a camp school at Temogami, I beg to say that Mrs Woods, wife of the Hudson's Bay officer in charge of the post on Bear Island, has written expressing her willingness to take charge of such a school, leaving the question of remuneration to the decision of the Department. I think that if she were given $100.00 for the summer season's work, it would be a fair reward for her services. This would ~~xxx~~ be at the rate of about $25.00 a month.

A tent large enough to accommodate all the children likely to attend can be purchased here from Woods Company for $44.00 complete with a discount of 20%, which would make it $35.20 f.o.b. I would suggest that tent No.82 on page 11 of their catalogue be selected. Mr Woods told me this morning that he would be able to ship this tent immediately upon receipt of the order.

Approved June 18/03

If you approve of engaging Mrs Woods, the Deputy Minister of Education for Ontario should be notified so that that Department may carry out its promise to provide the necessary equipment. Mrs Woods should also be written to and instructed to get the children to gether so that the school may be opened as soon as the tent reaches her. A limited supply of primary school material should be ordered

Sir:

Replying to your letter of the above date I beg to say that as requested therein I visited the Camp School at Temogami on my arrival at Bear Island on the 12th inst. & found 20 pupils in attendance.

The school was opened on July 21st in charge of Mrs Woods wife of the Hudsons Bay Agent at Temogami & as she is a most competent teacher I expect that Excellent progress will be made in the education of the children.

The School Register shows a total record of 30 pupils on the Roll viz: 19 girls & 11 boys.

The children attending this Camp School are a very bright & intelligent class of pupils & under the guidance of Mrs Woods the establishing of the school will undoubtedly result in great benefit to them. I trust that your Department will be able to continue the school during each year while the children reside at Bear Island which is usually from May 1st to Nov 1st.

Your obedient Servant
W B Macleau

OTTAWA, 21st June, 1905

Sir,

I have to acknowledge the receipt of your letter of the 10th instant enclosing an application from Miss Emma C. Doherty of Sudbury for the position of teacher at Temogami, and in reply I beg to say that as Mrs Woods, who has been teaching this school for the past two seasons, is unable to take charge of it this year, the Department will be pleased to appoint Miss Doherty, provided she will be willing to keep it open until the middle of October. The sum of $150.00 is provided for this purpose and is payable on the above condition. If this arrangement is satisfactory, please notify the Department, when Mrs Woods will be written to to hand over the school material to Miss Doherty.

All the Indians have not yet returned to Bear Island, but there are about fifteen there at present and teaching should commence as soon as possible.

Your obedient servant,

FRANK PEDLEY

Ottawa, February 5, 1906.

The Deputy Superintendent General:-

Miss Emma Doherty, who taught the Bear Island school in the Temagami district for the summer term last year, wishes to know whether we will require her services next summer or not.

Her services last year were satisfactory, and unless there is some good reason to the contrary I would recommend that she be re-engaged, as it is a difficult matter to obatain a teacher for so short a time as this school is in operation.

Ottawa, June 26, 1907.

Sir,-

I have to acknowledge the receipt of your letter of the 24th inst., inclosing a communication from Miss Doherty, in which she states that at the last moment she found that the condition of her health would not permit of her taking charge of the Bear Island school and that she has asked Miss Bourke to take her place and open the school at once.

In reply I beg to say that Miss Bourke's taking charge of the school will be satisfactory to the Department.

Extract.

Sturgeon Falls, April 1, 1909.

I was up at Bear Island last week selecting the site for the new school and have sent in a report. The site is up from the Hudson's Bay store near where Turners live, you will likely know the spot a little west of the church. The travelling on Lake Temagami is almost impassable owing to the depth of slush on the ice. The best time to erect new building will be after the ice goes off the lake.

Ottawa, April 6, 1909.

Sir,-

I have to acknowledge the receipt of your letter of the 30th ult., advising the Department that Miss Burke, who has had charge of the summer school on Bear Island for the past two seasons, is unable to teach this year, but that Miss Doherty, who taught the school during the summers of 1905 and 1906, is willing to take the position.

In reply I beg to say that the Department will be pleased to avail itself of Miss Doherty's services and it would like to see the school kept open during a longer period than it has been in the past. It is considered that it should be reopened by May 15, if possible. The Department instead of paying a salary of $150.00 for the season will pay at the rate of $40.00 per month for the time the school is open. In the event of a new building being ready for occupation this fall, the Department will be willing to keep Miss Doherty on at a salary of $400.00 per annum.

Be good enough to advise Miss Doherty to the above effect and let the Department have a reply as soon as possible.

Referring to your letter of 24th July 1909

No. 203.067/5

I beg to acknowledge receipt of your letter in reference to securing board and lodging for the teacher at the Bear River school and to report when I was there on the 5th July I made enquiry as to the reason why the teacher could not get accomodation at a reasonable rate and learned that it was owing to Mr Stevens renting the available boarding places. However, I arranged with Mr Conner the former place where the other teachers boarded to take Miss O'Connor to board and then advised Miss O'Connor that she informed me that her present boarding place was quite satisfactory and that they were to considerable trouble in arranging quarters for her. She did not wish to change boarding places then and if she did at a future date would consult Mr Conner the party who offered to furnish me with the accomodation. As the teacher I have no doubt, that Miss O'Connor can get suitable board and lodging at Mr Conners. I will write Mr Conner today in reference thereto

Ex'd

Ottawa, February 22nd, 1910.

Madam,

I have to acknowledge the receipt of your letter of the 17th instant, in which you ask to be allowed two weeks' holidays during the time you are in charge of the Bear Island School.

In reply I beg to say that the Department desires to have this school open continuously during the summer months, as it considers a break in the period, which is short at the best, would be detrimental to the interests of the children. The salary offered you, $50.00 a month, is the highest paid by the Department at any of its summer schools and in the past there has been no dearth of applicants for these positions.

Be good enough to let the Department know at once whether the offer made of a salary of $50.00 a month for five consecutive months commencing May 1st, next, is acceptable or not.

SCHOOL
MAY 11

Dear Sir-

I arrived here at Bear Island yesterday, the 7th and shall begin duties tomorrow. I intended being here by the first of the month but-I received no word whatever from the Indian Agent at Sturgeon Falls concerning navigation from Bear Island to Temagami. I was advised by the Department to wait-until I got-word from the agent-but as he did

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

not write to me I did not come up at the proposed time.

While in Toronto I went to the Steamboat offices on Yonge Street but they also could give me no word concerning the boats.

I came up here yesterday on chance, not knowing whether I could reach the island or not.

It would be a satisfaction for me to hear from you in reply to this. I remain

Faithfully yours

Irene M. Aherne.

Ottawa, May 12, 1910.

Madam,

I have to acknowledge the receipt of your letter of the 8th instant advising the Department of your arrival at Temagami.

In reply I beg to say that the Department regrets that there was some delay in your reaching your destinations, but trusts that your work will now proceed without any interruption.

A report upon the conditions as you find them at Bear Island will be gladly received and if you are in need of any supplies for the school-room be good enough to communicate with the Department and the matter will receive immediate attention.

Dear Sir-

Received your letter sometime ago asking for a report from the Bear Island school. I find the school very comfortable and very well equipped. Everything seems to be quite satisfactory and the children are progressing fairly well. There are some who do not understand English so you must understand that is very difficult to explain their different lessons to them. However I shall do my utmost to help them along. The pupils need lead-pencils and rulers. I have nothing further to say only that I suppose my first months salary shall be sent here at the end of my first months work, I remain

Respectfully yours

Sir,—

Referring to your letter of 12th November

No. 203067/1

I beg to acknowledge receipt of your letter in reference to an application received from Miss Gegendoben Stevens of Temagami for the position of Teacher of the Bear Island school and to the reopening of this school in January. I beg to state that during the winter months there are not many children belonging to the Temagami Bands on Bear Island.

The Indians also with their families leave there about the 15th October for their hunting grounds and do not return until the opening of navigation the following Spring.

Last fall Temagami on the 15th ends and the only children remaining there then were some few of Levi which are not Indians. I understand under the present conditions I do not think that the school should be opened before the Spring term as formerly.

Sir,

As the time to re-open the Bear Island school will soon come round the Department desires to give consideration to the question of the appointment of a teacher. There are now on hand three applications, one from Miss Aherne, a student of Queen's University, who was in charge last year; one from Miss Gwendolyn Stevens of Temagami; and the other from Mr. Wilfred Maguire of Copper Cliff, Ont. The Department has had one year's experience with Miss Aherne and it is understood that you have personal knowledge of the other two applicants. If so, I would ask you to be good enough to favour the Department with your views as to which of the three should be engaged for the coming summer.

EX'D.

Sir,—

I beg to acknowledge receipt of your letter of the 7th February re 203067/1 in reference to the question of the appointment of a teacher for the Batchewana Island School. From the three applications Miss Ahearne who was in charge last year Miss Gwendolyn Stevens of Garden River and Mr Richard Maguire of Upper Cliff. I have no personal knowledge as to Miss Stevens or Mr Maguire as teachers of any school. It was thought last year by some of the parents that Miss Ahearne was to young a person. but as the Department has had one years experience with Miss Ahearne and who is now more familiar with the work than as strangers I could recommend that Miss Ahearne should be engaged for the coming summer.

Your Obedient Servant.

Geo. P. Cockburn

Indian Agent

The Secretary.
Dept. of Indian Affairs.

Dear Sir.

Having heard that you are in want of a teacher for Bear Island school, next summer, I take this opportunity of applying for the position.

I have had several successful months experience in the school here, which has an average of eighteen.

As to salary I would ask $50 per month.

Should you decide in my favour, I will try my best to further the interests of the pupils. Hoping that you will decide in my favour I remain

Yours truly
Wilfrid Maguire

Madam,

I have to acknowledge the receipt of your letter of the 15th instant, and in reply I beg to say that the Department will be pleased to have you open the Bear Island school on May 1st, next, and it is hoped that under your guidance the pupils will make satisfactory progress during the summer months. You should endeavour to arouse the interest of the parents by visiting them in their homes and impress upon them the necessity for sending their children to school regularly during the few months when it is possible for them to do so. The Department will be glad to have short reports from you at the end of each month on your work at the school.

The necessary supplies in the way of stationery, etc., will be ordered if you will send a requisition for them and in this connection it might be well for you to communicate with Mr. Geo. P. Cockburn, Indian Agent, Sturgeon Falls, who will be able to tell you what is on hand at the present time and what is needed to commence the work. Mr. Cockburn will also give you any other information that you may desire.

Payment ~~mk~~ of your salary will be made at the end of each month upon receipt of a return made out on the proper form provided for that purpose showing the attendance, etc.,

Ottawa, February 10, 1912.

Madam,

I have to acknowledge the receipt of your letter of the 6th instant applying for the position of teacher of the Bear Island Indian summer school.

In reply I beg to say that this position has already been filled. The Department will in all probability conduct Indian schools at Wolf Lake and Longue Point in the Province of Quebec in the Temiscaming District during the summer and correspondence will be had with Rev. I. S. Evain and you will be further advised.

Your obedient servant,

Assistant Deputy and Secretary.

BEAR ISLAND

North Temiskaming Temagami Ont. 24th Sept 1912

To the Superintendent of Indian Affairs
Ottawa
through Timiskaming Agent

Sir,

Being the missionary for the Temagami Indians, I have inspected their summer school in the months of July and September, during which I have expended Fortnights amongst them at Bear Island.

I have the pleasure to tell you that this school has been conducted in a perfect way by miss Mary G. Howse. I noticed that the children of that band never attended so well to the class, as you may see yourself by the report.

I am happily surprised also to witness the real progress amongst the pupils about school matters and also politeness, cleanliness and other qualities seldom found amongst Indians.

So, the parents and other people of Temagami earnestly request me to ask Miss Howse to keep the same teacher for the future

July 31, 1918

Department of Indian Affairs
Ottawa

512184

Dear Sir:-

Experience has shown me that the salary paid at present for the teaching of the Bear Island Indian Summer School is wholly inadequate to meet the great increase cost of living. The monthly cheque of Fifty Dollars barely covers the cost of board and lodging at the most special rate I have been able to secure, It is needless to point out that there should be a margin for clothing and the other necessaries of life, and a reasonable percentage for savings. I feel justified in thinking that originally the salary paid was intended to be a fair recompence and

Shinagami 17 July 1919

To the Superintendant of Indian Affairs

Sir,

I am just leaving Bear Island. I made, with 15 members of the Shinagami Band, a special examination of the School which is under the care of Miss Gallagher. Indeed, every body got surprised to see the great progresses made by the pupils. The teacher is devoting herself in a special manner to the advancement of the Indian Children, and I may tell you that I never met a better Teacher that Bear Island, neither in any other school under the control of your department. Considering that the price of living is extremely high here, and considering also that this Body is teaching but early

Ottawa, August 7, 1919.

Sir,-

The Department is in receipt of a request from Mrs. Mary Gallagher, teacher of the summer school at Bear Island, for an increase of salary. Her application is recommended by the Rev. Father Evain of Ville Marie, Que.

The Department has decided to allow her a salary at the rate of $[illegible].00 per month from the first of July, last, this being an increase of $10.00 per month over that formerly paid her. A cheque for her salary for the month of July, last, at the above rate is being sent her.

Your obedient servant,

J. D. McLEAN

SCHOOLS
JUL 20 1920

543056

Ville-Marie, July 14, 1920.

Re Indian Schools.

To the Supt.,-

I am greatly interested in the summer schools kept in my missions, especially those of Abitibi and Timagami, where I could verify the good order, the devotion and the practical capacity of the directing teachers; I take the liberty to ask that those teachers be granted an increase in salary.

X X X

I have just spent 10 days at Timagami, and I found the same earnestness with Miss L. Honam who keeps the school at Bear Island. This person teaches only five months, and has naturally her year spoiled. I recommend therefore the same salary of $100.00 per month for this teacher. In making these recommendations I am only answering to those devoted person's request, who begged me to intercede in their favour. I am doing this with greater pleasure knowing their merit.

Yours very humbly,
Sgd I. Evain,
Missionary, O.M.I.

Sir,-

I have to acknowledge the receipt of your letter 14th instant requesting increases in salary for the of the summer schools at Abitibi and Temagami.

In reply I beg to say that, after full consideration this matter, the Department has decided to allow both these teachers an increase in salary and they will be paid $75.00 per month each during the period the schools are open. Mr. Agent Cockburn will be informed of the increase being granted Honan at Temagami and Mr. Agent McDonald of the increase Mrs. McLaren, teacher of the Abitibi Summer School. of salary due at the increased rate will be paid t payments of salary are being made these teachers.

Department regrets that it cannot agree to the n increase to the extent of your request, as the Disposal are very limited.

Dear Sir:

I understand that in charge of the Department of Indian Affairs, there are, throughout the more outlying districts, certain schools which are opened during the Spring and Summer months.

Being a returned man with certified successful teaching experience and now attending Western University, I am desirous of securing remunerative employment throughout the summer vacation, if possible. I would, therefore, be pleased to have such information as would be of interest in securing one of these schools. The particular school, in view, is that situated at Bear Island on Lake Temagami.

Trusting you will favour me with the required information at your earliest convenience and thanking you in advance, I remain,

Yours truly,
Wilfred L. Maguire.

OTTAWA, Oct. 4th, 1921.

Sir, -

I have to acknowledge the receipt of your letter of the 3rd instant, enclosing the report of the teacher of the Bear Island Summer School for September last. Cheques for salary and bonus due will be sent.

It is noted that Miss Honan has accepted the position as teacher of the Hunter's Point (R.C.) Indian Day School. It is intended that this school will be in operation continuously and the Department is therefore not prepared to approve at the present time her transfer to the Bear Island School when it re-opens next summer. We do not desire to make frequent changes in teachers where it can be avoided, and if the school at Hunter's Point is conducted next summer it is considered that Miss Hunter should remain there. You may inform her accordingly.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

OTTAWA, January 26th, 1922.

EXD.

Sir, -

I have to acknowledge the receipt of your letter of the 24th instant, enclosing a communication from Miss Catherine Honan, former teacher of the Bear Island Summer School, in which she states that she is not an applicant for the position, and also enclosing a communication from Miss Mary G. Honan, who makes application for the above named school for the summer months.

In reply I beg to say that the Department will approve of the appointment of Miss Mary Honan to carry on the work during the coming summer. The salary allowed her will be at the rate of $75.00 per month, plus any bonus provided by law.

Miss Honan should arrange to open this school on or about May 1st, next.

You will be good enough to advise her of her appointment.

Your obedient servant,

Russell T. Ferrier

I have to acknowledge the receipt of your letter of the 11th instant, enclosing application from Mrs. Paul Goulais (nee Clotilda Fitzpatrick) for the position as teacher of the Bear Island summer school for the coming summer.

In reply I beg to say that we would prefer to obtain the services of a teacher who is not a married woman. You should state whether, if Mrs. Goulais is appointed, her husband would accompany her to Bear Island, and, if so, what work he would engage in while his wife is teaching. The Department would prefer, if possible, that the services of an unmarried teacher be obtained for this school. However, before finally dealing with Mrs. Goulais' application, we will await particulars as to whether her husband will accompany her and reside at Bear Island during the summer.

ONTARIO

Jan. 24th 1926

George Cockburn, Esqr.
Sturgeon Falls, Ont

My Dear Mr. Cockburn,

I just received a letter from Bear Island, asking me whether or not Miss Horan is going to teach the school there next summer. The same party adds that he is wishing for a change; & I know that his reasons are very good.

On my part, I am of opinion that such Miss Horan is doing more harm than good there, the way she behaves, putting her nose where she has no business; & I wish more than any body else for her quick change.

I am speaking here in my quality of pastor appointed there by the Bishop to look after the spiritual welfare of the community, & my few years experience there has convinced me simply that such Miss Horan is undesirable, & I strongly wish for her removal.

Have you not any good teacher at all to put in her place! To speak more clearly,

I am sick of her, & I am not the only one to say so.

I will explain myself more clearly when I have a chance to see you.

In the meantime, I hope you will not renew any engagement with her till we have a chance to discuss the matter over.

There was a Mrs. Goulet there some three years ago. She was number <u>one</u>. But just on that account she did not please the Turner's click. I wish we could get that Lady again. I could wish for no better.

Yours very truly

C.A.M. Paradis. Ptre. M.C.

To the Superintendant of Indian Affairs,
Ottawa,

Sir,

I have been much surprised to hear that the Teacher lady, miss Mary Honan, who has been for many years to devoted, Kind and successfull, I may say, in her duty, at Bear Island, Timagami, that not been accepted for next season. I have been missionary in this locality for last 25 years, and I have taken a great interest in the progress of that school, visiting and examinating, several times, every season, that Indian school.
I can say that miss Honan has done always a perfect work, and that I never had any complain from the intelligent parties, parents who sent their children to school. More than that, I can prove that this teacher has done a splendid work and success with the pupils.
If it is not a secret, and even, I can keep it, I would like to know if it is true, that miss Honan is not reengaged, and for what reason.

Rev. Sir:

I have your letter of the 11th instant, relative to the re-engagement of the services of Miss Mary Honan as teacher of the Temogami (Bear Island) Summer Day School.

In reply I beg to say that in January, last, Mr. Agent Cockburn, Sturgeon Falls, forwarded a communication which he received from Rev. Father Paradis protesting against the re-engagement of Miss Honan. A copy of Father Paradis' letter is enclosed herewith for your information. In view of this letter, Mr. Cockburn was requested to endeavour to obtain the services of another teacher for this school for the coming summer. No appointment has yet been made, and this Department will, after you have considered Father Paradis' objections, be prepared, if you recommend same, to re-appoint Miss Honan as teacher for next summer. Please advise the Department as to whether, in view of the protests received from Father Paradis, you would recommend her re-appointment or not.

Sir:

Referring to official letter of January 28th, last, regarding the obtaining of the services of a teacher for next summer for the Temogami (Bear Island) Summer Day School, I have to request that, if you have not already obtained the services of a teacher, you will take no action in the matter at the present time. A communication has been received from Rev. Father Evain, the missionary for that district, strongly recommending the re-engagement of Miss Mary Honan. We are asking him for further information, and, when his reply is received, consideration will be given to her re-engagement as teacher for next summer, and you will be advised accordingly.

Your obedient servant,

J. D. McLEAN

Monsieur le Secrétaire,

Re 43-4-1, Je prends la liberté, après avoir pris connaissance du Document que vous avez eu l'obligeance de me faire parvenir, de vous dire que je n'ai pas été surpris de son contenu et surtout du genre de style qui l'exprime, en voyant la signature du Révérend — Père le Jeune Guy, notre cher ami loyal, de vous aider et de m'aider en ces cas, comme il l'a fait en d'autres —

Je pardonne à ceux qui feront mes offenses, et je demande pardon à Dieu pour ceux qui offensent les autres —

Donc, avec votre gentille permission, et même sur votre gracieuse et très appréciée invitation je demande plus fort que jamais le réengagement de cette Révérende Demoiselle M. Horan, résidant à Haileybury — pour l'école de Bear Island.

Je demeure votre respectueux Serviteur

Votre Vrai ami.

Dear Sir,

I have yours 43-4-1 and having carefully read the contents I am not surprised at Fr Paradis letter

I have asked Rev. Fr. Guy our friend to help us out in this occasion as he has helped us out before.

I always ask God to forgive me any offence I cause to other people and asked I will also ask God to forgive those who offend other people

Therefore, through your kind invitation and with your permission I would recommend Miss Honan's engagement for Bear Island Sch.

Miss Honan resides at Haileybury.

I am yours very respectfully

Fr Edan OMI

Ottawa, March 30, 1926.

Sir:

Relative to previous correspondence regarding the obtaining of the services of a teacher for the Temogami (Bear Island) Summer Day School, I beg to say that upon the recommendation of the Rev. Father Evain, the missionary for that district, it has been decided to re-engage Miss Mary Honan as teacher for the coming summer. We will allow her salary at the same rate as was paid last year, viz., $90 per teaching month. She should arrange to re-open the school as early in May, next, as weather conditions permit and teach until the end of the following September.

I have to request that you will notify Miss Honan of her re-appointment and arrange with her to take up duties at the time mentioned. We understand that she resides at Haileybury. Please inform the Department later as to whether she accepts the position, and the date on which she will be prepared to commence duties. Should she require any classroom equipment, she should prepare a requisition and forward it through your office in the usual manner.

Your obedient servant,

J. D. McLEAN

Ottawa, March 30, 1926.

Rev. Sir:

I have your letter of the 15th instant, in which you recommend that Miss Mary Honan be re-appointed as teacher of the Temogami (Bear Island) Summer Day School.

In reply I beg to say that, in view of your strong recommendation and ~~the~~ desire for the re-engagement of Miss Honan, the Department will approve of her re-appointment to begin duties early in May, next. We will allow her salary at the same rate as was previously paid, viz., $90 per teaching month.

We are informing our local Indian Agent, Mr. Geo. P. Cockburn, Sturgeon Falls, of the approval of the appointment of Miss Honan. We are requesting the Agent to inform her of her re-appointment and to arrange with her to begin duties as soon as weather conditions permit in May, next.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Ottawa, May 7th, 1927.

Rev. Sir:

I have your letter of the 4th instant, informing the Department that Miss Honan, who formerly taught the Temogami (Bear Island) Indian Summer School, is not an applicant for the position this year, and nominating the services of Miss Marguerite L. Plean for the position.

In this connection I have to inform you that Mr. Agent Cockburn, Sturgeon Falls, in March last, forwarded an application from Miss Irene Spottswood, and her appointment has been approved with salary at the rate of $85 per teaching month. Miss Spottswood in her application states as follows:

> "I am a Roman Catholic, twenty-five years of age, holding a First Class Diploma, with a good knowledge of the French language, and have taught six years with much success. I received the special grant for my school last year".

In view of the appointment of Miss Spottswood, it is regretted that we will be unable to accept the services of Miss Plean as teacher of the Bear Island School.

Dear Sir,

I beg to acknowledge receipt of your last letter, dated January 16, No 43-4-1, re. an application from Miss Irene Spottswood, teacher at Bear Island, Summer school, 1927, asking one if I would approved her re-appointment for next summer. I appreciate your Kindness.

Indeed, it is always for me a delicate point to do so. But I must look for the better welfare of the children and the Indian families to whom I devote myself. I heard several critisisms about miss Spottswood; I gave her some advices, but noticed that she was not liked in her ways, which appeared young to me and to the Indians.

any way, in order to do not make a false report by myself alone, I have referred to miss Honan, who had been teaching at Bear Island, many years, and who talkes visits to the people of the place.

I take the liberty of sending to you her answer,

Rev. Sir:

I have your letter of the 20th instant, relative to the obtaining of the services of a teacher for the Bear Island Indian Summer School for the coming summer, and enclosing a communication from Miss Honan, a former teacher, in which she recommends the appointment of Miss Jean McDermott.

In reply I beg to say that at the present time Miss McDermott is teaching in an Indian day school at Serpent River, Ont., and we are not prepared to consider her transfer to Bear Island. Miss McDermott's services for the present school year will not terminate until the end of June, and as the summer school at Bear Island reopens on or about May 1st, it would interfere with the work at Serpent River to transfer her. If you have any other teacher in view, I shall be pleased if you will forward particulars as to the name, qualifications and experience. Please give this matter attention at your early convenience.

The communication which you forwarded is returned herewith as requested.

Your obedient servant,

A. F. MacKenzie

Ottawa, February 6th, 1928.

Madam:

I have your letter of the 4th instant, enclosing a communication which you received from Rev. Father Evain in which he requests that you apply for a transfer from your present position as teacher of the Serpent River Indian Day School to the Bear Island Summer School from the 1st of May, next.

In reply I beg to say that the Department prefers that you remain at Serpent River for the balance of the present school year, to June 30th, next, as it will be difficult to obtain the services of a teacher for the months of May and June. The school at Bear Island is only open from the 1st of May to the end of September, and in the event of your transfer, it would be difficult to place you in another school after that date. We have already communicated with Father Evain and informed him that we were not prepared to authorize your transfer to Bear Island on the 1st of May, next. It is hoped that you will remain and complete the present school year at Serpent River.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Ottawa, February 11th, 1928.

Reverend Sir,-

I have your letter of the 3rd instant, in further reference to the obtaining of the services of a teacher for the Bear Island (Summer) Indian Day School. The Department has received a communication from Miss J. McDermott, the present teacher of the Serpent River Indian Day School, requesting to be transferred to the position as teacher at Bear Island. As you were informed in our letter of January 24th last, the Department is not prepared to consider her transfer as it will seriously interfere with the work at the school at which she is at present teaching.

We have no other teacher in view except the application from Miss Irene Spottswood, who taught this school last summer. It may be that other applications will be received before the school re-opens on May 1st next and, if you have no teacher in view, the matter may remain in abeyance for the present unless you agree to the re-appointment of Miss Spottswood.

Your obedient servant,

A. F. MacKenzie.

Ottawa, February 20, 1928.

Sir:

I have your letter of the 9th instant, with further reference to the application of Miss Irene Spottswood for the position as teacher of the Bear Island Indian Summer School for the coming summer.

As you were informed in our letter of the 16th ultimo, we referred this application to Rev. Father Evain. He forwarded an application from a teacher in our Indian school at Serpent River, but we informed him that, as the summer school at Bear Island would open on or about May 1st, next, we did not wish to transfer a teacher from one of the regular schools before the end of the school year, and have again asked him if he would consider the services of Miss Spottswood to be satisfactory. When we have a further communication from Father Evain, you will be advised of the Department's decision regarding the appointment of Miss Spottswood.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Saint-Sauveur de Québec, le 12 mars 192 8

Rev. O. A. F. McKenzie
Acting Asst. Deputy & Secretary,

Dear Sir,

Re. No 43-4-1
Febr. 6th 1928.

Again I have communicated with Miss Jean Mc Dermott, Serpent-River, asking her for help, in order to get a suitable teacher for Bear Island; and she answered, as you see by her letter, inclosed, that she does not know any, but she manifests again her disposition to teach at Bear Island, during the Summer time, and to rest during the winter.

So, I taught = could it not be possible to have this Maria Jamié, Chapeau, P.Q. who had to leave lately Hunter's Point, for the reason - main of being unable to teach French, and then to place her at ~~Beard~~ Serpent River for the 1st of May; and get Miss McDermott at Bear Island? I think and I hope that this miss Maria Jamié would like to teach.

So I take the liberty of proposing respectfully this change

Ottawa, March 17th, 1928.

Madam,-

In further reference to your request for a transfer from your present position as teacher of the Serpent River Indian Day School to the Bear Island Summer School, I beg to say that, upon the recommendation of Rev. Father Evain, the Department will approve of your transfer to take charge of the Bear Island School on the first of May next and to continue this school in operation until the end of September following. The salary allowed you will be at the same rate as you are now receiving at Serpent River, viz., $80. per teaching month. We are informing Mr. Agent Rothera of the approval granted for your transfer to the Bear Island School which is conducted under the auspises of Mr. Geo. Cockburn, Indian Agent, Sturgeon Falls. Mr. Cockburn is also being advised of your transfer.

It is noted from your communication to Father Evain, dated the 10th instant, that you will be pleased to accept this transfer as you find that the winter work is getting to be too much for you. Please inform the Department whether or not you would be prepared to commence duties at Bear Island on or about the first of May next.

Your obedient servant,

A. F. MacKenzie.
Acting Asst. Deputy and Secretary.

Ottawa, March 17th, 1928.

Sir,-

I beg to inform you that it has been decided to transfer Miss Jean McDermott, teacher of the Serpent River Indian Day School, to take charge of the Bear Island Indian Summer School on May 1st next. This transfer is made at the request of Miss McDermott, who states that she will be pleased to take this school as she finds that the winter work at Serpent River is getting to be too much for her. She has been informed of the Department's approval of her transfer on the above date. The Department will endeavour to obtain the services of a teacher to succeed Miss McDermott at Serpent River for the balance of the present school year from May 1st next.

You should see that Miss McDermott prepares her returns of attendance, etc., up to the date she leaves Serpent River and these you should certify and forward to the Department in order that payment of the balance of salary due her can be made.

Your obedient servant,

A. F. MacKenzie.
Acting Asst. Deputy and Secretary.

Ottawa, March 17th, 1928.

Reverend Sir,-

I have to acknowledge the receipt of your letter of the 12th instant, with further reference to the obtaining of the services of a teacher for the Bear Island (Temogami) Indian Summer School and enclosing a communication from Miss Jean McDermott, the present teacher of the Serpent River Indian Day School, applying for a transfer. In reply I beg to say that, after fully considering the matter, it has been decided to approve of the transfer of Miss McDermott to take charge of the Bear Island School. We are communicating with Miss McDermott and informing her accordingly. The salary allowed her will be at the rate of $80. per teaching month. She is to begin duties at Bear Island on May 1st next and teach until the end of September following.

We note that Miss McDermott finds the work during the winter at Serpent River too much for her. It is hoped that she will meet with every success at Bear Island. We are notifying Mr. Agent Cockburn of the approval of her transfer and requesting him to give her every assistance he can upon her taking up duties at this school.

Your obedient servant,

A. F. MacKenzie.
Acting Asst. Deputy and Secretary.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir;-

Your letter of March 17th. stating that the Department will give me a transfer from here to Bear Island School 1st of May was duly received.

I shall accept the position and shall be ready to leave here last of April and go to Bear Island on or about 1st. of May next.

Why not allow me $90.00 per month as you have been paying there. The term is short and, of course, you know board will not be less than $1.00 per day. Doubtless the Department will re-consider the matter of salary.

Very respectfully yours,

Jean McDermott

Madam:

I have your letter of the 21st instant, relative to the salary that will be paid you for your services as teacher at the Bear Island Summer Indian Day School.

In reply I beg to say that we allowed the teacher who was engaged at this point last summer salary at the rate of $85 per teaching month and, after considering your request, we have decided to allow you payment at that rate. This is the full amount we can allow you for your services at Bear Island. It is noted that you will accept the position, and will be ready to leave the Serpent River School and take up duties at Bear Island on or about May 1st, next.

Your obedient servant,

A. F. Mackenzie.

Sudbury Dec. 8, 1928

Mr. Geo. Cockburn,

Indian Agent,

Sturgeon Falls, Ont.

Dear Sir,

Your favour of the 6th instant received and noted.
As you advised in said letter I again offer my services as teacher for the Bear Island Summer School for the term beginning May 1,1929.
I ask for a salary of $90per month and if practicable a term of six months teaching.
You know no matter how economical a teacher may be, in this age, no one could provide for seven months unemployed on five months salary of $85 per month, besides it is an expensive trip to and from Bear Island here and board there is $1 a day.

Respectfully yours,

Jean M. Hurnall

Sir,

Re- your letter, 43-4-1) - Dec. 13 -
Concerning the application and re-engagement of
Miss Jean Mc Dermott, for the Indian Summer School,
at Bear Island, I myself declare that I am
entirely in her favor -

I have noticed, and all the serious people of the
place, the same, that she has done a perfect
Work and duty - I hope that the superiors
of that mission will understand and make also
their duties better, by sending their children at
school, to which I am trying myself to cooperate.
It might be also possible to have the school
opened longer, next season - Indeed the teacher
deserves a great credit.

I am going to-morrow to visit the Kippawa Camp
Winter school. I am notified that everything is O.K -

I am your humble Servant

Isidore Lévain o.m.i.

Dear Sir,

Have not yet received my Cheque for Oct. Salary for Bear Island Summer School.

Should you have a vacancy in any of your Indian Day Schools either now or at the beginning of the New Year would consider it a great favour if I were placed by Dept. in same.

Have had some reverses on the Stock Market within the last two years hence need to keep on working as long as I can.

My address will be as under for the time being. I am,

Most respectfully yours,

Jean M. Dermott

Ottawa, November 16th, 1929.

Madam,-

I have your letter of the 14th instant, informing the Department that you have not received your salary cheque for the month of October, last, as teacher of the Bear Island Indian Summer School. In this connection, I have to say that a cheque for $85.00 was sent, addressed to you at Bear Island, Ont., on the 5th instant. It is regretted that it was sent to this address instead of to you at Haileybury. If you will write the postmaster at Bear Island, he will, no doubt, forward you the letter. You might advise the Department later if you receive this cheque.

I may say that there are no vacancies at the present time in any of our other Indian day schools to which you could be appointed. Your application has been placed on our file and, should a vacancy occur in the near future, it will receive consideration.

Your obedient servant,

A. F. MacKenzie.
Acting Asst. Deputy and Secretary.

Sudbury, Feb. 3, 1931

Mr. Geo. Cockburn,
Indian Agent,
Sturgeon Falls

Dear Mr. Cockburn,

Regarding the Bear Island Summer School I am not asking the Department to give me the position as teacher there for the term beginning May 1,1931.
There was a feeling amongst some of the people last term in which perhaps they are fully justified,that I am too old for the place.
Without the good will of all the parents I could not keep the school up to the high level that I kept it for the terms of 1928, 1929 and 1930. For this reason I do not want to go back to work amongst the Bear Island Indians for the summer of 1931.
Should the Department be willing to place me in some other Indian School I consider that I could give good service for another year.
Though not in Sudbury you may address me as under your letter will be promptly forwarded me

Most respectfully yours,

Jean M. Bernadt

Ottawa, January 9, 1933.

Madam:

Mr. Geo. P. Cockburn, Indian Agent, Sturgeon Falls, Ont., has forwarded your application for the position as teacher of the Temogami (Bear Island) Indian Summer School for the coming summer term, beginning on or about May 1st, next.

In this connection I would request that you inform the Department as to your age and qualifications. Please also state the name of the last school in which you taught, the date your services terminated and the reason therefor. When we have this information, consideration will then be given as to whether your appointment to the Bear Island School for the coming summer can be approved or not.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Gentlemen:

In reply to your letter of Jan. 9th No. 43-4-1. relating to my application for the position as teacher of the Bear Island Indian Summer School for the coming summer term. I beg to inform you that my age is thirty one years, that I possess a first class Elementary Artificate for the Province of Quebec, and twelve years experience.

During the term of 1931-32, as well as the four years previous to that, I taught in Thurso Que: my services there, ending in June 1932. re-engagement being hindered owing to the fact that the school board were employing only teachers belonging to their own municipality.

Trusting that this information will meet with your approval.

I am,

Yours respectfully,

Mary Fallon,

May 15, 1933.

Memorandum:

MR. BUSKARD.

I have your memo of the 12th instant, with letter attached from the Honourable Wm. Finlayson, Minister of Lands and Forests for Ontario, suggesting the establishment of a school to be conducted during the entire school year at Bear Island, Lake Temagami.

In this connection I have to say that, during the past number of years, a school was conducted at this point from May first to September 30th - a five month period, each year. Last summer, during the period the school was open, there was an enrolment of 34 children, with an average attendance of 27.

Mr. George P. Cockburn, Sturgeon Falls, the local Indian Agent, was requested, in April, last, to state whether, in his opinion, the school should be conducted this summer or not. In replying, he stated he considered the opening of the school for the present spring and summer months could be dispensed with, in the interests of effecting a saving in expenditure. Our Vote has been so extremely reduced, that it is necessary to discontinue a number of summer schools this year, and Agent Cockburn was advised that the Bear Island School would not be re-opened.

Formerly, the Indians at this point were at Bear Island only during the summer months, going to

- their

ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

their hunting grounds in the fall and winter. As the hunting is gradually becoming exhausted, the Indians are more and more remaining the entire year at Bear Island.

There are no funds this year for the establishment of a permanent school. The question of a year-round school will, in view of the number of Indian children now located at this point, receive consideration and the amount required for the salary of a teacher and other current expenses, if possible, be provided in our Estimates for the next fiscal year.

I would beg to suggest that Mr. Finlayson be advised that the question of conducting a permanent school will receive consideration but that, for the present fiscal year, there are no funds to pay the salary of a teacher and other expenses. Mr. Finlayson's letter is being returned herewith, as requested.

June 14, 1934.

MEMORANDUM:

The Honourable the Superintendent General.

For several years this Department conducted a summer school at Bear Island, Lake Temagami. It was discontinued last year, but I believe it is advisable to reopen it this year.

Formerly the school was conducted for a period of four or five months, and the teacher was allowed salary at the rate of $85 a month. As a building is available, the school could be commenced as soon as the services of a teacher are secured. The Departmental Census shows that all the Indians of this Band are Roman Catholic, and, therefore, a Catholic teacher with a second class certificate should be secured.

I would appreciate your concurrence in the reopening of this school.

Sir,-

I beg to acknowledge receipt of your letter No 43-4-I. of the 10th instant with reference to the re-opening of the Bear-Island Summer School and report that I have visited the school which was re-opened on the 9th instant with Miss Mary C,McLaren as teacher,
at present there is 24 pupils in attendance this number will be increased in former years the school remained open untill the 30th September after that date the Indians generally move away to their trapping grounds,I arranged with the Chief to let me know at a later date if there would be sufficent pupils remaining at Bear Island to justify keeping the school open after the usual date when I will advise you,

Your Obedient Servant

ONTARIO
DEPARTMENT OF EDUCATION

Toronto, September 6th, 1934.

Dear Sir:-

I beg leave to state that enquiry has been made at this Department regarding the Indian School on Bear Island, in the Temagami area. Some people have expressed a desire that there should be an all-year school at this point, and I am permitted to state that the Department of Education will pay to the Department of Indian Affairs the pro rata cost for non-treaty children and any white children who may attend the school. Would it be possible, under this condition, for the Department of Indian Affairs to operate an all-year school at this point?

Dr. J.B. MacDougall of this Department visited the island a short time ago and has made a report to the Department of Education on the number of children and the other conditions existing in the area.

I shall be pleased to have a reply from your Department at your early convenience.

Yours very truly,

W. K. Greer

Sir:

I beg to acknowledge receipt of your letter of the 6th instant, suggesting that the Bear Island Indian Day School be conducted as an all-year school.

I regret that, owing to lack of funds, the Department is not able to consider continuing this school during the coming winter. Our Appropriation will only permit it being kept open until about the end of September.

When we are preparing our Estimates for the next fiscal year, consideration will be given to providing funds for an all-year school at this point during the academic year 1935-36.

February 14, 1935.

MEMORANDUM:

The Honourable the Superintendent General,-

I wish to refer you to my memorandum dated June 14, 1934, regarding the operation of a summer school at Bear Island, Lake Temagami, Nipissing Indian Agency, Ont., (Federal District of Temiskaming South). This school is not located on a reserve. This Department pays annual rental to the Provincial Government for the site.

For a number of years, summer school only has been conducted at this point, from May first to September 30th. Last summer, the school was not in operation until July first, but classroom activity was continued until the end of October.

An application has been received for the position as teacher for the coming summer from Miss Minnie T. Cox, Sturgeon Falls, Ont., who holds a First Class Model Diploma for the Province of Quebec, has had 6 years' teaching experience in White schools and 5 months' experience in an Indian school.

Last summer, Miss Mary C. McLaren, Bear Island, was, on your direction, appointed teacher (see your memo July 10, 1934). She taught for a 5 month period - July first to October 31st, 1934.

Provision is made in the Appropriation for Indian Education for the fiscal year 1935-36 for salary of a teacher for the summer school at Bear Island this coming summer, for a five month period, at the rate of $85 per month.

I should be pleased to have your approval for the opening of this school for the period from May first to September 30th, next. A Roman Catholic teacher will be required, and I would appreciate your directions regarding who is to be employed.

P. W. BROWN, B. A.
PUBLIC SCHOOL INSPECTOR

404 McINTYRE STREET WEST
NORTH BAY, ONT.
PHONE 868

February 16th.,1935.

Mr. Geo. Cockburn.
Sturgeon Falls, Ont.

Dear Sir;

At the request of several people of the community in the Bear Island vicinity who think that the children of that area are not receiving an adequate education, the Department of Education has deemed it wise to establish a public school section there. A section has been formed consisting of an area five miles square with Bear Island as its centre, and we are now taking steps to have a trustee board elected so as to have a school in operation as soon as possible. This school, like all public schools, will be open to all children of school age who are not Separate school supporters, and that will include the Indian children.

Since it will not be necessary for the Indian school to be continued we would like to know if we might secure the use of the school building there and save the expense of building another at the present time.

Will you kindly take this matter up with your department and let me know the terms upon which we might secure the use of the building. We intend to put a fully qualified teacher in the school and give the children as good a chance as possible for an education.

Yours truly,

P. W. Brown.

43-4-1

W. K. GREER
CHIEF INSPECTOR
OF PUBLIC AND SEPARATE SCHOOLS

ONTARIO
DEPARTMENT OF EDUCATION

Toronto, April 4th, 1935.

Dear Sir,

I beg to state that during the latter half of 1934 and early in 1935 an attempt was made through the local Public School Inspector, Mr. P.W. Brown, B.A., of North Bay, to open a Public School on Bear Island. Mr. Brown formed the School Section and the formation received the official approval of this Department.

It seems, however, that there is some doubt as to whether the residents desire a Public School or a Separate School. It will be impossible to maintain two schools.

It would be quite possible if most of the parents concerned are Roman Catholics to open the school as a Public School and to engage a teacher of Roman Catholic faith if the board of trustees so desires. It would not be possible, however, to have religious instruction given during school hours if the school were a Public School. The Regulations for Public Schools would permit the giving of this instruction before or after school hours only.

It would be quite possible, if the people so desire, to organize a Separate School in accordance with the Separate Schools Act. Please see Sections 18, 19 and 20, of the Separate Schools Act, a copy of which is being sent to you under separate cover.

There is no doubt that a school to be open throughout the full school year is needed and the Department of Education stands ready to give support to either a Public or a Separate School.

Will it be possible for your Department to determine definitely the wishes of the people in order that a school may be opened with as little delay as possible?

Yours sincerely,

W. K. Greer

Chief Inspector.

Ottawa, April 5th, 1935.

Sir,-

I beg to acknowledge the receipt of your letter of the 4th instant, with reference to the desire of School Inspector P. W. Brown, B. A., to open a public school on Bear Island.

For several years past, this Department has conducted a summer school for Indian children at this point. We have the use of the land on which our school is situated under License of Occupation No. 2307, Lot 106, Bear Island, and we have always paid a yearly rental to the Ontario Department of Lands and Forests. If a year-round school was established, it is doubtful if our Indian children would receive much benefit from it. It has been found that the best time to secure the attendance of Indian children is during a period extending from May 1st to September 30th.

Owing to the arrangements we have already made, it will not be possible to consider the establishment of a joint Indian and White school this year but the matter will be considered for next year. In the meantime, in the event of a combined school being formed, you might let me know how many White children would attend, also what salary you consider should be allowed the teacher and what proportion of the total expenses this Department would be expected to provide. Would it be your intention to conduct such a school during the regular academic year, viz., from September 1st to June 30th?

Your obedient servant,

J. D. Sutherland.

APR 11 19
RECORDS

Toronto,
April 10th, 1935.

Dear Sir:

I am directed by the Minister of Education to inform you that upon receipt of representations made by the community resident at Bear Island for improved educational conditions, the Department of Education made a survey which showed that there are 32 children of school age almost equally divided between treaty and non-treaty children. These are cared for by a school operating as a part year school mainly in the summer months. The Department feels that with so large a school population in a district which is becoming so widely known through its tourist connections in the summer months, this community should be brought into harmony with other schools of the Province and should operate for the entire school year under a fully qualified teacher. With a view to arriving at some arrangement which will be satisfactory to your Department as well as to the community in question, it is felt that direct consultation with you is desirable, and Dr. J.B. MacDougall of this Department will confer with you in your office some time early in the coming week.

I have the honour to be,
Your obedient servant,

Deputy Minister of Education.

J. K. GREER
CHIEF INSPECTOR
OF PUBLIC AND SEPARATE SCHOOLS

ONTARIO
DEPARTMENT OF EDUCATION

DEPT. OF INDIAN AFFAIRS
APR 15 1935
RECORDS

Toronto, April 12th, 1935.

Dear Sir:-

I beg to acknowledge the receipt of your letter of the 5th instant having reference to the proposed school for Bear Island.

At midsummer, 1934, Dr. J.B. MacDougall of this Department visited Bear Island and found that 25 children were enrolled, none of them being white children. He found also that there were in the community 15 Treaty Indian and 17 non-Treaty children.

In the Fall of the year Mr. P.W. Brown, B.A., Public School Inspector, North Bay, organized a school section in order that a public school might be opened if deemed desirable. Later it was found that almost all the pupils were Roman Catholics and there seemed a doubt as to whether the school, if organized, would be a public school or a separate school. Mr. Brown, therefore, took no further steps toward organizing a public school until it would become definitely known whether a school could be organized, and, if so, whether it would be a public or a separate school. Since there is already a school in operation from May 1st to September 30th, it would not seem advisable to take any steps toward the opening of a school at the present time. The Department of Education, however, will be pleased to give support in the form of grants to one school if the people of the area will, in turn, give the school some support and assure the Department that there will be a worth-while attendance throughout the year.

I shall be pleased, therefore, if through your officials some attention will be given to the matter during the coming months, and if some further information can be given to us as September 1st draws near.

Yours very sincerely,

V. K. Greer

Ottawa Ont.

Sir,

I therefore send you my application for a school in this North Country for ten months I cannot live on a five month salary because the expenses are too high here. If you have a vacant place I will be thankfull if you let me know and I think I could have somebody here to take the place for September.

Hoping to have a favourable answer

Your truly

Mrs. M. Thibault
Teacher.

Dear Sirs:

I have been given to understand by Mr. S.R. Thorpe, Manager of the Hudson's Bay Brand at Temagami, that the Bear Island Summer School is directly under your department.

If such is the case I would appreciate receiving full particulars concerning it. I am a teacher, and if possible, would like to plan my application.

Yours very truly,
Ralph G. Van Dusen

Dear Sirs -

I hereby make application for the Rev. Lawrence Charles Wittig, as teacher for the Indian School at Bear Island, Temagami district. Father Wittig is a native of Kitchener Ontario and was with the Reaurrectionist Fathers who conduct St Jerome's College, Kitchener and North Bay College, prior to his coming to this Diocese. Your department will find him an excellent and competent teacher. I have selected him particularly, because I feel that he has the proper mentality to deal with the people of Bear Island. He is about 28 years of age.

Will you kindly advise him of his appointment at The above address. I am

Yours sincerely
+ P. H. Dignan Bp. of S.S.M.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, December 11, 1935.

MEMORANDUM:

Dr. McGill.

A summer school is conducted at Bear Island (Lake Temogami) from the first of May each year.

As teacher for next year, Right Reverend R. H. Dignan, Bishop of Sault Ste. Marie, nominates Rev. Lawrence Charles Wittig, who is a fully qualified teacher. Salary is allowed at this school at the rate of $65 a teaching month.

I would appreciate your concurrence in advising Bishop Dignan that Rev. Lawrence Charles Wittig's appointment for next summer is approved.

Ottawa, December 13, 1935.

Right Reverend Sir,-

I have your letter of the 29th ultimo, nominating Rev. L. C. Wittig as teacher of the Bear Island Summer School.

In view of your recommendation, the Department approves of his appointment. Salary will be allowed him at the rate of $85 a teaching month.

In the past, this school has usually opened on May 1st and continued until September 30th or October 31st. The Indian Agent is being written with a view to ascertaining if he considers it would be advisable to open this school about April 15th. On receipt of his reply, you will be further advised.

Mr. G. P. Cockburn, Sturgeon Falls, Ont., is our local Indian Agent and he is being informed of the appointment of Rev. L. C. Wittig for the summer of 1936.

I have the honour to be,

Right Reverend Sir,

Yours truly,

A. F. MacKenzie.
Secretary.

Dear Sir,-

With reference to the Bear Island Summer School, the Department is approving the appointment of Rev. L. C. Wittig as teacher. He will be allowed salary at the rate of $85 a teaching month.

This school is usually opened on May 1st. Please let me know if you consider it would be advisable to open the school earlier than that date. If so, you should state what you consider would be a suitable date.

Rev. L. C. Wittig is a qualified teacher and the Department trusts that you will give him every possible assistance when he begins duties at this school.

Yours truly,

(over).

EXT.

Ottawa, April 1st, 1936.

Dear Sir:

As you were informed in official letter of January 20th, last, the Department has already approved the appointment of Rev. L. C. Wittig as teacher of the Bear Island Indian Summer School.

This school has usually opened on May first, but, if conditions are suitable, the Department would have no objection to it opening about April 15th. Rev. L. C. Wittig will likely call on you in the near future, and you should then decide on what date the school should open. Please advise the Department the exact date on which he begins duties at the Bear Island School.

Yours truly,

A. F. MacKenzie,
Secretary.

Dear sir:

I am coming to you for information.

I am a country teacher with five years experience, and a First Class certificate. Would there be any openings available to me for the months of July and August or for the school year, beginning September 1937, among the schools under your jurisdiction?

My own school is small and may be closed.- I am taking extra-mural work in order to get my B. A., as soon as possible, and it is expensive work.

Thanking you in advance for your kindness, I remain,

Sincerely,

(Miss) Margaret Bro

Dear Wm. Phelan,

Your letter of the 31st inst. received. I am happy to inform you of my continued residence here and my desire to again resume teaching at Bear Island Indian Summer School on April 15th and continue the summer session until October 15th. These dates are the same as the opening and closing days of the past school session and it is my desire to have them remain as standard while I am in charge of Bear Island School.

When notifying the agent kindly advise him to forward report and equipment blanks.

Thanking you for your latterly interest in our school, I remain,

Yours sincerely,
Lawrence C. Pitty.

Dear Sir -

It is with a personal feeling of loss and deep regret that I forward this, my final and last report to you. Belated because of personal sickness it also spells a change for me, adverse both spiritually and medically. Throughout your entire regime as Indian agent you have been a kind and close adviser and for this and the many trials you have made smooth for me I wish to thank you. With this letter I forward my resignation without reservation save the fact that my successor will presumably do the same work in the same way.

Personally and on behalf of St. Ursulas School may I thank you for your close cooperation during the past successful year.

You may address my November mail to 53 Albert St. N., Kitchener, Ont. and I will see you personally at the end of the month.

With every best wish and blessing.

Yours respectfully,

Father Wittig.

Mr. Philip Phelan,
Chief, Training Division,
Dept. of Indian Affairs.

Dear Mr. Phelan:

As successor to Rev. L.C. Wittig, whom ill health has forced to resign the Bear Island School, I wish to nominate Rev. Hilary A. O'Neill of North Bay, Ontario.

Father O'Neill is greatly interested in Indian education. He excells in manual training which he has taught at St. Rita's School. I consider him the best qualified for this work. Although he has not gone to Normal, his educational standing would be that of a university graduate.

If Father O'Neill will be satisfactory, I wish you would advise me as soon as possible, as he is anxious to undertake special preparation for this work, if he is acceptable to the Department.

I also take it for granted that the school will open on April 15th and close on October 15th as during Father Wittig's term.

I am,

Yours sincerely,

+ R.H. Dignan

Dear Sir;

Will it be in order for Reverend H. A. O'Neill to open the Bear Island Indian Summer School on April 15th as in previous years?

I have to report that in addition to the Temagami Band pupils, it has been customary to allow the half-breed children living at Bear Island to attend the school. I trust that this arrangement is satisfactory as there is no other school on Bear Island and there is plenty of room for them.

Yours truly,

Dear Sir:

For years His Majesty's Canadian Government placed some-one in charge of the school-house here, and was paid the sum of $20.00 a year. William Pishabo, now a very old man and destitute, looked after this for 12 years after Old John Turner died 13 years ago. It was always that way until Mr.J.A.Marleau became Indian Agent. It was then stated that if any repair work was to be done to the school, this was to be paid separately, and the bill to be sent to the Indian Agent. I would like to know, as chief, why the said Indian Agent has cut this off, as he has done with most everything.

Take the old and destitute people for example. They get only $4.84 a month to live. I would ask you who could possibly live on such a pittance. Please let me hear from you at your earliest, and believe me to remain,

I beg to acknowledge your letter of September 28th concerning Bear Island Seasonal school. Your idea of operating this school on a regular ten-month basis is a very good one, although I do not think it could be put into practise immediately.

It has been the custom for the past years for all the Temagami Indians, with the exception of a few old people, to move to Temagami for the winter months. Therefore, the matter had better be left in abeyance until we see what attitude these Indians will take now that they own a reserve. I will discuss it with them the first time I am up that way.

J. A. Marleau,
Indian Agent.

Dear Island,
July 2/45.

Mr. J. A. Marleau,
Sturgeon Falls.

Dear Mr. Marleau,

I wonder if you could jog the memory of Indian affairs in Ottawa. Since starting school, April 24, I have received one cheque, for the sum of $48.87, and I would like them blown up. I hope insurance to pay, & will have to make a trip to N. Bay late this month for medical attention. There, plus a few more debts gathered up, will come close to $100.00, and I could use some of my back pay. This job of teaching school is not attractive, at best, and the Department's attitude in this way, makes it hardly bearable. If they aren't satisfied with my work, I'll quit any day of any week, gladly - all they have to do is let me know.

Everyone is fine up here - no sickness at present.

Sincerely J Delaney

2 Phelan

Mr. Philip Phelan,
Chief Training Division,
Department of Indian Affairs,
Ottawa, Ontario.

MAR 11 1946

Dear Mr. Phelan:

For the past ten years I have been able to staff the Temagami Indian School with a priest-teacher from April 15th to September 15th.

Father Delaney, the present teacher, says he will be unable to continue due to the conditions of the school, which cannot be heated until many repairs are made. Living conditions also are rather difficult due to the necessity of boarding at Turner's Hotel, where top prices are asked, due to the activity in the tourist business.

I could perhaps about the middle of May, secure a seminarian for teaching. He would only be available when the University examinations shall have finished.

In the event of such a proposal being agreeable, what would his salary be, including board allowance or exemption from income tax etc.

When I know these things, I shall be in a better position to propose the name of a suitable teacher.

I am,

Yours faithfully,

+ R. H. Dignan

Bishop of Sault Ste Marie

Ottawa, March 13, 1946.

Dear Bishop Dignan:

With reference to your letter of the 8th instant, it is noted that Father Delaney will not be in charge of the Temagami School during the coming summer.

We would be prepared to accept the services of a seminarian and would allow him salary at the rate of $100.00 a teaching month, plus bonus. I presume that the amount paid would constitute the total amount of his earnings for 1946, and consequently he could complete a TD 1 A form. As the total paid him would be less than $660.00, there would be no income tax. Please advise me later if you are able to secure a seminarian.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Dear Sir:

With reference to your letter of the 16th instant, the Department approves your appointment as teacher of the Temagami (Bear Island) Seasonal School. It is understood that you will re-open the school on May 1. I presume that you will remain in charge of it until approximately October 1. Salary will be allowed at the rate of $100.00 a teaching month, plus bonus.

We have received your T.D.1A form, but we will require a staff questionnaire form. I enclose this and would appreciate it if you would complete it and return it to this office.

Yours very truly,

For Deputy Minister.

Dear Sir:

I am writing to you in respect to the Bear Island Seasonal School, of which I am the teacher.

For the following reasons I should like to request that my salary as teacher be increased. The costs of living on the Island have far exceeded my expectations. Room, board, and laundry amount to approximately fifty dollars a month. This is quite a sum to pay on my present salary. The enrollment at the school is made up of twenty three regular pupils, and a few who come in the afternoons only. This necessitates the teaching of six different grades; each grade involving separate preparation for class.

I should be very pleased to hear from you about this matter, and I hope that my request is not an unreasonable one.

Yours very sincerely,

T. A. McGuire, B.A.

March 17, 1947.

Mr. J. A. Marleau,
Indian Agent,
Sturgeon Falls, Ont.

Dear Mr. Marleau:

Your note with the income tax statement came to-day, -la fête de Saint Patrice- and was very glad to get it as I was beginning to wonder how I would fill out my papers. Many thanks.

Things are going well with me at the University here, I was able to pass the Christmas exams all right, and am not too fearful of the finals in May. I shall be through here on May 24th, and, should it meet with your approval, plan to open the Bear Island School on Monday, June 2. Will this opening date be satisfactory?

How is the building situation up North. I hope that it has improved and that you may carry out your plans as regards the school. It must be annoying for you not to be able to get the things done that you wish to do because of scarcities of all kinds. Should things have improved, could I also hint that a little cabin beside the school would be most welcome and desirable for the teacher. As you know from your regular visits to the Island, living accommodations there are very limited and not too desirable. Anything that you might be able to do in this respect would be much appreciated. I received word a short while ago that a pump organ would be donated to the school, so we should have musical little Indians after this summer at least.

I also have been considering a gardening project in connection with the school, so that the children could be trained to take an interest in gardening and have such later on when they settle down. However, will have to see if I can find a patch of ground not too rocky, and not too far from the school. But, I have kept you long enough from your work. I shall look forward to seeing you this summer.

Yours sincerely,

Thos. A. McGinn

Dear Sir:

Enclosed herein are the forms that you requested I fill out for tax exemption. I trust I completed them properly.

May I request that you consider increasing the salary allowed for teaching the school here. The prices charged for room and board are very high here, and since a cabin has not yet been built for the teacher, I am forced to pay whatever is charged. As a result, my summer work is not quite as remunerative as it could be.

This summer I also have the additional responsibility of the medical supplies and the consequent extra work as the emergency medical attendant. Although, as a medical student, I enjoy such work, yet it does take up a portion of my extra time after school.

Last summer we were able to complete the equivalant of a standard school year's work in the four month in which our school was opened. I was pleased to learn this spring that four of my former pupils, who attended a regular separate school during the winter, were promoted an extra grade because of these few months of hard work. I hope this summer, with the added experience that I have, to try to do even better. To help towards this end I took a course in child psychology at university last winter. We shall soon see if the psychology is worth much.

I trust that you will give my request due consideration and I shall be very grateful for an increase, should you see fit to give it to me.

$450.00

Yours sincerely,

Thos. A. McGuire, B.A.

Memorandum to File:

The Nipissing Indians are not now attending the Garden Village Day School. Thirty-six (36) are going to public and separate schools in Sturgeon Falls and 14 are attending classes in North Bay. As these Indians live along the lake shore paralleled by the North Bay-Sturgeon Falls highway. It is easy to transport them by bus to either of these two cities. Therefore I would not recommend the re-opening of the Garden Village Day School. Although it is a fairly good building, I feel that it will be to the educational advantage of these Indians to have them continue in attendance at white schools. There is also a possibility that some of these children will be able to go much further in the provincial schools than in our own.

There are only five of these children at the Spanish Residential School. There are some of these children in Sturgeon Falls, boarding schools. (Their parents are paying for this).

INSPECTOR OF LEGAL OFFICES.

Parliament Buildings,
Toronto 2,

August 9, 1948.

Department of Mines and Resources,
Indian Affairs Branch,
Ottawa, Ont.

Dear Sirs:

An application has been received from Mr. Thomas A. McGuire, of Bear Island, Ontario, for appointment as Justice of the Peace. In Mr. McGuire's letter he states that he is in the employment of the Department as school teacher and medical attendant on the Bear Island Indian Reserve, located in Lake Timagimi, and the nearest Justice of the Peace is about seventeen miles away. Would you be good enough to let us have your request for this appointment, if it is considered that the services of a Justice of the Peace are necessary on this particular Indian Reserve. Upon receipt of this information, the matter will receive consideration, and be submitted to the Honourable the Attorney General for his approval, or otherwise.

Yours very truly,

Sgd.Hugh H. Donald,
per M.K.

Inspector of Legal Offices.

Mr. J. A. Marleau,
Superintendent,
Sturgeon Falls Indian Agency,
STURGEON FALLS, Ontario.

Dear Mr. Marleau:

I should like herewith to make application for appointment as teacher of the Bear Island Seasonal School for the 1949 summer session.

Would you be kind enough to forward my cheques for September to the above address in North Bay.

So far have not been successful as regards my transfer to Ottawa University, so I believe I shall be returning to Western University in London. I am enclosing a post-card of the school at Bear Island which they sell at the H.B.C. I thought you would like one, as it is a good picture.

Yours sincerely,

Thos. A. McGuire.

OTTAWA, October 28, 1948.

Memorandum:

W. Pratt, Esq.,
General Executive Assistant.

I have received a memorandum from Miss Phelan concerning Mr. McGuire, whose letter of October 23 is attached hereunder.

Mr. McGuire has taught for us for three summers at the Bear Island Seasonal School at Temagami, Ontario.

Mr. McGuire's services have always been satisfactory. On October 13, Mr. Indian Superintendent Marleau wrote to the Department as follows concerning this teacher:-

> Mr. McGuire has given very satisfactory service during the last three years, both as teacher and medical dispenser. He is very well liked by the people of Bear Island.

It is possible that we may be able to offer Mr. McGuire a position in one of our full time schools. After you have answered his letter of October 23, would you please return the file to me so that I can ascertain if he would be interested in such a post.

B. F. Neary,
Supt. of Indian Education.

Dear Sir:

For the past three years I have been employed by your department as teacher and medical attendant on the Bear Island Indian Reservation, near Temagami, Ontario.

I am now looking for permanent work, and I was wondering what you might have to offer.

I am bilingual and have completed five years of University work. I graduated in 1944 from the University of Western Ontario with an honor Bachelor of Arts degree in philosophy and psychology. Last spring I completed two years of the medical course, which were essentially two years of science. I have also done post-graduate work in psychology, this comprising courses in mental testing, personnel management, clinical methods, experimental problems. Due to financial difficulties I am forced to discontinue my studies.

I am not particular where I work, and would be willing to accept what you might think I am suited for.

As regards practical experience, I have assisted in the management of a Home for the Aged, I have worked as a salesman with Nationa Grocers, in North Bay, and have worked for the Indian Affairs Branch for three summers, as mentioned above.

I can furnish the very best of references, and would mention for reference purposes the names of Mr. J.A. Marleau, Indian Agent at Sturgeon Falls, and Dr. Arnold, your Indian doctor at Haileybury.

Copied for Pers. - S.O.

As a suggestion concerning the work that would suit me, I would take great interest in survey work with the Indian Health Service, Indian Agent, or assistant. I am highly respected by the Indians of Bear Island, and have always gotten along with them very well, even thought, at times, I have had to make them do what they preferred not to do. You may find a record of my work in your files.

May I request an early reply to this, and may I assure you that I shall be pleased to furnish what further information you may require.

Yours sincerely,

Thos A. McGuire

Mr. Thos. A. McGuire,
327 Third Avenue West,
North Bay, Ontario.

Dear Mr. McGuire:

Your letter of October 23, addressed to our Director, has been referred to me for attention.

Our General Executive Assistant advises me that there is little likelihood of our advertising a vacancy in Ontario for either a superintendent or assistant agent for some time. However, we will have one or two vacancies in January in our day schools. With your qualifications, you could probably qualify for a position as a welfare teacher. Naturally, we have on file the recommendations received from Mr. Marlean concerning your work on the Bear Island Reserve. If you would be interested in a position as welfare teacher, I would recommend that you advise me of this fact as soon as possible. It is felt that, while vacancies do not exist at the present time for assistant Indian agents, you can best prepare yourself by getting further experience with the Indians. One of the most suitable ways of doing this is by teaching them as several of our superintendents have had experience as teachers. We have a vacancy at the Seine River Indian Day School in the Fort Frances Agency, which might interest you and about which I can furnish further details if you so desire.

Yours sincerely,

Bernard F. McEvoy,
Superintendent of Education.

Dear Mr. Neary:

I am writing concerning the Indian Day School opened each summer for the Indian children of the Bear Island Reserve in this Sturgeon Falls Agency.

For the past three summers I have been employed by your department as teacher and medical attendant for the Island. As the only resident representative of the Department, my duties have been many and varied. and oftimes onerous. I have been called upon to settle everything from family quarrels to epidemics. I have always tried to give a full measure of satisfaction.

My purpose in writing is to seek a more satisfactory adjustment in my salary. I have been re-appointed to the task for this coming summer, and I am grateful for your continued confidence in me. At the same time, my summer earnings are very necessary for the continuance of my medical course. I have had to secure leave of absence from University this year because I could not make enough during the past summer.

Because of lack of living quarters, I have had to rent a cabin in which to live while on the Island. Food prices are exceptionally high because of the extra water transportation. These combined with other factors tend appreciably to reduce my net savings.

May I further mention that my training in applied psychology has enabled me to work with the Indians with a minimum of friction. My medical training has cut down appreciably the work of the Indian doctor, Dr. Arnold. In fact, the times I have sought his aid have been few.

I am at present employed by the H.E.P.C., at La cave, as camp purchasing agent and doctor. They are paying me $236.00 per month. I shall be very pleased to return to Bear island this summer and for the next 4 or 5 summers, if you can make the position more attractive, financially.

Yours very sincerely,

Thos. A. McGuire

Camp Argo,
H.E.P.C.,
Mattawa, Ontario,
March 25th, 1949.

Mr. J. A. Marleau,
Superintendent,
Sturgeon Falls Indian Agency,
STURGEON FALLS, Ontario.

Dear Mr. Marleau:

I wish to request leave of absence from the Bear Island Seasonal School for this coming season. I am at present employed by the Hydro, at a salary considerably higher than the Department can offer me. Since it is my purpose to make as much as possible for my return to school next Fall, I am sure you will understand my reason for wishing to continue with them until Fall. I shall miss Bear Island and the pleasant relationship which has existed with you and your department. I sincerely hope that my application for re-appointment for the 1950 season will be favourably considered.

May I recommend at this time the appointment of the Rev. R. W. Moore of Timagami to succeed me on the Island. He is definitely interested in teaching this summer, and I am certain he can handle the job to the advantage of the Indian children. He plans to live on the Island this summer, and I think the arrangement would be ideal. I shall be only too pleased to assist him in any way in getting things organized.

I am certain that the coming school season will be a successful one, and that the new incumbent will prove an asset both culturally and spiritually to the Indians. In closing, let me again express the appreciation I feel for the consideration and co-operation I have always received from you and the Indian Affairs' Branch.

Yours very sincerely,

Thos. A. McGuire

(Temagami)

Indian Seasonal School Survey

Indian seasonal schools have been operating in Canada for many years. This year a special survey is being conducted to ascertain the total contribution of these schools in relation to the whole program of Indian education.

The enclosed comprehensive form will give us that information if you will fill it out carefully and conscientiously.

Please note that the form must be completed at the close of the summer session and returned to the following address:

Superintendent of Education,
Indian Affairs Branch,
Dept. of Mines and Resources,
Ottawa.

A stamp is not required on the envelope; place OHMS in the top left hand corner.

Yours sincerely,

B F Neary

Bernard F. Neary,
Superintendent of Education.

Supt Indian Agencies

NOTE:

This form should be prepared from your school register and mailed immediately to the Indian Agent at the end of each month.

The regular quarterly return at the end of September and December should also be prepared at the end of those months and sent to the Indian Agent.

The last column is reserved for the Indian Agent, who will specify therein the action taken under section 4 (2A) of the Family Allowances Act in cases where the child is absent for more than FIVE (5) days without reasonable excuse.

Ottawa, January 23rd, 1925.

Sir:

I have your letter of the 21st instant, enclosing an application from Miss Mary G. Honan for the position as teacher of the Bear Island Summer School for the term the school will be in operation next summer.

In reply I beg to say that the Department will approve of the re-appointment of Miss Honan, to begin duties early in May, next. The salary allowed her will be at the rate of $75 per month, supplemented by any bonus provided by law. Please inform her of her appointment, and you should arrange with her in due time the date on which she is to open the school and take up duties. You should inform the Department later of the date on which she begins duties.

Your obedient servant,

J. D. McLEAN

(Original on # 43-4-1.)

Ottawa, March 30, 1926.

Sir:

Relative to previous correspondence regarding the obtaining of the services of a teacher for the Temogami (Bear Island) Summer Day School, I beg to say that upon the recommendation of the Rev. Father Evain, the missionary for that district, it has been decided to re-engage Miss Mary Honan as teacher for the coming summer. We will allow her salary at the same rate as was paid last year, viz., $90 per teaching month. She should arrange to re-open the school as early in May, next, as weather conditions permit and teach until the end of the following September.

I have to request that you will notify Miss Honan of her re-appointment and arrange with her to take up duties at the time mentioned. We understand that she resides at Haileybury. Please inform the Department later as to whether she accepts the position, and the date on which she will be prepared to commence duties. Should she require any classroom equipment, she should prepare a requisition and forward it through your office in the usual manner.

Your obedient servant,

D. McLEAN

Ottawa, March 17th, 1928.

Madam,-

In further reference to your request for a transfer from your present position as teacher of the Serpent River Indian Day School to the Bear Island Summer School, I beg to say that, upon the recommendation of Rev. Father Evain, the Department will approve of your transfer to take charge of the Bear Island School on the first of May next and to continue this school in operation until the end of September following. The salary allowed you will be at the same rate as you are now receiving at Serpent River, viz., $80. per teaching month. We are informing Mr. Agent Rothera of the approval granted for your transfer to the Bear Island School which is conducted under the auspices of Mr. Geo. Cockburn, Indian Agent, Sturgeon Falls. Mr. Cockburn is also being advised of your transfer.

It is noted from your communication to Father Evain, dated the 10th instant, that you will be pleased to accept this transfer as you find that the winter work is getting to be too much for you. Please inform the Department whether or not you would be prepared to commence duties at Bear Island on or about the first of May next.

Your obedient servant,

A. F. MacKenzie.
Acting Asst. Deputy and Secretary.

Bear Island, May 13,1930

Geo. Cockburn,

Indian Agent,

Sturgeon Falls

Dear Sir,

Cheque for May $42.50 came in direct from Department during the week.
Have been wondering just why I was allowed only half month's salary for May 1930 when full pay was given for May 1929 and May 1928 although I only opened school three days earlier last year and a few days later the year before.
You advised that the way would be open to Bear Island May 10th but it would be advisable not to come until Monday May12th hence am only accountable for three days lost time.

Respectfully yours,
Jean McDermott

Ottawa, June 19th, 1930.

Sir,-

I beg to acknowledge the receipt of your letter of the 17th instant, enclosing letter received from Miss Jean McDermott, teacher of the Temogami Summer School, with reference to her salary for the month of May.

On the return forwarded by Miss McDermott, she stated that she left Sudbury on May 15th and opened school on Friday, May 16th. The return also shows that the school was open for ten days during the month of May. Under these circumstances, the Department considers that the half month's salary which was allowed is ample for the period the school was open during that month. I might add that it was through oversight that she was allowed a full month's salary for May, 1928, and May, 1929.

Your obedient servant,

Russell T. Ferrier

Ottawa, March 2, 1931.

Sir:

I have to inform you that Rev. Father Evain has nominated the services of Miss Mary Conroy, of Fort Coulonge, P.Q., as teacher of the Bear Island (Temagami) Indian Day School for the coming summer months, to begin duties on or about May 1st, next. Miss Conroy previously taught an Indian school for several years, and her services were satisfactory. The Department is approving of her appointment as teacher at Bear Island. The salary allowed her will be at the rate of $55 per teaching month. We are asking Father Evain to notify Miss Conroy accordingly and to arrange with her to open the school on or about May 1st, next. You should give her any assistance you can in her work at this school.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Mr. Russell T. Ferrier,

Supt. of Indian Education,

Ottawa, Ontario

DEPT. OF INDIAN AFFAIRS NOV 19 1931 RECORDS

SCHOOLS BRANCH NOV 19 1931

OR 129-15

Dear Sir

Your unlooked for letter of Oct. 21st was duly received and contents noted. Many thanks for same.

May say am not now expecting any special consideration from Dept. of Indian Affairs since my application for a position in an Indian Day School was overlooked when a vacancy occurred on a near by Reserve to Sudbury beginning of current year and preference was given a teacher who had only served Dept. a few terms.

Another injustice: When placed in charge of Bear Island School spring of 1928 was advised Term would be from May 1st, condition that teacher should be ready to go to the Island soon as posible after navigation opened on Lake Temagami. I rushed up spring of 1929 found no regular boat making daily trip was obliged to hire special for which I paid $10. Enclosed please find receipt for same.

It was a well known fact that navigation on Lake Temagami was late spring of 1930. Was advised Navigation Co. sent first boat to Bear Island Sat. May 11th, second boat May 15th I arrived at Temagami next day found no boat making the trip that day and was again obliged to hire a special launch.

See no 3 of sch file 43-Bf-3

Trust you see that it was practicably impossible for me to have open[redacted] school less one day sooner than I did. Yet when I received my [redacted] pay Cheque my salary for said month was curtailed $42.50. Doubtless such treatment had never been meted a teacher in the history of the Bear Island School and it was my twenty-first year in the service of the Department.

Again thanking you for your Oct. letter

I am,

Most respectfully yours,

Jean M. Dermott

43-4-3.

Ottawa, November 20, 1931.

Madam:

I have your letter of the 17th instant, relative to your teaching services at the Bear Island (Temogami) Indian Summer School, and the amount of salary you received for the month of May, 1930.

In reply I have to say that you only left Sudbury to proceed to the school on May 15, 1930, and the school was opened on Friday May 16th. The return which you forwarded showing attendance, days taught, etc., for that month shows that the school was open for only ten days. Under these circumstances, the Department considered that a half month's salary, which was allowed, was ample remuneration for the period the school was open during that month.

I regret that it will not be possible to reimburse you for the amount you paid for a special boat to take you to the school in May, 1929, as the Auditor General would take exception to the payment of an account which has been outstanding for so long. I am returning the receipted account for special boat hire which you forwarded.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

ENC.

(Original on No..43-4-1.)

Ottawa, February 24, 1932.

Sir:

I have your letter of the 20th instant, enclosing an application from Miss Mary Conroy for re-appointment as teacher of the Temogami (Bear Island) Indian Summer School during the coming summer - May 1st to September 30, next.

In reply I have to say that the Department will approve of the re-appointment of Miss Conroy, with salary at the same rate as was previously paid her, viz., $65 per teaching month. In view of the recent orders for strict economy, the Department is unable to provide any increase in salary over that allowed her for her services last summer. Please inform Miss Conroy of her appointment, and arrange with her to begin duties on or about May 1st, next.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, December 11, 1935.

MEMORANDUM:

Dr. McGill.

A summer school is conducted at Bear Island (Lake Temogami) from the first of May each year.

As teacher for next year, Right Reverend R. H. Dignan, Bishop of Sault Ste. Marie, nominates Rev. Lawrence Charles Wittig, who is a fully qualified teacher. Salary is allowed at this school at the rate of $85 a teaching month.

I would appreciate your concurrence in advising Bishop Dignan that Rev. Lawrence Charles Wittig's appointment for next summer is approved.

J. D. Rutherland

Do not send this memo to Dr B. as Rev. LC Wittig began duties on Apr. 15/36 more.

Ottawa, April 10, 1937.

Dear Sir,-

It has been decided to re-appoint Rev. L. C. Wittig as teacher of the Temogami (Bear Island) Indian Seasonal School. The Department understands that this school will re-open about April 15th and continue until about October 15th. These are the same opening and closing dates as last year.

A supply of report forms and requisition forms should be forwarded to the teacher from your office.

Yours truly,

M. Christianson.

Dear Sir:

On the nomination of the Bishop of Sault Ste. Marie the Department is approving the appointment of Rev. H. A. O'Neill as teacher of the Bear Island Summer School for the 1940 season.

It is understood that this school will reopen on April 15 and close on October 15, 1940.

He will be allowed the same salary as was paid to Rev. L. C. Wittig.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa,
June 4, 1940.

Dear Sir:

With reference to your letter of the 1st instant Rev. H. A. O'Neill should forward a return each month showing the names of the pupils, days taught etc. As soon as this is received his cheque will be issued.

In writing to you in official letter of November 27 last it was stated that the Bear Island Summer School could operate from April 15 to October 15. However, I regret that due to the recent reduction in our appropriation it is only possible to provide salary for 4½ months. Consequently the teacher can only be paid to September 1. I presume that the school will be closed at that date.

Yours truly,

Philip Phelan,
Chief, Training Division.

Miss Davis

43-4-1

Ottawa,
March 26, 1942.

Dear Sir:

With reference to your letter of the 21st instant, the Department approves the appointment of Rev. H.A. O'Neill as teacher of the Bear Island Seasonal School for the summer of 1942. He will be allowed the same salary as last year. It will be in order for this school to open about April 15 and close on October 15.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa,
May 9, 1942.

Dear Sir:

On the recommendation of the Bishop of Sault Ste. Marie the Department has approved the resignation of Rev. H.A. O'Neill as teacher of the Temagami (Bear Island) Seasonal School. He will be succeeded by Rev. James J. Delaney. I am enclosing the necessary forms which you should have the latter complete and return.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Mr. J.A. Marleau,

Miss Davies

43-4-1

Ottawa,
May 5, 1942.

Dear Bishop Dignan:

I have your letter of the 2nd instant, with reference to a change in the teaching services at the Bear Island School. It is noted that Rev. James J. Delaney will succeed Rev. H.A. O'Neill. The May salary cheque will be issued in favour of Father O'Neill and he can adjust any payment due to Father Delaney. The latter will be paid from June 1.

With kind personal regards,

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Rt. Rev. R.H. Dignan,
Bishop of Sault Ste. Marie,
North Bay, Ont.

Miss Davis

43-4-B

Ottawa, April 20, 1946.

Dear Sir:

With reference to your letter of the 16th instant, the Department approves your appointment as teacher of the Temagami (Bear Island) Seasonal School. It is understood that you will re-open the school on May 1. I presume that you will remain in charge of it until approximately October 1. Salary will be allowed at the rate of $100.00 a teaching month, plus bonus.

We have received your T.D.1A form, but we will require a staff questionnaire form. I enclose this and would appreciate it if you would complete it and return it to this office.

Yours very truly,

Encl.

For Deputy Minister.

Mr. Thos. A. McGuire,

Memorandum:

CHIEF TREASURY OFFICER

Re: Temagami (Bear Island) Indian Day School #439

Mr. Thomas A. McGuire has been re-appointed teacher of this seasonal school at a salary of $150. a month, effective June 1st, 1947. His salary cheque for the month of June should be issued immediately and sent to him at Bear Island, Ontario. He should also be paid for the months of July and August at the same rate.

As Mr. McGuire was employed at this school last summer it is not necessary to supply another staff questionnaire. I enclose T.D.1A form.

Re School on Bear Island, Temagami.

Dear Sir:

Understanding that you are in the market for school furniture, we take the liberty of sending you under separate cover copy of our school desk catalogue, and beg to say that we will be pleased to supply you these desks packed K.D. f.o.b. cars your station, freight paid, at list prices enclosed.

The Ball Bearing Automatic desk is made as a Single desk, Double desk with Entire seat, and Double desk with Separate or Divided seats. The Adjustable is only made as a single desk. For size and age accommodation please see circular.

We claim to have in our desks school furniture second to none on the Canadian or American markets, and also to supply upwards of two thirds of the desks used in this Country. We have for years been furnishing all the desks required for the schools of some of our Large Cities, in fact have had the contract for one of these Cities for the last Thirteen years.

We would particularly draw your attention to the perfectly noiseless Seat Hinge of our desks, and that the wood work of our desks is all rubbed down smooth after being varnished, while other manufacturers send their desks out in the bright varnish.

Trusting to hear from you and be favored with your esteemed orders for your requirements in this line, which shall have our best attention, we are,

Yours very truly,

THE CANADIAN OFFICE AND SCHOOL FURNITURE CO., (Limited

The New **"Ball-Bearing"** School Furniture embodies essential principles that are made possible by experience and expert construction, aided by the best material that the ingenuity of man can produce. Our New "Ball Bearing" Desks combine grace and beauty with the highest form of durability and rigidity. They embody every requirement—durability, simplicity, comfort, beauty of outline, superb finish, accuracy of fittings and an **absolutely, permanent, noiseless, Automatic Folding Seat.**

The Desks made by **The Canadian Office & School Furniture Co.** are in use in all the civilized countries of the Globe, a quarter of a million in Canada alone.

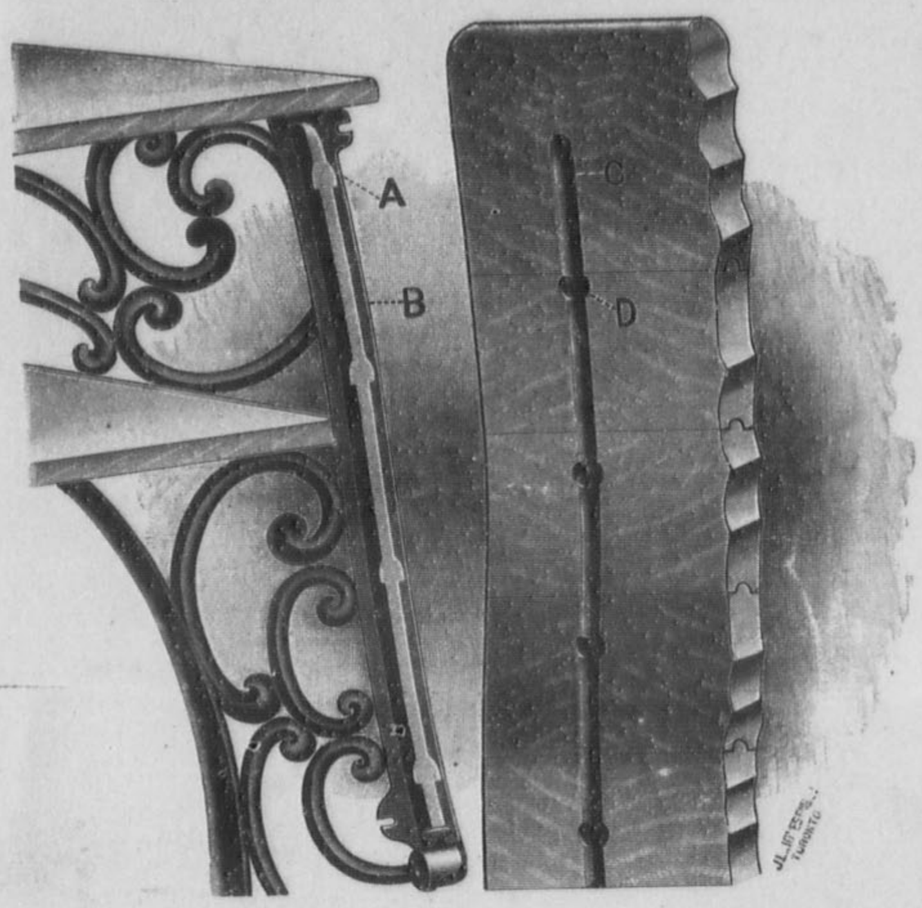
Fastening of Wood and Iron

By Means of Our Combined Double Wedge and Dove-Tail Fastener

(PATENTED 1898)

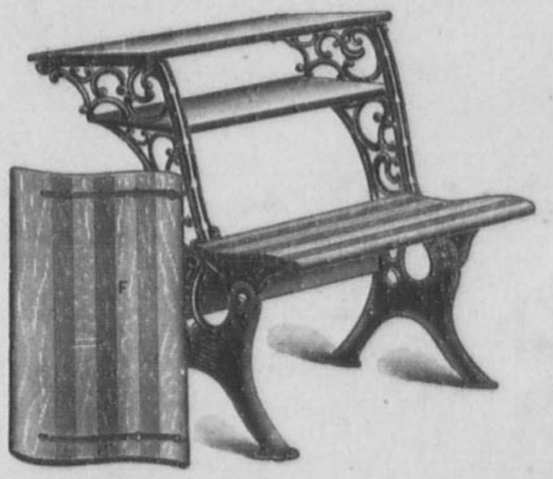


THE accompanying cut plainly shows our exclusive method of fastening woodwork to iron. B represents upright standard. A represents the double wedge and dove-tail, which slips into hole D in groove C of wood work. When the wood is placed over the iron, wedge A fittting into hole D, and the back is driven downward, the wedge A forces the flange on standard firmly into the recessed groove C in wood work, thus forming one continuous fastening the whole length of the wood.

The wood work of seat and top of desk is fastened to the iron in a similar manner. This is the only common sense method of putting school desks together, and we are the inventors, and have a monopoly of its use.

Note the perfect tongued and grooved glued joints; we make our tongues and grooves a large size which gives an extra large surface for the glue to spread, thereby making the most perfect joint possible. Our method of jointing has stood the test of years.

No Keys or Bolts Used in Setting Up This Desk



IN PROCESS OF SETTING UP

THE accompanying cut respresents a "Ball Bearing" Automatic Double Desk with **entire** seat, partly set up with the back off, showing the flange and wedges on the standard and the holes and recessed groove in the wood back. When the solid **top, seat and back** are driven home **they wedge themselves firmly**, locking all parts securely.

Every Slat Supported by the Flange, and Each Lug a Part of the Main Casting.

The Locked Book Shelf

THE Locked Book Shelf is secured in place by being pushed into grooves in the standard **from the front**, before the back of seat is placed in position. It can never be removed by mischievous boys, allowing books, pencils, etc. to fall on the floor to the great annoyance of the teacher and orderly pupils.

Frictionside" Adjustable Chair Desk

IT FITS THE FIGURE

The World's Greatest and Only Perfect Adjustable School Seating

IT was an infant yesterday; it is a giant today. Someone has said: "Blessed be the man who invented sleep." Countless thousands will hereafter say, "Blessed be the man who invented Adjustable School Desks, adding thereby to the health, strength and life of the human race." The manufacture of School Furniture is our business; we have followed it a life-time and made it our life's study. The creation of a perfect school desk is not an accident, it is a carefully thought out problem that requires brains seasoned and developed in the business to solve. Our life's service in the business, and phenomenal success therin, is an assurance that we understand its every detail. In the **Frictionside Adjustable Chair Desk,** we combine that which is most desirable in school desk construction. It is no visionary experiment, but a carefully studied development of men who are past masters in the art of school desk architecture.

We invite your study of adjustable desks, and ask your comparison of our "development" with the experimental desks made by other concerns. It will surely result in our favor. All the essential features of this style of desks are fully patented. Avoid infringements.

Styles, Sizes and Range of Adjustment

We make two styles of Book Boxes. One that is known as the Normal Box, which has a hinged lifting lid, and the other does not have this feature, but has what is known as the Open Box—that is, an open book shelf. The Normal Box is intended for the more advanced or high school pupils and is made in two sizes, as shown below.

Size and Range of Adjustment

Size of Desk Top	Range in Height of Desk	Range in Height of Chair	Age of Children designed for
Normal Lid, A Box, 20 x 26 in.	30½ in. to 23½ in.	19 in. to 13 in.	12 years and upwards
B Box, 18 x 24 in.	30½ in. to 23½ in.	19 in. to 13 in.	11 years and upwards
No. 1 Open Box 16 x 24 in.			

All Measurements of Height of Desks are Taken from Lower Edge of Top of Desk Top.

Desks are regularly made of first quality maple with a handsome cherry finish, but if preferred, can be made of genuine cherry at a slight additional cost.

We carry a full line of Teachers' Desks and Chairs. If interested send for our Circular which will be gladly sent on Application

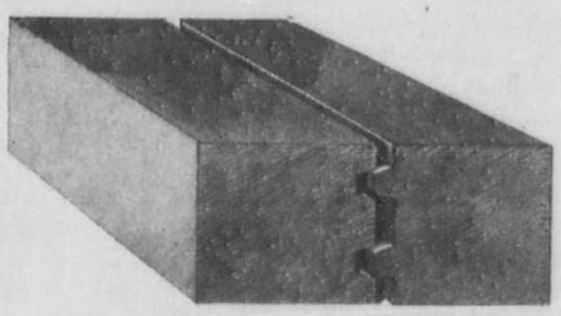
Incomparable for Ease of Operation

OUR Double Desks have **entire** seats or **separate** seats, and with the **"Ball-Bearing"** Automatic Double Desk with separate seats, each pupil can take, vacate or resume his seat without disturbing his neighbor or obstructing the aisle. **No sliding in and out of this seat.** Pupils do not slide into the aisle before they rise up as in other seats. Some manufacturers of the old style turn-up seats, to meet the demands for double desks with separate seats, have put in a centre leg, to make the separate seats, for which they charge you from 50 to 75 per cent. extra, and which are no better than a double desk with one long or entire seat. Can you fold one of their seats in the school room without getting into the aisle first? You might as well have their entire seat, for you **cannot** fold their double seat with separate seats; they are not **practical.** The convenience of this seat is acceptable in singing, breathing, reading or calisthenics, where a large number of the pupils are engaged simultaneously.

Our arrangement virtually gives both occupants of a double desk a **separate seat.** Also more room with less floor space than any other desk made.

We also make a **Double Desk with an Entire Seat** which is **less expensive.**

Automatic Double Desk with Separate Seats



Our New Desk Top Joint

THIS represents a section of our school desk tops showing the double wedge joint we are now using, which on account of the extra glue surface obtained and the wedging of the wood together makes a joint fully seventy-five per cent stronger than the old plain joint still in general use.

Guard against trouble with joints of tops opening up by purchasing our school desks.

Flush Top Ink Wells

Supplied with All of Our Desks

NICKEL PLATED

OUR Ink Bottle is securely locked in place. It cannot be spilt by accidentally striking underneath, but bottle can be easily removed for cleaning. The cover is **flush** with the top of lid, and books, slates, etc., can be moved over the surface without noise or interruption.

The Shield

WHILE our desk is the strongest made, and needs no bracing, we decided to add strength where we knew it was required. The shield protects the seat in front from being marred or rubbed by the occupant of desk in rear. Boys cannot place a pin in their shoes and "electrify" the studious pupil in front and neither can they fold the seat down when once up. The shield braces the desk latterally, supporting the castings where the leverage is the greatest **when leaning against the side of the desk.**

There is no uncertainty in dealing with us. Any banker will tell you all about us, and our responsibility makes our every promise good. When we say a thing is so—it IS so. If you are undecided write us. If in need of anything in our line, examine our goods and get our prices.

THE selection of our furniture will save you lots of worry in the future. There is no guess work in the construction of our work. Every device offered by us has been thoroughly tested and tried. The highest grade of product is our goal. We aim to make each year's work more perfect than the preceding year's. Our price is no more than is charged by others for inferior work. **Don't** buy experiments or deal with experimental concerns. **Be sure**—and in dealing with us you **are** sure—that everything is right. Our name and reputation reaching around the world, is a guarantee that it is so. Ten is to one as we are to other concerns engaged in the school furniture business.

Our Furniture is the Standard of the World

The Ball Bearing
Combination Adjustable School Desk

Desk

Rear Seat

The Ball Bearing Combination Adjustable School Desk is the Success of the Times

OF all the improvements that have thronged the last decade of school room advancement, the modern **Adjustable School Desk** is conceded to be the most far reaching in its effects, giving to the pupil lasting health, strength and vigor. As the ordinary adjustable school desk is to the old fashioned spine distorters so long used in schools, so is the modern **Ball Bearing Combination Adjustable Desk** to all other adjustable desks made—**supreme.**

It is unnecessary to enumerate the advantages of an adjustable desk. They are too self-evident to every intelligent thinking person.

To put an eight year old boy into a suit designed to fit a boy of sixteen wouldn't probably please him but it wouldn't do him any particular injury. To put the same boy into a school desk that is many sizes too large or small for him, and compel him to sit there in a cramped, uncomfortable position for hours at a time, month after month, would result in inevitable injury. If clothes are made to fit isn't it much more important that desks should also be made to conform to the size of pupils? The leading physicians of the world are united in favor of adjustable desks, and your study of their merits will convince you of their necessity.

School desk building requires brains. Take the best of material, but unless you add the Q. S. (quantum sufficit), as the physicians' prescriptions say, of intelligent brains, you can never make a perfect school desk.

We are believers in this proposition: we are students of the times, constantly originating new successes instead of feebly imitating the past efforts of others, and in our **Ball Bearing Combination Adjustable Desk** we have achieved the greatest success of the world in school desk construction. It is no accidental success, but the result of years of painstaking, brain using study and advancement.

We ask your study of adjustable desks and the advantages claimed for them. We invite your comparison of our Ball Bearing Combination Aujustable Desk with any other adjustable desk made. We fear no comparison. **We are too great for imitators, too strong for rivalry.**

OUR GOODS ARE THE STANDARD OF THE WORLD

Ball Bearing Combination Adjustable Desk

Explained in Detail

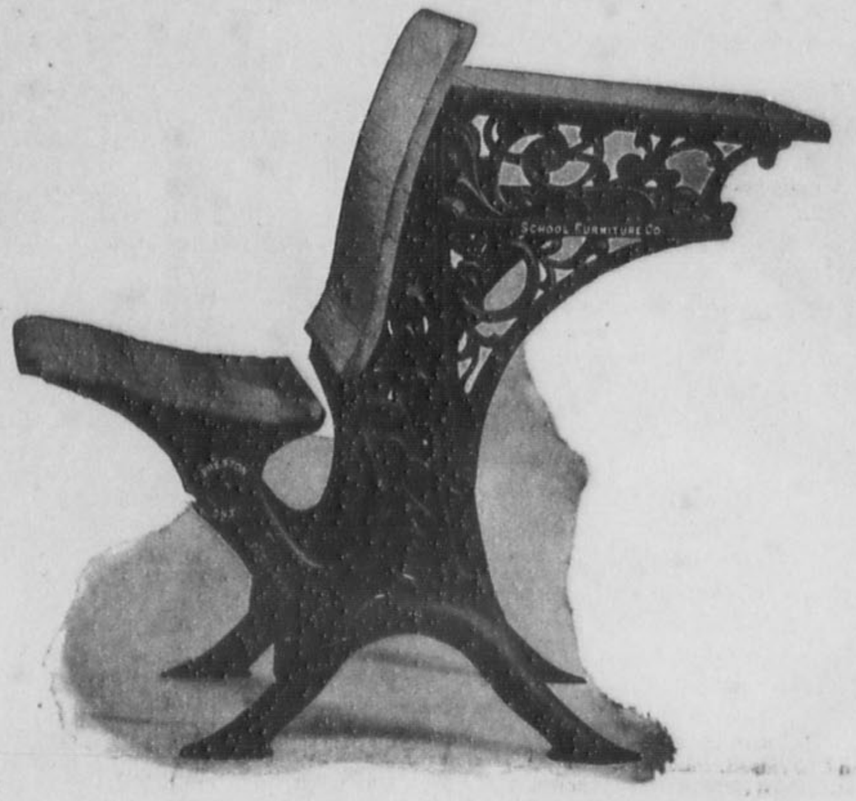

Figure 2

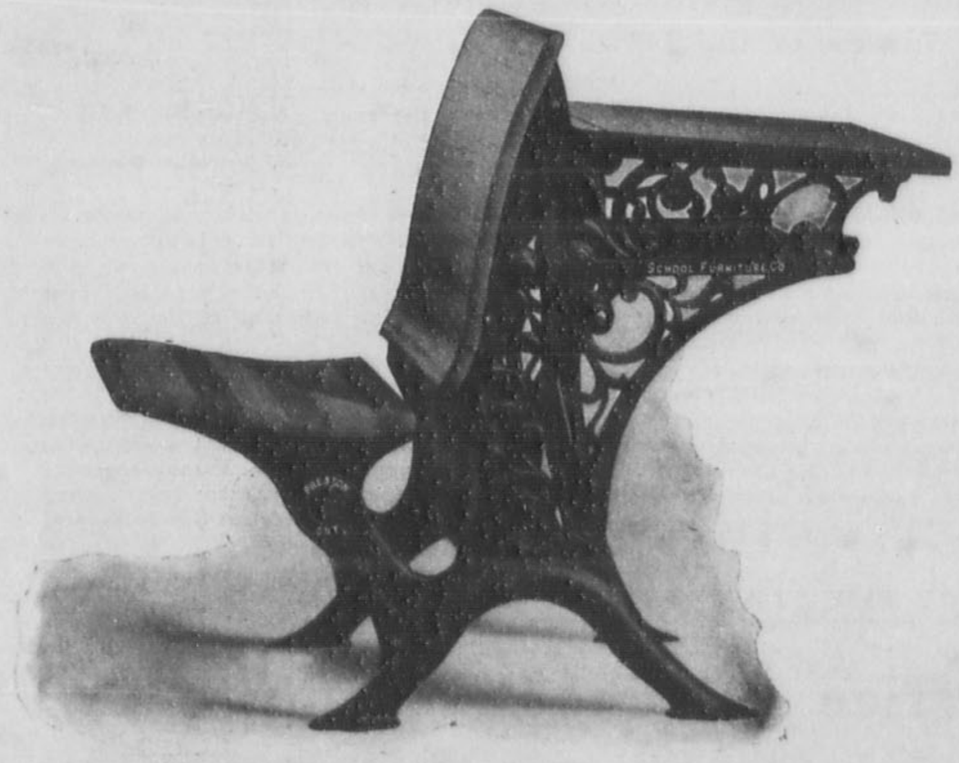

Figure 3

No Cogwheels. No Ratchets. No Unwieldy Levers or Appliances.

FIGURE 2 shows the desk both top and seat extended to full height. Either desk top, or the back and seat, can be adjusted to desired height independently of each other.

Note in standard the heads of two bolts. The bolts are for the purpose of clamping parts together. There is a main upright standard fitted with grooves, in which run the lugs or projections on castings of the desk top, also back and seat.

To raise or lower the desk top, loosen top bolt on each standard (right and left) and adjust the top to desired height. Then secure bolts tightly and everything is as secure as though made in one piece, owing to the peculiar construction of the grooves or corresponding lugs, or projections, spoken of before. The back and seat adjust together, that is, they raise and lower together. To make adjustment, loosen lower bolts on standards, adjust to desired height, fasten the bolts, thereby clamping parts together, and everything is accomplished securely and well.

An important item. As desk top is lowered, it moves on an incline, bringing it closer to the occupant of the accompanying seat. The seat and back also works the same way, i.e., as it is lowered it moves on an incline, bringing it closer to the desk in front. A necessary and very important feature, and to be found only in our Adjustable Desk.

Study this point well. The ordinary adjustable desk simply moves up and down in a vertical way. To adjust a desk and seat properly it is just as important that their relative distance should be changed as their height should be changed. A small pupil requires less room than a large one and the seat should consequently be closer to the desk and vice versa.

Figure 3 shows desk top lowered for the pupil using it, while the seat in front for a larger pupil is raised to full height. This, of course, could be reversed, the desk at a high point for a large pupil and the seat in front lowered for a smaller pupil.

Figure 2 shows both top and back, and seat extended to full length.

Our Patent Measuring Gauge

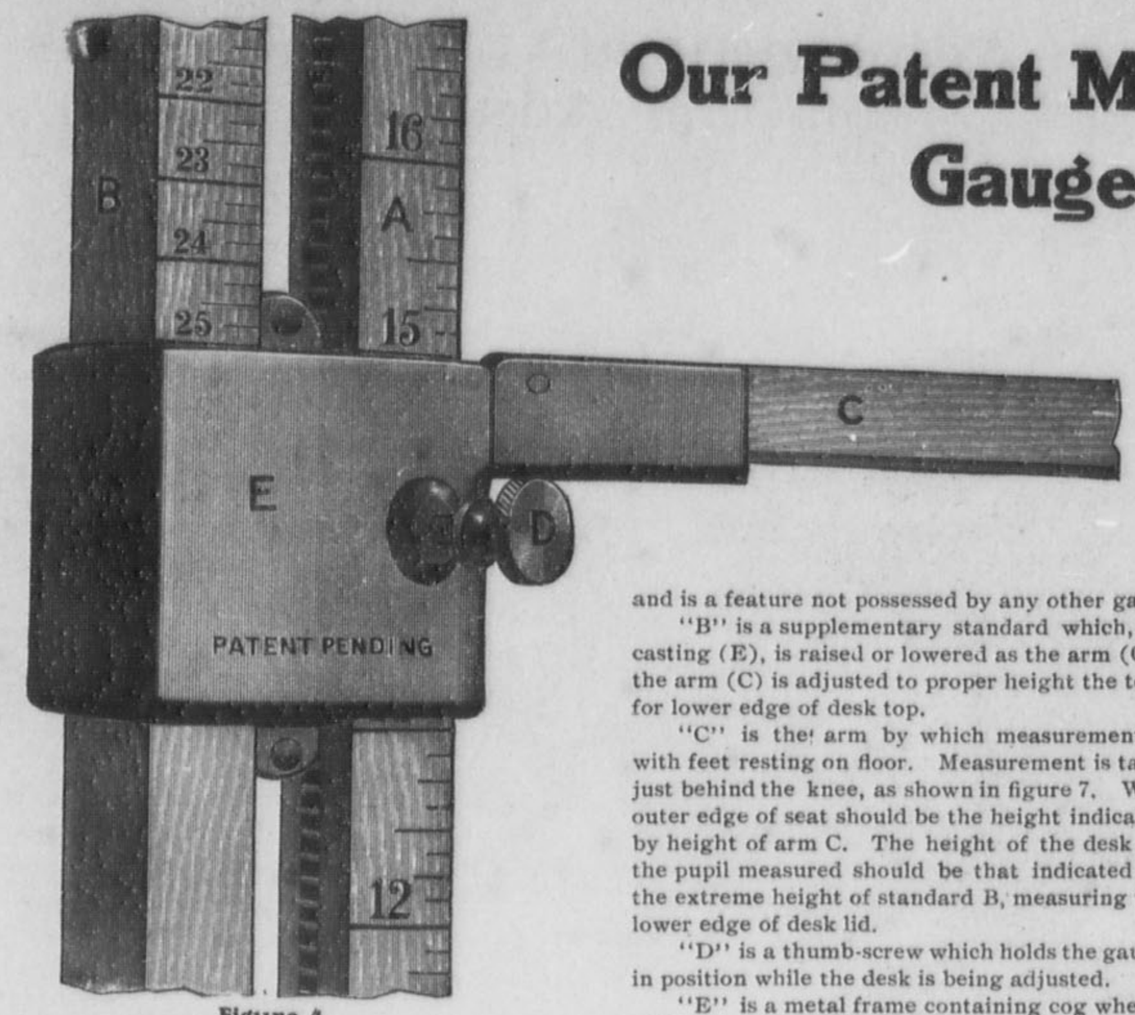

Figure 4

THE illustrations show our measuring gauge in various forms. In figure 4 we give merely a sectional view showing working parts. "A" represents main standard, which as you will see in another illustration, is firmly fastened to a metal base which enables the gauge to stand alone, which is a very great convenience in adjusting desks and is a feature not possessed by any other gauge on the market.

"B" is a supplementary standard which, by means of cog wheels inside of casting (E), is raised or lowered as the arm (C) is adjusted to size of pupil. When the arm (C) is adjusted to proper height the top of standard B is the proper height for lower edge of desk top.

"C" is the arm by which measurements are taken. The pupil sits in chair with feet resting on floor. Measurement is taken on lower side of the pupil's limb just behind the knee, as shown in figure 7. When measurement is ascertained the outer edge of seat should be the height indicated by height of arm C. The height of the desk for the pupil measured should be that indicated by the extreme height of standard B, measuring the lower edge of desk lid.

"D" is a thumb-screw which holds the gauge in position while the desk is being adjusted.

"E" is a metal frame containing cog wheels which turn on cogs in standards A and B. The arrangement of these wheels is such that standard B is raised 1¼ inches for every inch that arm C is raised, that is, for every inch that the seat is raised or lowered the desk top should be correspondingly raised or lowered 1¼ inches.

In figure 6, we show gauge extended almost to its full height as it stands on floor when measuring.

Figure 5, shows gauge folded compactly for putting away. Folded in this way it occupies a space of 18 x 3 inches, which readily admits of its being placed in teacher's desk and kept under lock and key free from the reach of mischievous boys. This is the only gauge that folds compactly, permitting it to be securely put away in an ordinary drawer. Other gauges are unwieldly affairs, unsuited in every way for the purpose for which they were intended, awkward to handle and difficult to understand. Our gauge is compact, convenient to use, and so simple that any one can adjust desks perfectly without any extended explanations, which are necessary with other gauges and which none but an expert can understand.

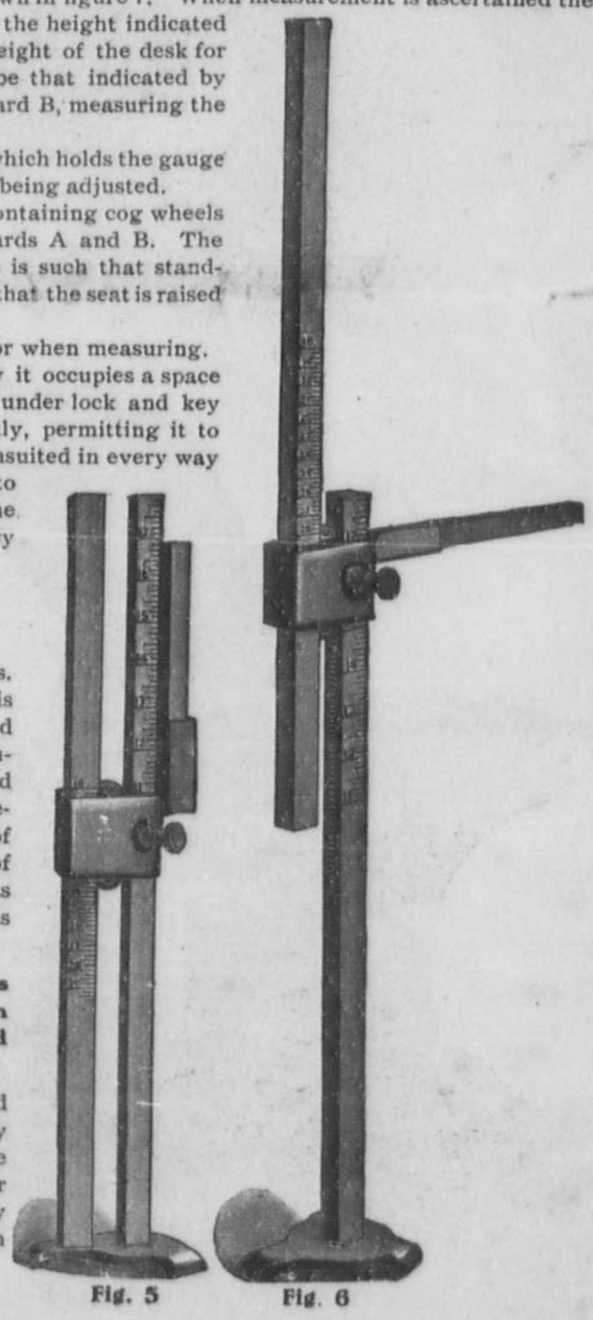

Fig. 5

Fig. 6

The Use of a Measuring Gauge

THE use of a measuring gauge is an indispensable adjunct to adjustable desks. Without it the adjustment of desks is mere guess work and, moreover, it is much more convenient to use the gauge. Without the gauge the desk and seat must be adjusted with pupil occupying the same, which is very inconvenient, as the work must thus be done in school hours, creating untold confusion and inconvenience. With a gauge the teacher goes through the room taking the measurement of each pupil, as shown in figure 7. The teacher makes a record of the size of each pupil, which she hands to the janitor and, after school hours, he takes the list of measurements and, with our patent measuring gauge, adjusts each seat and desk, as shown in figures 8 and 9, at a proper height from the floor, something which it is utterly impossible to do without the use of our gauge.

Do not for a moment consider the purchase of adjustable desks that are not adjusted by means of the measuring gauge. An adjustable desk without a gauge is of about as much use as would be a wagon without wheels.

Adjustable desks should be in use in every school room where there is any regard for health, but an adjustable desk that is not adjustable by means of a gauge, thereby insuring its being automatically correct, is a delusion and a sham and should be avoided. An incorrect adjustment is bad or worse than no adjustment at all. Our gauge is our own device and can not be had with any other desks but those made by us. It is endorsed by the leading physicians as being anatomically correct and with its use desks are perfectly adjusted to fit the pupil.

Adjustment of "Ball-Bearing" Combination Adjustable Desk

Figure 7

FIGURE 7 shows pupil occupying desk and teacher taking proper measurement for adjustment. As explained elsewhere when gauge arm is adjusted to proper height for seat, the top of gauge is the height for the edge of desk next to pupil.

The teacher takes the measurement (taking but an instant for each pupil) and makes record of proper adjustments. After school hours the janitor makes adjustment according to the measurement given him.

Figure 8

IN all other adjustable desks operated without a measuring gauge, desk must be adjusted during school hours with pupil occupying it, a very inconvenient arrangement, creating untold confusion and inconvenience. Moreover, without a gauge the adjustment is merely guess work. With our gauge the adjustment is anatomically correct. No confusion in school hours, no distraction from studies.

Figure 8 shows janitor adjusting top of desk. Observe that the lid is on a level with top of gauge. The adjustment may be supposed to have been made and he is tightening bolts, clamping upright standard and desk top castings together. When bolts are loosened the top may be moved up and down very easily, but when they are tightened the castings are as securely fastened and as rigid as though cast in one piece. Note that for desk top adjustment, the top bolts are operated—one on each standard (right and left).

Figure 9

FIGURE 9 shows a janitor adjusting back and seat. The back and seat raise or lower together and by releasing the lower bolts on standards (right and left) the adjustment can be easily made by raising or lowering the back as shown in cut.

After proper adjustment is made, tighten bolts securely and the parts are practically one piece. They cannot be moved or changed from the position in which they are locked without unlocking the bolts, no matter what pressure is brought to bear.

Range of Adjustment

The Desks are Made in Three Sizes and Range in Adjustment as Follows:

No. 1. Seat 18 inches to 15½ inches from floor. Top of desk 29 inches to 25½ inches from floor. Size of desk top 23½ x 16 inches. Can be used by children from eleven years of age upwards.

No. 2. Seat 15½ inches to 13½ inches from floor. Top of desk 26 inches to 22½ inches from floor. Size of desk top 20½ inches x 14 inches. Can be used by children from seven years of age upwards.

No. 3. Seat 13 inches to 11½ inches from floor. Top of desk 22½ inches to 19½ inches from floor. Size of desk top 18½ x 12 inches. Can be used by children from five to twelve years of age.

Construction of the

"Ball-Bearing" Hinge Dissected

THREE STEEL BALLS IN EVERY HINGE

Costs no more than Ordinary Iron Hinge with Makeshift Buffer

Accept no Substitute

Figure 2

Figure 1

Figure 3

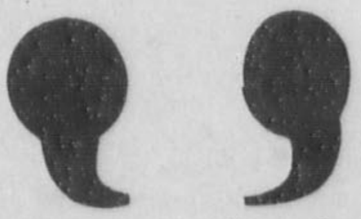

Figure 4

Figure 5

Figure 6

FIGURE 1 represents the seat arm showing "socket" which fits over the "ball" on Figure 2 (which represents upright desk standard). This constitutes a "ball and socket," or, as it is termed by some, a "trunnion joint" hinge. When the seat arm (Figure 1) is fastened over the standard (Figure 2) the entire weight rests on the ball and socket joint—none whatever on the bolt, it being merely used to clamp the seat arm and standard together. On both Figures 1 and 2 you will observe two iron lugs which are the stops when the seat is folded down or up.

FIGURE 3 illustrates reverse side of seat arm showing inclined grooves in which three bicycle balls run. Figure 4 is a cap which fits over grooves in Figure 3. You will observe that cap 4 is grooved to correspond with Figure 3, and when they are fastened together they form a tube larger in the middle than at either end through which the balls roll as seat is moved up or down. Figure 5 represents the reverse side of Figure 4. Notice that the face of Figure 5 is "dished" or concave in shape. When hinge is put together a tempered steel washer, in Figure 6 fits over the dish in Figure 5. The different parts are then bolted together with bolt shown in Figure 6. The tail piece to caps 4 and 5 passes through hole in standard (2) maintaining both cap and standard in one stationary position, the seat arm moving between them.

Teachers' Desks

In . . . Designing

These desks the aim was to bring forth something that would combine convenience, practicability and beauty, and in this our efforts have been eminently successful, for no other line of Teachers' Desks on the market begins to compare with these desks in these points. In the manufacture of these desks only the best material on the market is used and the most skilled help employed, and the result is a general ensemble of excellence hitherto unattained by manufacturers whose first thought was cheapness instead of quality. These desks are guaranteed and warranted in every way, and purchasers can safely rely upon their being as represented and according to specifications.

Dear Sir:-

Noting it is intended to erect new school building on Bear Island, and thinking perhaps a School Bell will be required, it has been suggested that we communicate with your department with a view to furnishing any Bells that may be required for new buildings of this kind erected by your Department. The "Superior" Bell is one fully guaranteed for durability and clearness of tone, and we would be very pleased to hear from you should a Bell be required for the School above referred to, or any others controlled by your department.

The list prices applying to the different sizes Bells are subject to a discount of 33-1/3%.

Yours very truly,

The James Morrison Brass Mfg. Co., Limited

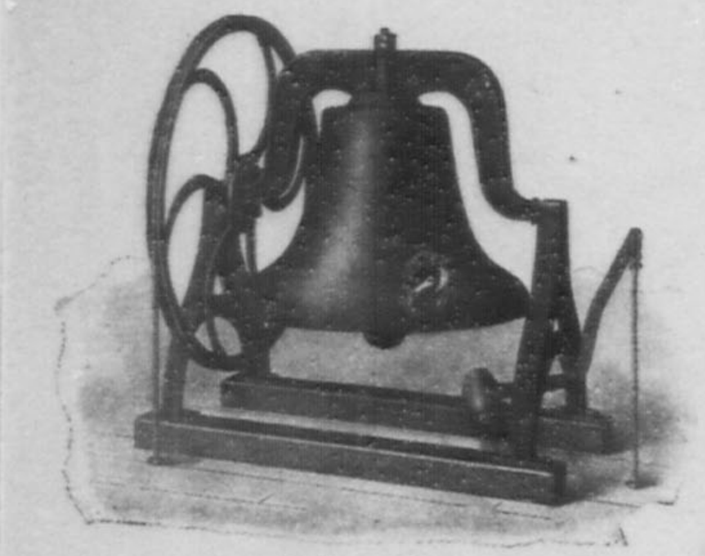
most urgently needed, especially in cases of fire alarms, when time is of vital importance.

It is to meet this widespread demand for a thoroughly excellent bell, obtainable at a moderate outlay, that we desire to invite your attention to our SUPERIOR CAST-STEEL BELLS for the Church, College, School, Court-house, Factory, Plantation, Farm, etc.

These bells are cast from a specially selected quality of steel, entirely unlike that used by other founders, and with the aid of the most approved appliances. We offer the highest grade bell of this class it is possible to produce, and one unequaled by the best product of any other founders. We guarantee our metal to possess every requisite for producing bells of full, rich, mellow tone and of the greatest durability. Enjoying the advantage of a practical experience covering many years, and the very best facilities for economical manufacture, intending purchasers may rest assured of a thoroughly satisfactory return for any money they may invest in our bell. Our mountings are extra strong, handsome in design, and bring out the full volume of sound with the least labor in ringing. Every bell, before leaving us, is given a thorough ringing test, and only bells perfect in their performance are sent out. We fully warrant all of our bells to be as represented, and in sizes twenty-two inches and larger not to break within **five years,** if rung and used in the proper manner. Should a bell fail within the time specified, we bind ourselves to furnish a new one, free of charge, on delivery of the broken casting here. In case of a breakage after the term of our warranty has expired, we will allow for the broken bell (without mountings) one-half its price in exchange for a new one.

We claim: For an investment of the same amount of money we can give you in our superior cast-steel bell an instrument that will furnish a greater volume of agreeable sound, and whose voice can be heard much further, than the copper and tin bell that can be purchased at its price.



Price List.

	Size, Diameter.	Weight of Bell only.	Weight of Bell and Mountings.	List Price.
School and Chapel Bells.	20-inch.	110 lbs.	160 lbs.	$16 00
	22-inch.	125 lbs.	200 lbs.	20 00
	24-inch.	160 lbs.	250 lbs.	25 00
	26-inch.	225 lbs.	350 lbs.	40 00
	28-inch.	260 lbs.	425 lbs.	50 00
	30 inch.	330 lbs.	540 lbs.	60 00
Church Bells.	30-inch.	330 lbs.	560 lbs.	$65 00
	32-inch.	390 lbs.	600 lbs.	75 00
	34 inch.	490 lbs.	750 lbs.	90 00
	36-inch.	590 lbs.	850 lbs.	110 00
	38-inch.	700 lbs.	1000 lbs.	125 00
	40-inch.	850 lbs.	1200 lbs.	150 00
	42-inch.	950 lbs.	1350 lbs.	165 00
	44-inch.	1075 lbs.	1550 lbs.	200 00
	46-inch.	1200 lbs.	1725 lbs.	225 00
	48-inch.	1450 lbs.	1950 lbs.	250 00

The weights and prices above named are for bells and mountings complete, including wood sills, yoke, standards, rope wheel, and for Church Bells sizes 30-inch to 48-inch inclusive, tolling hammer without extra charge.

Tolling hammers for 24, 26, 28 and 30-inch school bells are $5.00 additional.

All sizes except 20 and 22-inch have springs.

"What Size Bell do We Require?"

This is a question that is not by any means as simple as it may seem on the surface, by reason of the endless variety of natural conditions that must affect it, and there can be no fixed rule for measuring results that may be relied upon under unknown conditions. As a safe general rule we recommend the purchase of large bells, and we do not do this from merely mercenary considerations, but from a long, practical acquaintance with bells and their possibilities, and of the vastly more agreeable tones obtainable from large bells than are possible from small ones. This is especially the case with church bells, in which we rightly demand a solemnity of tone befitting its mission of calling men to worship, and not the sharp, business-like clang entirely appropriate to the school, factory or fire-engine-house bell. For a village church vastly more satisfactory results will be obtained from a bell larger than thirty-six inches than from one of smaller size. It should be remembered that with increased size comes greatly increased volume and sweetness of tone, and that it is, therefore, practically impossible to install a bell too large for any church, increased size being inseparable from added sweetness. It is a mechanical impossibility to make a small bell with a deep, grave, sonorous tone—as small bells, like many small people, have shrill voices. Size and sweetness cannot be wedded save in a bell of goodly proportions. Cases where profound regret has been felt and expressed that a small bell was selected are of constant recurrence, whereas the pleasure afforded by a really fine bell, with its deep, far-reaching peal, abundantly offsets the extra exertion and possibly self-denial its purchase represents. In conclusion, a word to the wise: when buying your church bell always select one that may seem to be far too large. You will never regret such action.

Is the Superior Cast-Steel Bell Suitable for Church Purposes?

As already stated, the tone of the bell is governed entirely by its size and weight—large bell, deep tone; small bell, more shrill and penetrating; and this general rule applies to all bells without regard to the metal of which they are composed. A copper and tin bell, of say one or two hundred pounds, by reason of its small size, would, if used for church purposes, be an ear-distressing nuisance, and far more likely to suggest dinner-hour than church-time. For the cost of such entirely inadequate copper and tin bell a superior cast-steel bell of three times its weight and size can be had, and with that increase in size and weight the tone suitable to a church bell can be secured, and we therefore unhesitatingly answer our question in the affirmative. Yes, the superior cast-steel bell is pre-eminently suitable for the church belfry.

Durability.

The lasting powers of any bell will naturally interest purchasers, and, before making what is expected to be a permanent investment, they will, of course, desire to know not only what they are to get for their money, but how long they are to have what they do get. Experience has taught us—and experience is generally regarded as a competent teacher—that our superior cast-steel bells are, in point of durability, equal to any bells in existence, and many of them are now speaking for themselves after terms of continuous service covering many years. We manufacture large quantities of these bells annually, and it is very seldom that complaints reach us of their failure in use; indeed, we may truthfully say that they are not more liable to break than the very best copper and tin bells made. This immunity from breakage may be credited to our extreme care in their manufacture—a care that commences with the selection and mixing of the raw metals and casting processes;

more care in the finishing of the bell and its mountings, and, finally, to our extra care in its test before allowing it to leave our hands. We do not work by guess, and with our long experience as bell-founders cannot be tempted to take chances. A bell that comes safely through the first month of its use successfully has given a hopeful promise of endurance, while in one that has lasted a year the chances of breaking are so trifling as to scarcely be taken into account. As our warranty follows every stroke of one of our bells for **five years,** the question of any risk whatever in buying one of our superior cast-steel bells is entirely removed.

School Bells.

As an unfailing incitement to punctuality, a stimulus to the naturally prompt, an efficient urger to the tardy, the school bell cannot be overrated, and in this particular no clock can approach it in efficiency. What the ship's bell is to the crew of a well-ordered vessel, the school bell is to the "crew" that it assembles; and its ringing at regular intervals, especially in rural districts, is a recognized force on the side of punctuality. Clocks constantly vary—many do not strike, and little children cannot tell the time by them; but when the peal of the well-known bell rings out, big and little, young and older, all set their faces schoolward, and punctuality becomes the rule and not the exception. In villages, or where the population is more or less scattered, the value of a lively, far-reaching bell upon the school-house cannot be overestimated, and for such service nothing can be had better than one of our superior cast-steel bells.

How Far Can a Bell be Heard?

This is, of course, a very important question, but one to which a general answer only can be made, as the natural conditions governing the transmission of sound must vary in every case. In a hilly or rolling country a bell cannot be heard half as far as on a plain or flat district. Sound will travel much further up and down

TESTIMONIALS.

We invite your attention to a few testimonials to the satisfactory performance of our SUPERIOR CAST-STEEL BELLS which we venture to think abundantly vindicate our detailed claims to surpassing excellence for them.

Statesburg, S. C., August 8, 1898.

The 32-inch bell purchased from you for Wayman Chapel A. M. E. Church, April 16th, 1898, takes the lead in the community. It can be heard five miles; it is admired by all that see or hear it.

Rev. W. E. JOHNSON, Pastor.

Newville, Ind., August 6, 1898.

The 28-inch bell I purchased of you gives entire satisfaction. I have heard it a distance of five miles, which is much farther than is necessary in any school district. There are no better bells in this vicinity.

A. E. CHAPMAN, Trustee Newville Twp.

Edenton, N. C., August 8, 1898.

The 36-inch bell bought from you gives perfect satisfaction. It can be heard in fair weather from two to three miles. Will recommend them to any one wanting a good bell. It has soft tone.

N. TARKINTON.

Meadow Grove, Neb., August 6, 1898.

The 30-inch Superior Cast-Steel bell sent us last January is giving excellent satisfaction. People living five miles from town hear it quite often. Our people think it is the finest toned bell they have heard in the State.

C. S. EVANS.

Ontario, Wis., August 6, 1898.

I take pleasure in recommending the 26-inch Superior Cast-Steel bell that we purchased of you about a year ago. The bell can be heard from two to three miles distant and the tone is improving.

S. SLOGGY, Dist. Clerk.

Pender, Nebraska, June 3, 1903.

The 44-inch Superior Cast-Steel Bell, purchased for Evangelical Lutheran St. John's Church, Cuming County, Nebraska, is very satisfactory. The tone is much louder and stronger than that of other bells in the vicinity.

FRITZ FUEST, Pastor.

Gorrie, Ont., Canada, Feb. 3, 1900.

The 48-inch Cast-Steel Church Bell, received from you continues to give good satisfaction. It can be heard, under favorable circumstances, eight miles. We are well pleased with it and consider it a very cheap bell.

(Rev.) A. B. FARLEY, Rector St. Stephen's Church.

Walnut, Iowa, June 2, 1903.

The 42-inch bell you shipped me in 1902 has been in constant use and is giving the best of satisfaction. The tone is good and can be heard as far as any other bell in our city. Our people are well pleased with it.

A. E. KINCAID.

Marion, South Dakota, May 28, 1900.

The 34-inch Cast-Steel bell bought of you is all right, and our members are all pleased with it. The bell has a very clear sound. We are all satisfied with the bell.

THE FREE REFORM CHURCH,
per Franz Tempel, Treas.

Effington, Minn., March 2, 1903.

The 46-inch bell received from you last September gives us full satisfaction and is in every respect what you claim it to be. We will recommend it to any one in need of a church or school bell.

THOS. KOEP, Secretary.

Worthville, Ky., August 6, 1898.

The 225-pound bell bought of you last October has proven entirely satisfactory. It can be heard much farther than any other bell of the same size. I consider it a first-class bell.

W. S. GOLDEN.

Diona, Ill., August 8, 1898.

The 34-inch Cast-Steel bell bought of you last October, was placed on the Clear Creek (Sep. Baptist) Church, and has given entire satisfaction to all. We think it unsurpassed in tone and quality, and don't think it can be beat by any bell of equal weight in the United States. It has been heard five miles.

J. C. COTTINGHAM.

Dale, Okla. Ty., August 11, 1898.

Your 24-inch Superior Cast-Steel bell shipped to us has given entire satisfaction and we consider it the finest and loudest toned bell in this country. This bell has been heard five miles.

J. H. BUZZARD.

Carberry, Manitoba, Canada, Feb. 13, 1900.

The 40-inch Superior Cast-Steel bell shipped us last year is giving good satisfaction. It can be easily heard seven miles. The School Board is well pleased with it. The tone is fine.

MURPHY, BROWN & CO.

Stanley, Kansas, August 6, 1898.

We are greatly pleased with the 26-inch bell received from you. It gives perfect satisfaction and can be heard at a distance of five miles. It is considered the best bell in our vicinity. We highly recommend your bells to be of the very best quality and to give good satisfaction.

A. J. CHANEY.

Wellsburg, Iowa, June 1, 1903.

Regarding the 40-inch bell we received of you for our new Evangelical Church, will say that among about eight churches around here, ours is the best and cheapest bell of all. By good weather and wind, people can hear it for five or six miles, and it gives No. 1 satisfaction.

D. E. AUKES.

Cushing Mich., August 9, 1898.

The 26-inch Superior Cast-Steel bell, bought of you for School District No. 4, Pipestone Township, Michigan, gives good satisfaction. It can be heard from four to five miles, which is farther than any other district bell in this vicinity is heard.

WARREN KROHNE, Director.

Clarington, Penn., June 4, 1903.

The 36-inch church bell we purchased of you is a very fine one. The volume of sound is musical and clear, and although our town is situated in a valley with high hills surrounding it, the tones of the bell can be heard over two miles. We consider the bell well worth the price we paid.

J. P. HICKS, Pastor, M. E. Church.

Rome, Iowa, August 6, 1898.

The 24-inch bell which we purchased of you is still giving entire satisfaction. The tone is very similar to the church bells in our county capital. When circumstances are favorable the bell can be easily heard a distance of five or six miles, and in volume and tone far excels anything in this vicinity.

P. J. CRAWFORD.

Momence, Ill., August 5, 1898.

The 34-inch bell is all right and gives good satisfaction. So far, it is the cheapest bell in use on any church in this town and I think it is the best. It has a very deep, clear sound and can be heard three to five miles. The bell is all right all told.

PETER PETERSON.

Middletown, N. C., August 8, 1898.

The 30-inch Superior Cast-Steel bell we got from you in May, 1897, is giving perfect satisfaction. It has very much improved in tone and has been heard two miles, I don't know how much farther. The bell is a recommendation in itself. For cheapness, sweetness of tone and strength against breaking, it can't be beat.

J. W. RESPESS.

Herman, Missouri, August 13, 1898.

In answer to your letter I have the honor and pleasure to say that the 22-inch Cast-Steel school bell, ordered last year, gives entire satisfaction. Its tone is rich and clear, penetrating a greater distance than other bells of equal size. It can be plainly heard at a distance of three miles. It is also very easy to ring. A child can ring it.

H. J. PUCHTA, Dist. Clerk.

Corbett, Potter Co., Penn., June 18, 1903.

The 26-inch bell ordered for the school here continues to give the best of satisfaction. I have been told that it has been heard four miles under favorable conditions—our section of the country being quite mountainous. It is the superior of any school bell that I know of in the vicinity.

LEO. A. SKINNER, Teacher.

Trinity Mission, Randsburg, Cal., Oct. 1, 1897.

I take pleasure in saying that the 36-inch Cast-Steel Bell is giving entire satisfaction and is doing good missionary work by warning the miners, and others, in all the camps when it is Sunday, and it has brought many a one to service.

HENRY H. NAGEL, in charge.

Lodi, New Jersey, Feb. 27, 1901.

The 26-inch bell purchased of you is a surprise and gives perfect satisfaction. It is better than any bell in this vicinity for its size. For cheapness, and sweetness of tone, it can't be beat, and it can be heard at a great distance. I can recommend the bell to be all it is claimed to be.

J. VAN HOOK, Clerk, Board of Education.

Poland, Ia., June 5, 1903.

The 28-inch bell purchased of you has given satisfaction in every respect. It has been heard five miles. There is no bell in this vicinity that will equal it in any respect. I am well pleased with it. I will always speak for your bell anywhere.

J. S. ELLIS.

Hot Springs, Ark., May 6, 1899.

Our bell, 38-inch, has been mounted and gives entire satisfaction. We would not exchange it for bells that cost twice the amount we paid for it.

T. O. OWEN, Pastor, Malvern Hill
M. E. Church, South.

Claremont, Minn., August 11, 1898.

Referring to your card of [illegible], will say, the 26-inch Superior Cast-Steel bell, purchased of you September 30, 1897, gives entire satisfaction. It is the best bell in this vicinity, having a very clear tone. The bell was heard seven miles New Year's Eve, and many thought there was a fire. Boys were ringing it for sport.

F. O. STEVENS, Clerk Dist. No. 17.

Marathon, N. Y., August 4, 1898.

The 36-inch bell purchased of you last year gives entire satisfaction. Often hear it three miles away. Tone is clear and musical.

F. D. HARTSOCK, Pastor M. E. Church.

Summittville, Ohio, August 18, 1898.

The 26-inch Cast-Steel bell purchased of you October 30, 1897, has given the best of satisfaction. It has a fine tone and can be heard a distance of four miles. I would not hesitate in recommending it to any one in need of a good bell, and the company for honest and square dealing.

M. E. EASTERDAY, Director of Silver Ridge.

North Birmingham, Ala., August 19, 1898.

The 30-inch Superior Cast-Steel bell we bought of you October 15, 1896, is of superior quality. It excels any church bell in this vicinity and gives general satisfaction. I know of no bell for its price and size to compare with it. Can be heard distinctly two or three miles. I cheerfully recommend it to any church needing such price and size bell.

Rev. D. P. MOORE, Pastor St. Luke's A. M. E. Church.

Rosebud, Texas, August 18, 1898.

The 32-inch bell you sent us in July, 1897, answers our purpose well enough at present. It can be heard a distance of two miles, and compares favorably with other bells in this vicinity.

MOSES HUBBARD.

New Westminster, B. C., Canada.

I have much pleasure in testifying to the entire satisfaction the bell purchased from your company by the Vestry of St. Paul's Reformed Episcopal Church, this city, has given us. I might mention that it is probably one of the most pleasant sounding bells in our city, its tone being rich and clear. The bell can be distinctly heard for a long distance, and on the whole gives us as much satisfaction as if it were a much higher priced bell. Many of the churches of our city use it as a guide for the commencement of their services, and by these churches nothing but the highest praises can be given as to the sound of our bell. (Ours is a 40-inch bell), I am,

Yours very truly,

J. I. JOHNSTON, Sec'y St. Paul's Church.

a valley than over the hill-tops that enclose such valley. Where the regular belfry or room in which the bell is hung is lower than surrounding buildings or groves of trees, its sound will be greatly circumscribed. Frequently bell-towers have but small windows or openings and with the louver boards so close together as to almost stifle the sound those very openings were designed to send abroad. Bells can be heard for a long distance across lakes or sheets of water, but it is a popular error to conclude that the distance a bell can be heard is exclusively a question of weight, and that a bell weighing 1000 pounds can be heard twice as far as one of 500 pounds. The large bell does not furnish anything like double the resonant surface of the smaller one, and, of course, the volume of sound is governed by such surface. As has already been noted, in the large bell we gain those deep, solemn, sonorous tones which are impossible in smaller ones; but from small bells, with their sharp, penetrating tones, great sound-carrying power is attainable. A small bell hung in an open tower is often heard at a distance seemingly out of all just proportion to the performance of a 1000-pound bell in a church-tower comparatively close at hand, and such instances constantly lead to unfavorable and quite unjust comparisons. A sharp, shrill sound penetrates to a long distance when simply a noise is demanded; but when the quality of that noise must also figure in the account, and a mellow, pleasing tone be had, then "enchantment" cannot be borrowed from distance. Great sound-spreading power, coupled to a melodious sweetness, demands a large bell, as without size and consequent weight those features are quite unattainable. When bells are stationary, and struck or tolled, they will not, as a rule, be heard half as far as when rung by swinging—for the reason that the swinging motion, by constantly throwing the mouth of the bell upwards, scatters its tones far abroad, and at the same time imparts to those tones a volume and sweetness not to be achieved by striking a fixed bell.

J. D. McLean Esq.,

Secretary, Department of Indian Affairs,

Ottawa, Ont.

Dear Sir-:

We beg to make a tender for the construction of the school house at Bear Island as per plan and specifications which we have seen, the work to be done in a workmanlike manner and to be under the supervision of an officer appointed by your department. The price to be $1900. This may appear to be a large figure for this building, but it will be very expensive to build according to these specifications. We would like to know at once if our tender is accepted so that we can have it constructed before our busy season commences. We have the lumber also a planing mill here.

Yours truly,

Temagami Steamboat & Hotel Co. Limited.

MEMORANDUM:

Mr. Ogilvie.

Would you kindly in future prepare all memoranda in connection with your work addressed to the Deputy Minister or the Assistant Deputy Minister for my signature. I would be glad if you would also initial the memoranda.

With reference to the attached memorandum regarding the new School building at Bear Island, I think we cannot erect this building if it is to cost more than $1200.00. I observe that in your memorandum you do not say that $1440.00 is a fair price for the work, but in any event we cannot pay that much. Britton's tender is more reasonable, and as it cannot be accepted owing to late arrival, I fear that we will have to call for tenders again.

D Clerk

Chief Accountant.

Sir:-

I beg to acknowledge the receipt of your tender for the erection of a school on Bear Island, Temagami. Through an informality in the receipt of some of the tenders it has been decided to ask ~~some~~ certain of the contractors by letter to submit another tender for this work, which will include in addition to the work already tendered on, the providing of wood strip in cloak-rooms with 4 dozen hooks fixed in place complete. The tenders to be addressed to the Secretary of the Department of Indian Affairs and must be received here, not later than May 22nd.

Your obedient servant,

J.D. McLean

Secretary.

George Sutherland, Esq.,
Sturgeon Falls,
Ontario.

T. D. FORM 28

Canadian Pacific Railway Company's Telegraph

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS

It is agreed between the sender of the following message and this Company that the said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruption in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received from sending same. To guard against errors the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon, at the following rates, in addition to the usual charges for repeating messages, viz:—One per cent. for any distance not exceeding 1,000 miles and two per cent. for any greater distance.

This Company shall not be liable for the act of omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender, and without liability therefor. This Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices: if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages unless the same be claimed in writing, within sixty days after the receipt of telegram for transmission. No employee of the Company shall vary the foregoing.

Know all Men by these Presents,

THAT WE

George Sutherland of the Village of Sturgeon Falls Contractor. William Armitage, Shoemaker and J.K.McConnell, Butcher and General Provision Merchant, all of the same place,

are held and firmly bound to His Majesty King Edward the Seventh His Successors and Assigns represented by the Superintendent General of Indian Affairs of the Dominion of Canada in the sum of One thousand four hundred and forty---------- dollars of lawful money of Canada, to be paid to the said Superintendent General of Indian Affairs of the Dominion of Canada for the time being, for which payment well and truly to be made we bind ourselves, our Heirs, Executors, Administrators and Assigns, jointly and severally, firmly by these presents, sealed with our seals.

Dated this 25th day of June, in the year of Our Lord one thousand nine hundred and nine

The Condition of this Obligation is such, that if the above bounden George Sutherland

and his
their Executors, Administrators and Assigns, shall in all things well and truly keep and perform the covenants, conditions and agreements specified and contained in a certain agreement bearing even date with the above written obligation and made between His Majesty the King represented by the Superintendent General of Indian Affairs of the Dominion of Canada and George Sutherland---------- of the village of Sturgeon Falls in the District of Nipissing ~~in the County~~ Province of Ontario. which on the part of the said George Sutherland---------- ought to be observed, fulfilled and kept according to the true intent and meaning thereof, then the said obligation to be void and of no effect; otherwise to remain in full force, virtue and effect.

Agreement made in duplicate the 25th day of

June---------- A.D. 1909.

Between His Majesty King Edward the Seventh, represented by the Superintendent General of Indian Affairs of Canada (hereinafter called the Superintendent General) ;

And George Sutherland of the village of Sturgeon Falls, District of Nipissing, Province of Ontario.

of (hereinafter called the Contractor).

The Contractor for himself, his heirs, executors, administrators and assigns, agrees to do in the most workmanlike manner all works and provide all the materials of the best kind shown in the drawings and described in the specifications marked "A" and "B" respectively and signed by the Contractor, and to complete, furnish and hand over to the Superintendent General or to some person by him appointed for that purpose, the **frame school-house on stone foundation which is to be erec erected on Bear Island Temagami Ontario according to plans and specifications prepared for the same by the Department of Indian Affairs and being numbered I93.**

and all other work and labour incidental to and necessary for the entire completion thereof, whether specified or shown in the drawings or specifications or not, by the **first** day of **October** A.D. **1909.**

AND in consideration of the above agreement on the part of the Contractor, the Superintendent General hereby agrees to pay the said Contractor the sum of **One Thousand four hundred and forty** dollars, provided always that the Superintendent General may at any time during the progress or after the completion or alleged completion of the work, appoint an Architect, Engineer or other officer, in which case the certificate of such Architect. Engineer or other officer, that the work is duly completed and of the amount, if any due, to the Contractor, after making such allowances for penalties and for defective or incomplete work, or for extras and deviations as the Architect, Engineer or other officer shall think fair, shall be a condition precedent to any claim by the Contractor under this contract.

AND the Contractor for himself, his executors, administrators and assigns, further covenants and agrees :—

1. That the wages to be paid in the execution of this contract shall be those generally accepted as current in each trade for competent workmen in the district where the work is carried on. If this condition is violated, the Superintendent General may cancel the contract and refuse to accept any work done thereunder.

2. That if the Contractor fails at any time to pay any account for any goods or materials supplied, or money advanced by anyone to the said Contractor for the purposes of this agreement, or to pay the account of any sub-contractor for any work or materials done or supplied for the said works to be constructed under this agreement, and such

account is in either of such cases one month overdue, the Superintendent General may notify the Contractor to pay such account, and if a week elapse and the same be not paid in full, the Superintendent General may pay such account and may charge the same to the Contractor, and the Contractor covenants with the Superintendent General to repay at once any and every sum so paid.

3. That if the Contractor fails at any time in paying salaries or wages of any person employed by him upon or in respect of the said work, or any of them, and any part of such salary is one month in arrear, or if there be due to any such person one month's wages or salary, the Superintendent General may notify the Contractor to pay such salary or wages, and if two days elapse and the same be not paid in full up to date of payment, or to such other date as may be in accordance with the terms of employment of such person, then the Superintendent General may pay to such person his salary or wages from any date to any date and to any amount which may be payable, and may charge the same to the Contractor, and the Contractor covenants with the Superintendent General to repay at once any and every sum so paid.

4. That pursuant to the Statute in that behalf, this Agreement is made subject to the express condition that no member of the House of Commons of Canada shall be admitted to any share or part of this Agreement or any benefit to arise therefrom.

5. That the Contractor shall not assign, transfer or set over this contract or any interest therein to any person or persons whomsoever, without the consent, in writing, of the Superintendent General of Indian Affairs first had and obtained.

IN WITNESS WHEREOF the said Superintendent General of Indian Affairs, acting as aforesaid, and the said **George Sutherland** have hereunto set their hands and seals the day and year first above mentioned.

Sir,—

Referring to your letter of _____

No. _____

I beg to enclose letter received from Mr. Geo. Sutherland contractor of the Bear Island school building stating that he is unable to procure 1½ inch maple flooring as called for in the contract and asking to substitute ⅞ inch for its place.

I also beg to report that I was at Bear Island on the 12th inst. and made an inspection of the building and the material which appear to be satisfactory. The contractor has now the frame of the building up and closed in. He has been delayed owing to getting the material delivered at the Island. This is nearly all there and the building should go on rapidly.

Ex'd.

Ottawa, 4th September, 1909.

Sir,-

I have to acknowledge the receipt of your letter of the 14th ultimo enclosing a communication from Mr. Sutherland, contractor for the Bear Island school building, in which he states that he is unable to procure the 1½ inch maple flooring as called for in the specifications, and asking to be allowed to substitute 7/8th flooring in its place. In reply I beg to say that heavy flooring was called for purposely, and if it cannot be obtained it is a question whether the contractor should not make some reduction in the contract price if he is allowed to substitute the 7/8th flooring. Kindly state whether you think a reduction should be asked on this account.

Shuswap Falls. B.C. 6th September 1909

35088

Sir,

Referring to your letter of 4th September 1909

No. 203067/5

I beg to acknowledge receipt of your letter in reference to Mr. George Sutherlands instructions of the 2 school buildings at Bear Island wishing an advance of $700.00 to pay for materials & now beg to enclose certificates &c. same.

In reference to the Departments acceptance Mr. Sutherlands offer to build two closets at $20.00 each, and to clear the logs &c. for the sum of $25.00 and not to fence it as stated in your letter.

The cost which is one acre would be better if fenced and if the Department wishes I will make enquiry as to cost of building same.

I am Your Obedient Servant

Geo. P. Cochrane

Indian Agent.

The Secretary

Dept. of Indian Affairs

Ottawa.

Ottawa, September 17, 1909.

Sir,-

Replying to your letter of the 8th inst. I beg to say that you may purchase a box-stove at a cost of $16.00 for the Bear Island school and the necessary desks and teacher's chair will be ordered from Ottawa to be sent to your address at Temagami. You will be advised by the firm when these are shipped.

The necessary blinds for the windows at this school may also be purchased.

The fencing of the grounds may stand till next year and the Department approves of your action in having them underbrushed and levelled, the cost not to exceed $35.00.

Your obedient Servant,

Asst. Secretary.

(Original copy lost)

203067/5

Ottawa, September 17, 1909.

Sir,-

I have to request that you will be good enough to order for the Bear Island Indian school, Bear Island, Lake Temagami, the following furniture.

Six double-separate desks No. 5.
Three " " " No. 4.
Three " " " No. 3.
Three rear seats No. 3.
One Teacher's desk, No. 133 in your Catalogue.
One Teacher's desk, of the same kind as recently supplied by you for the Chenial Indian School.

These goods should be shipped, freight prepaid, to Mr. George P. Cockburn, Temagami, Ont., who will make arrangements to have them delivered from that point, and the accounts should be sent to him. As they have to be forwarded from Temagami by boat, no time should be lost in having them shipped, and Mr. Cockburn should be advised of the date of shipment without fail, the notificationto be sent to Sturgeon Falls, Ont.

Your obedient servant,

Asst. Secretary.

Sir,—

Referring to your letter of 27th July 1909.

No. 203067/5

I beg to report that Mr Sutherland contractor of the new school buildings at Bear Island advised that the contract was completed.

I returned from Bear Island today having made an inspection of the works and now beg to state that the works according to plans and specifications is complete except the plastering and the inside painting of the building. The plastering is rough work this I do account for in the difficulty in getting good sand in that locality which I presume is correct.

The inside painting is not properly done owing to poor workmanship and to remedy should require to be cleaned and repainted.

The painting on the outside of building is good as well as the other works and material supplied.

Your Obedient Servant.

Geo. P. Cockburn

Indian Agent.

Ottawa, June 26, 1911.

Sir,

I have to acknowledge the receipt of your letter of the 19th instant enclosing a communication sent you by the Presbyterian Missionary at Bear Island applying for permission to hold services in the school building at that place.

In reply I beg to say that the Department would like to have a special report from you on this application. I may state that it is does not approve of school buildings being used for other than school purposes as a general thing. In this instance, as the Indians for whom the school was put up are Roman Catholics, it is a question whether it would be advisable to grant the Missionary's request.

Your obedient servant,

Asst. Deputy and Secretary.

SCHOOLS BRANCH JUL 4 1911

DEPARTMENT OF INDIAN AFFAIRS JUL 3 1911

Dear sir,-

I am just after having a consultation with a person who has received the information from your department that the possibility of the Presbyterian Missionary receiving permission to hold services in the school-house is at least doubtful. Now, sir, I desire to say a few words on this subject. Now to come to the point you desire further particulars before you can grant permission. These particulars sir, I will give you. I am here representing the Presbyterian church in Canada. I have the welfare of my country at heart. I am here to teach neither dogma or creed; but sir, to instil into the minds of these people a high conception of citizenship. Candidly, I was surprised to receive such a letter from this department

I am here to teach men to be worthy of the name "Canadian". The schoolhouse has been placed here by the canadian government for educational purposes. It is an institution which aims essentially at development in every sense. What reasons you may have against me holding a service there one hour a week is something that I am unable to comprehend. Do it because the indians don't desire it? This is no argument and is not a fact at any rate. I am safe in saying that there is no rational argument that can stand against it. Sir, I am a student - I have come here for the summer to work for both church and state and I at least expected that I would have the government of my country to back me up. I was perfectly willing to request your permission that is business, but when it comes to you asking for further particulars I am at a loss to find reasons for your action in this particular connection. This work is essential and must be done by a christian statesman. I shall not discontinue my work here even if I have to hold Open

the meetings. I am grieved to think that the Administration Government, supposed to be made up of the greatest statesmen in the land should fail me in this request — not only this but belittle my work in the eyes of the people both permanent residents and tourists from the united states. Sir, I must investigate the matter and if you have valid reasons for hesitation ("further particulars") or blank refusal I am waiting to consider them. I shall however obey you and hold my meeting elsewhere during the summer — even though I had installed an organ in the school house and made all necessary arrangements believing that my request would be favourably considered.

I remain
Your obedient servant.

203067 - 1

Ottawa July 5, 1911.

Rev. Sir,-

I beg to inform you that an application was forwarded to our agent at Sturgeon Falls from Mr T.R.McGillivray, Presbyterian Missionary at Bear Island for permission to hold services in the school house there.

The Department questioned the advisability of allowing protestent services to be held in a Roman Catholic school and before dealing with the application our agent was asked for a special report for the following reasons:

All the Indians of the Temagami band at Bear Island are shown by the census returns to be Roman Catholics. The building was put up and the school opened at the request of the Roman Catholic Mission, and it has always been in charge of a teacher of that denomination

I am enclosing a copy of a letter received from Mr McGillivray regarding his application and beg to say that he has been told that the matter has been referred to youand that the Department will await your reply before giving a final decision.

You

Rev. R.P.McKay, D.D.
Secretary

Mr.D.C.Scott,
Department of Indian Affairs,
Ottawa, Ont..

Dear Mr. Scott;

Yours of the 5th July, No.203067, received enclosing a copy of a letter from Mr.C.R. MacGillivray, re Mission services amongst the Indians of the Temagami I Band in the Roman Catholic School.

As Mr.MacGillivray is a Home Missionary I have shown his letter, as well as yours, to Dr.A.S.Grant, Superintendent of our Home Mission work. We both think that your attitude is the right one. To grant Mr.MacGillivray's request would give just cause of complaint to the Roman Catholics, and put the Department in an embarassing position. Mr.MacGillivray is not personally known to either of us but the accent of his letter does not impress us favorably. He is probably young and inexperienced and the Department will not, I hope, regard too severely the disrespectful tone of his communication.

Hoping you have not suffered from excessive heat,

Yours faithfully,

RPM/LOB.

Sir,

In reply to your letter of the 3rd instant in further reference to the application of Mr. C. R. McGillivray for permission to hold services in the school building on Bear Island I beg to say that after the receipt of your previous communication on this subject Mr. McGillivray wrote to the Department and a copy of his letter was sent to the Secretary of the Presbyterian Foreign Missionary Society. A reply has been received from that gentleman concurring in the Department's view that it would be in the interest of all concerned if Mr. McGillivray found some other place in which to hold his meetings. You will be good enough to inform Mr. McGillivray that he cannot be allowed to use the school-house any longer.

SEP 14 1912 DEPARTMENT OF INDIAN AFFAIRS

Sir,—

I beg to report that the plaster on the Bear Island school building requires repairing. This building is not used during the winter and the frost appears to break the plaster. The walls and ceiling were covered over the plaster with hardwood sheetings similiar to what was done at the Garden school. It could make a lasting and durable finish. or metalic sheetings could be used instead of lumber. and which could be shipped to Bear Island at less expense. This work could be done after the school closes on the 30th September.

Your Obedient Servant

Geo. P. Cochlan

Indian Agent.

JUN 12 1914
ARCHITECT.

Sir,— 448879

I beg to acknowledge receipt of your Letter No. 208067/5 of the 8th instant in reference to the repairs required to the Bear Island school. The probable cost of these repairs would be $300.00 The most convenient time to do the work would be after the school closed next fall. Just now to the condition of the foundations of the building. I would recommend that the work be done at an early date regarding the finishing of the inside with lumber which would take most of the week. The school could be kept going on the building formerly used for school purposes.

The work could be done by Indian carpenters who reside at Bear Island other than the foundation which would be necessary to secure a mason from some outside place in the district. The material could be purchased at North Bay and shipped by railway to Temagami thence by boats to Bear Island. The Indians mentioned could do the carpenter work by the day. or they might take a contract if the material was supplied.

Your Obedient Servant.

Sir,-

I beg to refer to Official Letter No 203067-5 of the 8th June last and my letter of the 10th with reference to the repairs required at the Bear-Island school owing to the unsafe condition of the foundation and the state of the walls and ceiling the building is in need of repairs.

A favorable time to do this work could be upon the opening of navigation when the material could be delivered at Bear Island by Steamer. suitable Indians could be engaged there to complete the work.

I am Obedient Servant

Ottawa, March 13, 1915.

Sir,-

I have to acknowledge the receipt of your letter of the 10th instant stating that a favourable time to make the repairs to the Bear Island Sch ool would be upon the opening of navigation, when the material could be delivered by steamer.

In reply I beg to say that you have not advised the Department of the probable cost of these repairs, as requested in official letter of the 8th of June, last. The Department requires to have this information before dealing with the matter.

Your obedient servant,

J. D. McLEAN

Ottawa, 18th May, 1915.

Sir:-

In reply to your letter of the 12th instant, relative to repairs made to the Bear Island school; I beg to say that you should forward to the Department accounts for the expenditure incurred. When the accounts are received they will be carefully checked and if in order they will be paid. You should have sent in the accounts with your letter above referred to instead of making request for the issue of a cheque for $ 300.00 as there is apparently no reason why the Department should depart from the usual course in this matter. You must be aware that when expenditure is incurred the Department expects to receive accounts covering the same.

Your obedient servant,

J. D. McLean

Sir,

re Report

I beg to report that the foundation of the chimney of the Bear Island school building has given way and the chimney has broken apart and will require to be rebuilt.

I examined the building and think that the cause of this was owing to frost. A desirable time to make the repairs would be after the school term. In addition to the chimney a portion of the end ceiling has been broken away. A trusty Indian can be secured to make the repairs.

Sir,—

I beg to report that the stone foundation of the Bear Island Summer school building owing to the frost last winter is not in good condition, the same happened three years ago when it was then repaired, it appears that the ground in that vicinity has a number of springs of water, The Hudson, s Bay Company recently erected a new store building which has been effected in the same manner, I think if the building was placed, upon cedar posts it would over come the difficulty created by the frost during the winter, the platform and steps outside of the building also require replacing, the work could be done by resident labour and Indians and would cost about $175.00

Ottawa, June 12. 1923.

Sir:

I have to acknowledge receipt of your letter of the 8th instant, informing the Department of the repairs which will be necessary to the foundation of the Bear Island Summer School building, and furnishing an estimate of the cost of having the work done.

In reply I beg to say that you may arrange to have cedar posts of the requisite dimensions put under the building to replace the present stone foundation which has been damaged by frost. It is thought that if the work of putting the cedar posts under the building is completed satisfactorily, it will to a very large extent overcome the difficulty which has been experienced through the heaving of the stone foundation by frost. This work should be carried out by day labour - Indians being employed as far as possible. Proper time sheets in duplicate should be kept for all labour employed. These should be certified by you and forwarded to the Department, in order that payment can be made.

It is hoped that the Indians will be able to supply the cedar posts, but, if not, please arrange for the purchase of the quantity and sizes required and forward properly certified vouchers in duplicate covering the expenditure incurred for the purpose.

No unnecessary expense should be incurred in having the above authorized work carried out. The cost should not exceed your estimate of $175 and should be lower, if possible. You may arrange to have the work done as soon as convenient.

Your obedient servant,

Sir,—

I beg to refer to Official letter No 43-4-5.of June 12th 1923,ij connection with the repairs to the foundation of the Bear Island summer school.

during the past winter the necessary timber was delivered and a new foundation has been placed under the building,for which I beg to forward Return of the Labour in connection,

it will be necessary to remove and re-build the present chimney on the building owing to the same trouble with the foundation during the winter heaving with the frost,this work can be done the first opportunity a brick-layer is procurable in that vicinity.

September 18th, 1924.

Sir,-

I am in receipt of your letter of the 5th instant with which you submitted an account amounting to $88.73, in favour of Mr. John Petrant, of Bear Island, Temagami, for work and material supplied in connection with repairs to the Bear Island School building, and in reply I re-inclose the said voucher herewith. There is no sub-voucher in support of the item of $7.20 charged for cement. The freight receipt reads for $1.73, yet the account is made out for $2.98. If $20.00, said to have been earned by Geo. H. Hutchings is to be paid to Mr. Petrant, the latter's account should be supported by a receipt from Mr. Hutchings for that amount.

When the accounts attached to the voucher in Mr. Petrant's favour have been amended, they should be returned together with the said voucher, and the matter of payment will be given consideration.

Your obedient servant,

J. D. McLEAN

Ottawa, July 14th, 1928.

Sir:

I have your letter of the 5th instant, stating that owing to the frost and heavy winds the Bear Island Indian Day School building has been shifted from its foundation, causing the floor to settle in the centre, and requesting authority to have the necessary repairs made.

In reply I beg to say that as this school is now in operation it might interfere with the work if these repairs were undertaken at the present time. Could not this work wait until after the closing of the school, which will probably be about the end of September, next? You might draw the matter to the attention of the Department at that time, when consideration will be given to authorizing you to have the necessary repairs carried out in placing the building back on the foundation.

Your obedient servant,

A. F. MacKenzie.

AUG 31 1945
REGISTERED

Sturgeon Falls, August 29th, 1945

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

On August 22nd I inspected the Bear Island Seasonal School and found that it is badly in need of repair. Two years ago I sent an estimate of $350.00 to the Department which I believed would be necessary to make the above repairs, but have not been advised to proceed.

However, when the school closes on September 15th, I think the repairs should be done before the entire structure gives away. The stringers and joice will have to be replaced, a new foundation and verandah built.

I have had an estimate of $1400.00 for a foundation and the necessary repairs but I believe this is much too high. The work could probably be done for $350.00 to $500.00 by the day. I expect to be in the Department next week and will discuss the matter then.

Dear. Mr Little.

I have been after the agent and the dept of Indian affairs for the last four or five years. to get the school here repaired. which it need fixing very badly. I even write to the minister of Indian affairs. with that. did not do any Good. the agent. mr marleau said to us here last Summer the school here does not belong to Indians. maybe that is the reason the Indian affairs dont wanted repaired. who ever belongs to the school should Get it repaired before it falls apart. we have now loose the best teacher we ever have on account of the condition of the School here. the roof is torn and leaks badly. Veranda its broken up. the foundation is rotten. on the out side its all water and mud. I would like very much if you would ask the school-inspector. or some officials of the school board to come and investigate to see for themselfs.

Ottawa, April 11th, 1947.

Mr. J.A. Marleau, Indian Agent,
Sturgeon Falls, Ontario.

We have received a complaint regarding the condition of the Bear Island School.

You submitted an estimate of the cost of repairs to this building in your letter of August 29th, 1945, but as funds were not available at that time, no action was taken.

Is it possible to arrange to have the most urgent repairs receive immediate attention so that the school will be in reasonably good shape when the teacher arrives in the latter part of May?

Please let me know what amount you consider would be necessary to provide the urgent repairs.

Bernard F. Neary,
Supt. of Welfare & Training.

Re: Bear Island School.

In reply to your letter of April 11, concerning repairs to Bear Island Seasonal School, I wish to inform you that it was not through neglect that this school was not repaired last year. Material and help were not available, and cement could not be procured at any cost.

The school must be raised and some of the heavy timbers replaced, also new piers or a foundation will have to be built, and a veranda and steps.

The school needs to be painted inside and outside; the interior, walls, and desks, should be cleaned and varnished. I estimate, the labour will cost approximately $100.

Paint can be procured here in the wholesale, and the quantity needed, will be;

6	gallons of White paint, at	$4.75 a gal.
1½	gallons of varnish, at	6.27 a gal.
1	gallon of turpentine, at	2.50 a gal.
1	gallon of boiled oil, at	2.00 a gal.

There is no doubt [illegible] the increase in cost of labour and material, that 50% should be added to the previous estimate submitted for the repair of the school.

APR 24 [illegible]

J. A. Marleau,
INDIAN AGENT.

EX'D.

Ottawa, April 25th, 1947.

Mr. J.A. Marleau, Indian Agent,
Sturgeon Falls, Ontario.

With reference to your letter of the 23rd instant regarding the Bear Island School, the Department approves painting this building interiorly and exteriorly. It is noted the cost of labour will be approximately $100.

You may purchase the following paint:

6	gallons of White paint	@	$4.75 a gal.
1½	gallons of Varnish	@	6.27 a gal.
1	gallon of Turpentine	@	2.50 a gal.
1	gallon of Boiled Oil	@	2.00 a gal.

We also approve the other necessary repairs to this building and trust that you will keep the cost as low as possible.

Bernard F. Neary,
Supt. of Welfare & Training.

conducting a school in a district where the Indians congregate for but a few weeks each year and for the remainder of the year are travelling in small bands, scattered over an area of hundreds of square miles.

The question of remuneration,I told Mr.Gardiner, was one for the Department unless he suggested,for the guidance of the Department,a figure,which he refused to do. I then proposed that the matter be referred to the Department with the suggestion that it be left in abeyance either until January next,~~xxxxxxx~~ when the mail comes in from Trout Lake,or until such time as it can be ascertained the time and the labor which he shall devote to the schoolteaching. This suggestion was accepted by the reverend gentleman.

REQ. No. 521 138-3-1.

MAY 12 1921

Stat'y. Office to Forward

OTTAWA, May 11th, 1921.

Sir, -

I have to acknowledge the receipt of your letter of the 6th instant, enclosing a copy of a report from Superintendent C. H. West with reference to the intention of Rev. Mr. Gardiner to open a day school for the Indians residing at Trout Lake, Ontario.

In reply, I beg to say that the Department is ordering from the Government Stationery Office the supplies that are considered necessary for this school. These supplies are being sent to the Hudson Bay Company, Montreal, for shipment by their steamer.

The Department is not prepared to authorize payment of any salary to Rev. Mr. Gardiner at the present time, but if your Superintendent hears anything further about the work done at this point, the Department would be pleased to receive information regarding same at a later date.

Your obedient servant,

J. D. McLEAN,

J. D. McLean,
Asst. Deputy and Secretary.

OTTAWA, May 12th, 1921.

Sir, -

In further reference to official letter of March 29th last in which you were informed that the Department was forwarding a small quantity of books and stationery for the Moose Factory and Moose River Indian Day Schools, I beg to say that another box containing school supplies for an Indian School at Trout Lake is also being forwarded to the Hudson's Bay Company, Shed #44, Montreal, and will reach that point between June 1st and June 15th next.

These supplies are addressed as follows: -

Rev. Mr. Gardiner,
Trout Lake, Ont.,
Via York Factory, Man.

The Department understands that Mr. Gardiner will claim this box at York Factory.

It is hoped that you can forward the supplies for this school as well as the supplies for Moose Factory and Moose River Schools.

An account for the freight charges may be forwarded to the Department.

These packages will be clearly marked with weights and measurements.

Your obedient servant,

J. D. McLEAN

The Mission
York Factory, Man.
Via, The Pas, Man.
May 20th, 1921 .

The Secretary
Dept. of Indian Affairs
OTTAWA .

Dear Sir:-

The Rev.E.W.Gardner has been appointed to take charge of the Anglican Mission at Churchill, and in the prosecution of his work he will open a Day School for the benefit of the Indian and Half-breed children at Churchill . As the Churchill band of Indians are under Treaty No.5., I apply for a Grant for the School which will help the Mission in the operation of the School.

I enclose an order for School material which I hope the Department will fill out and send to the Rev.E.W.Gardner, Churchill, per S.S. "Nascopie" . The case of material to be sent to the Hudson's Bay Co., 56, McGill Street, Montreal, in June so as to be ready for shipment .

Mr. Gardner will need these supplies in his School work, and I hope the Department will not fail to supply the order .

Hoping to receive a favourable reply from you concerning a Grant towards the work of educating the Indians, of Churchill,

I remain

Yours Faithfully,
Richard Faries
Archdeacon of York
and
Supt. of Indian Missions
in
Hudson Bay

To the Officer Commanding at Prince Albert,Sask:
Re proposed Indian School at Port Churchill,Man:

the Missionary is paid a stated monthly sum for the months during which he actually conducts school.

I beg to suggest that no action be taken in the matter of a Grant until it be ascertained that a school can be conducted for the benefit of the Indians at Port Churchill.

The Port Churchill Band usually spend between three and four months during the summer at Port Churchill and I beg to report that,until it can be learned definitely the number of pupils available and for what period each year these pupils would be available,I should be loathe to estimate the possibility of successfully conducting a school for Indian children at Port Churchill where a school is undoubtedly greatly needed.

I have the honor to be,

ROYAL CANADIAN MOUNTED POLICE.

Port Nelson, Man:, May 2

The Officer Commanding
Royal Canadian Mounted Police,
PRINCE ALBERT, Sask:

THE DEPARTMENT OF INDIAN AFFAIRS.

Sir,

I have the honor to inform you that, on May the 21st, the Venerable Archdeacon Faries arrived on foot from York Factory and handed to me, to be certified and forwarded, the enclosed file.

I beg to refer you to my report and requisition, dated March 14th, 1921, in connection with supplies for the proposed school at Trout Lake, Ontario.

I took the matter up with the Venerable Archdeacon Faries and to him I explained that I could not possibly get into communication earlier than the 18th of June, by when the supplies for the school at Trout Lake would doubtless be packed and forwarded to Montreal, whence it might be impossible to recall them.

I suggested that the Venerable Archdeacon Faries compare the two requisitions; that the supplies shipped to Trout Lake be re-addressed, in Montreal, to Fort Churchill and that the Department be asked to add to that shipment any articles which were not included in the Trout Lake Requisition and which are required for Fort Churchill. This suggestion was accepted and the following articles not shown on the Trout Lake requisition, are considered necessary for the Fort Churchill school:-

1 set Wall Sheets;
1 doz. Elementary Arithmetic, Grade 1.
1 doz. Slates and Pencils;
1 only Syllabus Physical Exercises, Manitoba.

I beg to inform you that the officials of the Hudson Bay Company at York Factory state that the S.S. "HASCO" will sail very early this season. I shall, therefore, [illegible] to Sergeant Grennan, at The Pas, and request him to d[illegible] to you the following telegram:-

" Indian Department supplies school at Lake. Reverend Gardner appointed Churchil[l] Please readdress supplies Churchill and one set wall sheets. stop. Twelve Element[ary] Arithmetic Grade one. stop. Twelve Slates Pencils. stop. Syllabus Physicial Exercis[es] Manitoba."

The Venerable Archdeacon Faries took up the [matter] of a Grant, by the Department, to the proposed so[hool] informed me that, prior to the Adhesion, in 1910 [of] the Factory Band to Treaty No. 5, the Department of Indian [Affairs] granted Two Hundred Dollars per annum to the Mission at York Factory. He further informed me that a split

Sir:-

Re - Schools supplies - Trout Lake Band of Indians.

I have the honour to forward herewith attached a requisition for School supplies for the Trout Lake Band of Indians, as presented to me by the Rev. L.Garrett the clergyman there. The Rev. Garrett has taken up his duties in charge of the Anglician Mission at Trout Lake and has been desired by the Band to open up a day school where their children may come for instructions. The population of the band is now estimated at 757. Mr.Garrett owing to the nomadic mode of life of the band does not consider that an established school is necessary nor does he wish to give all of his time to the school but will give as much as he can as soon as the supplies arrive. The better quality of goods have been selected in all cases owing to the difficulties and excessive freight charges on all merchandise going into Trout Lake.

I have the honour to be,

Sir,

Your obedient servant.

Dear Sir,-

We have for acknowledgement your letter of the 3rd inst., but before making definite reply thereto, we would like to have an estimate of the tonnage which you wish to ship, as the space on our Supply Ship is somewhat limited this year. There is very little doubt however, of our being unable to meet with your wishes.

Supplies should be addressed Hudson's Bay Company, Shed 47, Montreal, P.Q. and should reach here not later than the 1st June. We presume that you will prepay freight charges on your goods to this port, and the account covering charge from here to destination will be forwarded you after the departure of the ship.

Yours faithfully,
HUDSON'S BAY COMPANY.

Prince Albert,Sask;

Sir:-

Re- School work by Mission at Trout Lake.

I have the honour to submit the following report for your consideration and for transmission to The Sec: of The Dpeartment of Indian Affairs:-

By letter dated OttawaMay.11th.1921,it was intimated by the Asst.Deputy and Secretary of The Department of Indian Affairs that the Department would be pleased to hear of any work or teaching done at the Indian School at Trout-Lake.

I am just in receipt of some samples of the scholars of writing at that place forwarded to me by the Rev Leslie Garrett; these samples I am enclosing attached.

The Rev.Garrett informs me that he is greatly handicapped for want of more "Canadian Reader Book.I",and pencils and paper; in this connection I would beg to point out that by letter of Feb.24th.1927 (File No. G.706-1),the Department advised that School supplies were being forwarded,these (Including pencils and paper) should be on their way soon now.

The Rev.Garrett reports progress in English and Cree reading.

EXD.

Ottawa, September 10, 1927.

Sir:

I beg to acknowledge receipt of your No. G 706-1 of the 7th instant, enclosing report of Sergeant B. J. Stangroom with reference to the work being done at Trout Lake Mission School.

I note from the Sergeant's report that the teacher desires a supply of Canadian Readers, Book 1. These were not included in the list of school supplies forwarded under cover of your letter of February 21st, and therefore were not shipped. Please let me know if it is possible to send these Readers by mail, and, if so, let me have the proper address.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

The Commissioner,
R. C. M. P.,
OTTAWA.

EXTRACT FROM REPORT OF MR. H. N. AWREY, PAYING OFFICER FOR TREATY 9, dated August 15, 1929.

DEPT. OF INDIAN AFFAIRS
SEP 28 1929
R

Rev. Mr. Garret, on behalf of Chief Sampson Beardy of the Trout Lake Band, requested me to bring before the Department the question of building a new school at Trout Lake. I promised I would do so though I told him that I thought the time not yet opportune for such a concession to be granted.

I told him that he should keep a proper register of the children whom he is now teaching and submit quarterly reports to the Department, when a grant would be allowed, based upon the attendance. I also told him to make a requisition for school supplies which, if not beyond reason, would be supplied.

I might state that in the Trout Lake Band, there are many bright intelligent looking boys and girls, but as the parents are bush hunters, they assemble at Trout Lake, as a community, only for a short time, and then leave again for the hunting grounds. The request for a new school at present is uncalled for.

Wm H. H. Avrey
The Department of Interior Affairs.

Dear Sir:-

I am here enclosing my request for "School Supplies" as it was proposed to do last summer. We had quite a severe outbreak of flu just a few days after you left us, which prevented me from opening school before Aug 8th, but from that date until Sep 7 inclusive the children worked very well. I was teaching every day excluding Saturdays. The average daily attendance for that period was Boys 31. & Girls 38. I closed school on Sep 7th on being called away to visit the Indians at Round lake and decided not to reopen school again until next Spring on account of our shortage of school supplies. We are also very badly off for drugs this winter having nothing at all of some of the important items such as Castor oil. Codliver oil and Asperin. Fortunately though up to the present time the health of the band has been very good this winter.

The supplies could be shipped by rail now to Port Churchill which might be better than by boat from Montreal.

We shall be looking forward to seeing you again next Summer.

Yours sincerely (Rev) Leslie Garrett.

Department of Indian Affairs

OTTAWA, Aug. 12th 1930

R. J. Ferrier Esq.
Supt. of Indian Education
Ottawa, Ont -

Dear Sir -

I beg to enclose a copy showing the daily attendance of pupils attending the day school at Trout Lake for the months of June and July.

I visited the school and found an attendance of 62 girls and 41 boys. These children attend school for only a few weeks during the summer when their parents come out to the Trout Lake post to barter their furs and spend a social time together. The Rev Leslie Garrett had them sing some patriotic songs which was done in a most creditable manner. I took a photo of the pupils but as yet cannot say anything regarding my success in this work. I hope you will see your way clear to allow Mr. Garrett the usual school grant.

Yours truly

H. M. Avery

His address is Rev. Leslie Garrett

44-13-1.

Mr Awrey to note

Ottawa, September 8, 1930.

Reverend Sir:

Mr. Awrey has given me the report concerning school attendance at Trout Lake during June and July, last. He has suggested that a grant be given for this work, if possible.

I may say that the usual practice, when Reverend gentlemen are conducting seasonal Indian day schools, is to make a small grant to the diocesan authorities when the Department is satisfied the activity is really worth while and that the results are more or less of permanent value to the Indian children. I presume that your work is under Archdeacon Faries. Does not the Archdeacon report direct to His Grace the Archbishop of Rupert's Land, or are his activities controlled by other diocesan authorities? Mr. Awrey, in conversation, suggests that the grant go direct to you. If this is your wish in the matter, the Department will give consideration, upon receipt of a statement from you, concerning the regularity with which this seasonal summer school will be conducted, etc. I am enclosing a few day school returns, which can be used when the school is operating in future.

Encl.

1930

Ottawa, September 15, 1930.

Reverend Sir:

Pursuant to my letter of the 8th instant, concerning a grant for the seasonal day school activity at Trout Lake, I have now to inform you that His Lordship Bishop Dewdney visited the Department today, and it has now been decided to allow a grant of $5 per teaching day. You taught for 44 days during June and July of this year, and a cheque for $220 is being sent to the diocesan authorities.

His Lordship suggests that you report on the possibility of conducting a day school during the entire year. It is understood that a few Indians are resident at Trout Lake during the winter. You might let the Department know how many children of school age would be able to attend classes regularly if they were held throughout the year. I am sure that, when you are next reporting to His Lordship, he would also like this information.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

AUG 12 1931
RECORDS

Ottawa, July 21st, 1931.

Dear Dr. Scott:

I have the honour to submit my report on the annuity payments made to Indians of Treaty 9 for year 1931.

x x x

I am attaching to this letter the requests at the different centres, which requests I am quite sure will be granted, as what is asked for is, in my opinion, for the good of the bands as a whole.

x x x

A request was made for 500 pounds of biscuits to be sent to Rev. L. Garrett, Trout Lake, via Churchill, for distribution to the large number of Indian children attending school during the few weeks the children of the bush Indians are at the Post. I recommend that the request be granted.

x x x

H. N. Awrey.

Ok as for as this is concerned TDS

Front Lake Anglican Mission
Ont

July 11th 1932

Dear Mr Avrey.

Your words of appreciation and encouragement for our School work here at Front Lake has always been a sauce of inspration and encouragement. As you will see by the enclosed summery of the "School Returns" enclosed for the last three seasons the attendence is keeping up very well, but we are not making the progress in the class work that is disired Chiefly due to the need of a suitable building and seating for the pupils. Up to the present as you know the work has been carried in in our church the pupils sitting in the pews and on the floor with their Scribblers on their knees. This it makes it impossible for me to reach the majority of the children in order to oversee their work during the session The Indians also are convinced of the need of proper seating for their children and have been working hard this summer bringing logs and preparing the lumber to erect a frame School House here on the Mission property as we understand it may be many years before they are removed to

their Reservations which have not been surveyed yet- I feel quite confidant that all being well by nedet Summer we can have all the lumber and timbers necessary. But we are seeking aid to procure Rubberoid and other materials necessary. Could you please obtain from the Department plans and an estimate for lumber required to erect a school to accomodate say 150 pupils as I am intending another year to deride the children when they are all here and take half at a session.
Could you also obtain for us a grant of $1000.00 to assist us in prtcuring some of the other materials necessary and to meet the high transportation costs on the Dame.

Supt. of Indian Education
Ottawa. Ont -

Dear Sir I am enclosing to you a letter which I received from Rev Leslie Garrett of Trout Lake for your consideration - I have referred to this matter in my report and trust you will give Mr Garrett some information as to your attitude towards his request. At any rate I hope you will have a suitable plan for a school sent to him but I am a little doubtful about results as I am quite sure a frame building large enough to accommodate so many children could not be built for less than twenty thousand dollars. However if the project was successfully accomplished, I do think arrangements in the way of a grant should be given.

Yours faithfully
H. H. Avery

Sir:

RE: Treaty Payments - Churchill, Man.

I have the honour to acknowledge receipt of the letter of The Deputy Commissioner, dated at Ottawa on the 20th. June under the above heading, and enclosing copy of letter from the Chief Accountabt and Purchasing Agent, Department of Indian Affairs, Ottawa.

In reply, I have the honour to report that the 400 Lbs. of Eskimo Biscuits have arrived at Churchill and have been handed over to The Rev. Mr. Clark, Anglican Missionary, Churchill, who has replaced the Rev. Mr. Gibson at the Anglican Mission here.

I have taken this matter up with the Rev. Mr. Clark, and he has assured me that the bisc are an actual necessity and will be much appreci by the Indian children, fifty five of whom are attending the mission school daily.

Sir:

I beg to sub,it herewith my report for 1932 on the Annuity payments made to Indians of Treaty 9.

x x x

TROUT LAKE

A further request was made by Rev. Mr. Garrett for a grant of One Thousand dollars to assit him in building a new frame school large enough to accomodate say 80 pupils. He also asked me if the Department would be good enough to prepare for him as soon as possible a suitable plan for a frame building, giving him an idea of the amount of lumber required. Kindly send it to him, Trout Lake, Ont. C/o Canada Airways, Sioux Lookout, Ont.

I could not give him any assurances of the above grant asked for, but told him that assistance might later be given when the scheme was well under way.

There are fully 150 bright little Indian boys and girls here during the Treaty payments, and I am informed that the majority of them are here for about four months during the warm weather. I do think that something should be done for these children who are about the brightest Indian children I meet in my work. The time is fast approaching when these people will have to look to some other vocation for their living, which is a good reason why I think some action along educational lines should be considered. Every year these children are becoming older and older without receiving the benefits of an education to fit them to become better men and women and worthy citizens of our country.

W. H. H. Avery
The Department of Indian Affairs.
Ottawa.

Dear Mr Avery

The Indians are getting out logs again to put up a school building. I am writing to ask if will send us plans for a smaller building. The plan you sent Sep 1932 provided for a two roomed school to accommodate 80 pupils. As the Indians are going in more for gardening out on their reservations and winter quarters the general trend seems to be more and more to hurry off after treat time from the Mission. Owing also to so much of the Transportation being done by plane there is somewhat less freighting for the Indians to do So I feel a small school say to accommodate 50 or 60 pupils would be more practicable and the Church could be used during the few weeks of rush around treaty time. Perhaps a one room School would be most suitable under these conditions. I will be very if you would be so

DEPARTMENT OF INDIAN AFFAIRS

CANADA

October 13, 1934.

Memorandum:

Dr. McGILL,-

With reference to the memorandum of Mr. Awrey, regarding the request of the missionary at Trout Lake - that a plan be sent him for a school building, of frame construction, to accommodate 60 children - I understand that the Indians at this point are getting out the lumber, sawing same into boards and that they will put up the building themselves. Later, they will require the Department to provide some finishing materials for the building, such as doors, window frames, etc.

At present, there are no school facilities provided for the Indian children at this point. There are no funds available to assist towards building costs or payment of teacher's salary. However, as the Indians and the missionary are showing their interest, by erecting the building, there would be no objection to supplying a plan for a building of a suitable type. No doubt, Mr. Orr would be able to supply a plan of a school building, satisfactory to meet the needs of this isolated post. The missionary should understand, however, that no guarantee can be made of any financial assistance.

Extract from H. N. Awrey's report on Treaty 9 Trip, 1935.

x x x

At Trout Lake, the Rev. Mr. Garrett is making preparations to erect a residential school for girls without having received the consent of the Anglican Synod or of the Indian Department. He has started to build a school 46' x 21' with an addition 21' x 21'. He brought the matter to my attention but I informed him that I was not in favour of the project and therefore could not give him my backing or the assurance of aid from the Department.

I told him that he should havehad the sanction of the Agnlican Church and the approval of the Department before starting the work, but he seems determined to ~~gum~~ go on with the work.

He seemed quite peeved because I would not fall in with his idea. I told him that he should take up the matter with Bishop Dewdney who I am sure will not sanction the movement, which in my opinion is premature and inadvisable.

I visited the school in session and counted 80 girls and 60 boys, but as these children remain for only a few weeks at thepost and then return with their parents to the hunting grounds, the results necessarily cannot be great.

no action at present

Department of Mines & Resources Indian Affairs Branch. APR 29 1946 REGISTERED

Sioux Lookout, Ontario,
April 26th, 1946.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

We have recently had a request from Reverend Garrett of Trout Lake to re-open the Indian Day School there this summer. During a discussion with the Indians at Trout Lake last month, they also appeared anxious to have the School for the summer months, and I believe it would be possible to have 25 or 30 children in regular attendance.

There is a Mrs. Hindle now living at Trout Lake, wife of the meteorologist in charge of the Trout Lake weather station, who would be willing to conduct the School. She has the educational requirements for this work, although I understand she has had very little if any teaching experience. However I feel that something worth while could be accomplished if she could be engaged for say from the middle of June until September 1st. There is sufficient equipment on hand including the School register, to start with, and the other necessities could be requisitioned after I have had an opportunity to look over the situation in June.

June 15-Sept 1

G. Swartman,

EX'D.

I submit the following report on the Sioux Lookout Agency inspected during the month of June 1946.

SCHOOL:-

At Trout Lake a summer school has been authorized. The wife of the Meteorological Observer is in charge. She holds school in the church, They have home-made desks; but there is not sufficient. I visited the class and found 96 present-46 boys and 50 girls. The children were clean, well dressed and apparently eager to learn. Equipment and blackboard space is lacking; nevertheless the children are making progress.

Re: Seasonal Schools

"We had very good success under the circumstances with the schools in the North at Trout Lake and Lansdowne House. Unfortunately an epidemic of measles hit both places and the school at Trout Lake was unable to continue after the first week in August. It is recommended that Mrs. Hindle be allowed $90.00 plus bonus for the month of July. At the time of our visit to Trout Lake in mid-July there were over one hundred pupils in attendance but owing to the limited facilities we reduced the pupilage to about fifty. This shows that in the North where the Indians congregate for the summer they are really interested in the day schools, and I would recommend that arrangements be made in advance during the early Spring, to have more seasonal schools in operation next year. If the right type of teacher can be obtained, he or she can do a lot of good work as well as teach the fundamentals.

I would be in favour of the buildings being of frame construction when possible, rather than of logs. There is not a mill at Trout Lake, but the Trout Lake Indians living at Bearskin (Mijicon Lake) have a mill. Lumber could be sawn there and transported to Trout Lake by tractor in the winter. As an alternative we might consider the building of a Nursing Station and School first at Bearskin. This would serve the Trout Lake Band at Sachigo as well as Bearskin,- a total of 288 Indians as compared with 423, the number paid at Trout Lake this year.

SIOUX LOOKOUT, Ontario,
February 12, 1947.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

The Indians have asked again for the Summer Day School at Trout Lake.

Last year this school was operated with considerable success and the Indians were very enthusiastic about it, however, the epidemic of measles curtailed the operation of the school to a certain extent toward the end of the summer.

At the moment I have no recommendation to make regarding a teacher, but, may have something definite in this respect after I visit Trout Lake, toward the end of this month.

In the meantime would it be possible to let us have a quantity of school supplies sufficient to take care of fifty pupils in the lower grades.

Yours very truly,

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 144:5

SIOUX LOOKOUT, Ontario,
March 13th, 1947.

Indian Affairs Branch, Dept. of Mines and Resources, OTTAWA.

I wish to acknowledge Mr. Neary's letter of February 18th, file 44-13-1(WT.1) with respect to a Summer School at Trout Lake this year.

During my recent visit to Trout Lake I learned that Mrs. Hindle who had conducted the school last summer would not be available this year. The people at Trout Lake are very anxious to have the school in operation again but the passenger transportation charges from Sioux Lookout to Trout Lake and return amount to about $104.00 and since the proposal is only for a Summer School it hardly seems likely that we can secure anyone with qualifications to go in there for the summer months and pay his own airplane fare.

I have asked Mr. Garrett the Missionary at Trout Lake to endeavour to find someone who would be interested in the work and he is to let me know in due course if he has any success.

The Chief requested that the Department operate a Day School again this season, also, that a Hospital be built at Trout Lake as it would promote employment for a number of Indians as well as take care of the sick. There never has been much T.B. among the Trout Lake Band. They are probably the most progressive Indians in the Agency and with proper planning much can be done toward their advancement.

44-13-1 (WT 1)

Ottawa, March 24th, 1947.

Dear Bishop Renison:-

We have been in communication with Indian Agent Swartman regarding the Seasonal School at Trout Lake. Mrs. Hindle, the wife of the Meteorological Observor at Trout Lake opened this school last summer but owing to an epedemic of measles was only in operation for one month.

Mr. Swartman points out that the Indians are very anxious to have the school in operation again but passenger transportation charges from Sioux Lookout to Trout Lake return amount to approximately $104.00. Mr. Swartman has asked Mr. Garrett, the missionary at Trout Lake to endeavour to find someone.

In a number of Canadian universities we placed an advertisement for under graduates who would be willing to teach in Indian schools during the summer holidays. We have received a number of applications and I am enclosing a list of the names and addresses of these persons. All of them state on their applications that they are members of the Church of England.

Possibly you could use one or all of them at the Seasonal Schools in your Diocese. If so, I suggest you communicate with them direct and you might mention that their name has been supplied to you by this Branch.

Yours sincerely,

Bernard F. Neary

Mr. Bernard F. Neary,
Supt. of Welfare & Training,
Indian Affairs Branch,
Ottawa.

Dear Mr. Neary:-

The Rev. Leslie Garrett of Big Trout Lake in the Sioux Lookout Agency has appealed to me for an Indian Day School teacher for the summer. He has also I understand spoken of the same matter to Mr. Swartman, the Indian Agent.

There is, as you know, no school at Trout Lake, but they have in former years had a seasonal teacher.

I have received a letter from Mr. Harold Garrett, the son of the above-named clergyman, offering his services as teacher in response to the appeal of his father. In his application he states in part as follows:-

> "I will be nineteen years old in May, and am in my fourth year at Westdale Collegiate.(Hamilton) I expect to have my Junior Matriculation this spring. As a King's Scout and Assistant Scout Master I have had experience in working with boys, and last summer I helped conduct a one week Scout Camp."

It will be seen that he has not technical qualifications of a teacher, but in the very elementary subjects which could be taught at Trout Lake, guided by the missionary, he should be able to provide helpful service, and perhaps lead him to later seek qualifications by further study.

As his qualifications are thus stated I do not think it would be of any value to send him the usual form, copies of which you sent to me some time ago.

Would it possible for you to approve of Harold Garrett going in to Trout Lake as teacher for the summer? If you would kindly inform me, I will communicate with him further, and if you approve he might go in to the mission with me in June, or by a freight plane from Sioux Lookout.

Yours sincerely,

J. Keewatin.

Dear Sir;

When my father, Rev. Leslie Garrett was in Hamilton on his last visit to us; he remarked that there was a vacancy in the position for teaching school at Trout Lake, for the three summer months. I submit my qualifications for the position.

I will be nineteen years old in May, and am in my fourth year at Westdale Collegiate. I expect to have my Junior Matric this spring. As an King Scout and assistant scout master of Troop No. 41, I have had experience in working with boys from 12 to 15. During the past two summers I have worked for Steel Co. of Canada.

I hope that these qualifications will meet your requirements, and that I will receive notice of your opinion from you or from my dad.

6

Very truly yours
Harold Garrett.

P.s. The teachers do not know the exact date the schools close for the summer but they say it is no later than th middle of June. School re-opens again on the first Monday in September. I will only be able to teach for 2½ months.

Ottawa, September 15, 1930.

Reverend Sir,+

Pursuant to my letter of the 8th instant, concerning a grant for the seasonal day school activity at Trout Lake, I have now to inform you that His Lordship Bishop Dewdney visited the Department today, and it has now been decided to allow a grant of $5 per teaching day. You taught for 44 days during June and July of this year, and a cheque for $220 is being sent to the diocesan authorities.

His Lordship suggests that you report on the possibility of conducting a day school during the entire year. It is understood that a few Indians are resident at Trout Lake during the winter. You might let the Department know how many children of school age would be able to attend classes regularly if they were held throughout the year. I am sure that, when you are next reporting to His Lordship, he would also like this information.

Your obedient servant,

Russell T. Ferrier

Mr H R Avery
Department of Indian Affairs
Ottawa

Dear Mr Avery.
I am now forwarding you the School Returns for the summer session 1931 I have not closed school yet, I hope to continue as late as possible. last year I managed to keep it open unto October. But I thought I would try and get the reports out so far before the planes stop then the rest can come on later.
I hope to forward you Requisitions for School and Medical Supplies at the end of the year by the Winter Plane.
Hoping you find everything satisfactory I remain
Yours sincerely
(Rev) Leslie Garrett

Sir

I have the honor to State that Alvilda Graham a lady who taught in the Central School a Year ago has applied for the School again She is a good teacher and was well liked by the Children and their Parents from what I learn of her She seemed to study the Children. find them out. & push them along I would recommend that we offer her the sum of $165.00 one hundred and sixty five dollars a Year an advance of 15.00 our will be well earned. She took quite a part in the Sunday School work and we cannot do better

While Mr Tedman is doing fairly well the Neighbourhood ask for a Lady teacher

7 letters

Ottawa, September 22, 1910.

Sir,

Miss Elva T. Buchanan, teacher of the Central Tyendinaga School, informs the Department that she has not been paid the portion of her salary due from the white trustees for the quarter ended June 30th. It would appear from Miss Buchanan's letter that the delay in this payment is owing to the fact that the equipment of the school is not up to the standard recommended by the Public School Inspector. If the agreement entered into sometime ago with the white trustees was that this equipment should be up to the standard required by theOntario Education Departmentyou should take steps at once to comply with the Inspector's recommendations, as it is not fair that the teacher should be kept out of her salary. In any event it is considered that these schools should be well equipped, both for the advantage of the white children and the Indians.

Be good enough to let the Department know by return mail howthis matter stands.

Your obedient servant,

J.D. McLEAN

Sir,—

Referring to your letter of 22 September 1910

No. 153807/5

in reference to complaint of Miss Elva Buchanan not having received her Salary from the white Trustees for June quarter in reply I was not aware of this until some time in August when she informed me of the fact. I immediately wrote the inspector who informed me that the Trustees claimed the Schools were not equipped according to the Provincial act. and on August 15th 1910 he sent me a list of articles needed to complete the equipment since that time I have had some minor repairs done which he orders have bought and placed in two Schools a set of scales wholesale weighing from ¼ lb to 4 lbs as per his order there is still a list of equipments a copy of which I beg to enclose if you could send them to me with as little delay as possible I will at once place them in the Schools as ordered. Mr R. J. Clark is a little annoyed because I took the matter up with the Minister of Education when a settlement was made and a bill in the Ontario House was passed governing the white Servants as to the support of these Schools. but there was nothing else for me to do as I tried to get a Settlement with the Servants but they refused to settle then I took the matter up with the inspector who told me he had nothing to do in the matter hence I had to then appeal to The Minister of Education thereby getting a Settlement. Since that time the inspector

Mr Sutherland
Rebecca Schools
Regt 49
Indian Office
Ottawa
30/9/10

Ottawa, September 29, 1910.

Sir,

I have to acknowledge the receipt of your letter of the 24th instant enclosing a list of supplies required for the Brick and Central Tyendinaga schools as called for by the Public School Inspector.

In reply I beg to say that the Dictionary, thermometer and gazateer will be ordered at once for each school. The Inspector should submit a list of supplementary readers, from which a selection should be made by the teacher. These will then be ordered at once. It is to be distinctly understood that these readers are for the use of Indian children, as the whites will be required to furnish their own.

The covered water tanks are not considered necessary, as they are not specified in the list of articles of equipment by the Ontario Education Department.

With the assurance that these articles will be supplied by the Department at as early a date as possible it is hoped that the white trustees will no longer withhold the balance of salaries due the teachers, who were in no way to blame for the delay in equipping the schools according to agreement.

Your obedient servant,

D. McLEAN

Secretary.

153807/5

Ottawa, October 3, 1910.

Sir,

In September of last year an agreement was entered into between the Indians of the Tyendinaga reserve and the whites who are lessees of Indian lands in reference to the management of the schools.

By the terms of this agreement the Indians are responsible for the equipment of the schools in accordance with the regulations of your Department.

It appears that there was some delay in equipping the schools as ordered by the Public School Inspector, Mr. Clarke, and in consequence the moiety of the teacher's salary payable by the whites was withheld. The teacher complained to this Department and instructions have been given to the Indian Agent to provide the equipment called for without loss of time. The Department, however, wishes to point out to you that Mr. Clarke is insisting upon the maximum equipment for these schools; in fact some of the articles are not to be found in the public schools of the city of Ottawa, nor in the school in the village of Deseronto, which is in the same inspectorate.

It is the wish of this Department to have these schools so equipped that satisfactory work can be performed by the teachers, but, in view of the difficulty experienced

in coming to a solution of the educational situation on the reserve, it is thought that every effort should be made by all concerned to maintain pleasant relations.

There is apparently a lack of harmony between the Public School Inspector and our Agent. If Mr. Clarke finds difficulty in having reasonable demands complied with it is thought he should communicate direct with this Department. In this case the teachers, who were in no way responsible, are the sufferers, as their salaries have not been paid in full since last spring.

This Department is anxious to do all in its power to make adequate provision for the education of the Indians and whites, but the co-operation of all interested is essential to success.

I shall be glad if you will bring the matter to Mr. Clarke's attention and advise him of the wish of the Department.

Your obedient servant,

J. D. McLEAN

Sir,—

In my reference now to yours of March 7th 1911 No 153807/1 in reference to teacher at central School I beg to inform you the central school has been closed for quarter ending March 31. 1911 owing to not being able to procure a Teacher owing to the change which has taken place in the Education Department in this Province it having caused a scarcity of Teachers it has been impossible in some rural districts to procure Teachers. I have communicated with the Inspectors in three Counties who inform me that no Teachers are available. However Mr inspector Clark informs me that after Easter probably a Teacher can be obtained owing to Teachers coming from the Model School

I could have placed my Daughter who is qualified at the central School but preferred not to do so as it might have been a cause for complaint

Madam,-

I have to acknowledge the receipt of your letter of the 7th instant, and in reply I beg to say that the Department regrets that you did not get satisfactory information with regard to your school duties from the Agent, Mr. Stainton, who will be written to in the matter.

I am sending you herewith two copies of the regulations governing Indian day schools, one of which you will be good enough to hand to Miss Picard. You should follow the curriculum used in the Ontario schools as far as possible. Your school will be inspected by the Public School Inspector and the Agent will be required to make monthly reports. Your salary will be paid quarterly, the first installment at the end of September. Mr. Agent Stainton will be asked to give you full instructions with regard to making out your returns. I may add, however, that you will only be paid at present for the time that you actually teaching during this quarter, i.e. for the month of September, and if there is any readjustment of salary to be made it will be done at the end of the school year. The Department will be pleased to hear from both you and Miss Picard at intervals.

DEPARTMENT OF INDIAN AFFAIRS
AUG 16 1913

OFFICE OF THE

Inspector of Indian Agencies

FOR ONTARIO, QUEBEC AND MARITIME PROVINCES.

Ottawa, August 16th, 1913. *19*

Memorandum to Chief Accountant.

431372

In view of the fact that conditions, past and present, with regard to our schools at Tyendenaga reserve have been and still are far from satisfactory, I think that it would be advisable for Mr. Benson to visit the agency and schools with the new agent with a view to having the work properly opened at the coming school term.

The present agent has not been long in office and consequently is not familiar with our school work. I understand that certain repairs are necessary to the buildings, new desks are needed,(in some cases), and that maps and certain other requirements are sadly lacking. It is not likely that the new agent would be in a position to take these various matters up and deal with them as intelligently as would Mr. Benson. There seems to be some dissatisfaction, also, with regard to the matter of teachers which could also be taken up at the same time. If my suggestion is followed, the new agent would be started with a proper equipment and a clean slate, so far as school work is concerned and the department could reasonably expect more favorable reports than otherwise.

Your obedient servant,

C. C. Parker

Inspector.

Ottawa, August 20, 1913.

Sir,-

I have to inform you that Mr. Benson of this Department will call on you on Friday, the 22nd instant.

I should like you to make arrangements to accompany Mr. Benson who will visit all the school buildings with a view to having them put in a proper state of repair as soon as possible. You should see that the keys are obtainable. Mr. Benson has been instructed to authorize any repairs and improvements to the buildings and grounds that may be considered necessary and you will be good enough to see that his instructions in regard to these matters are carried out with the least possible delay.

Complaints have been made in regard to some of the teachers and Mr. Benson will inquire into these matters while he is there. You might notify Mr. John A. Loft to this effect.

Your obedient servant,

J. D McLEAN

Asst. Deputy and Secretary.

Ottawa, August 20, 1913.

Sir,-

I have to request that you will proceed to the Tyendinaga Indian Reserve and in company with Mr. Agent Donnelly examine the school buildings and premises with a view to finding out what repairs and improvements are required. You will then instruct Mr. Donnelly to have the necessary repairs made with the least possible delay.

You should also inquire into the complaint made by Mr. John A Loft against Miss Fletcher, teacher of the Central School, and look into any other school maters that may be brought to your notice. You should give Mr. Agent Donnelly any information and instructions required in connection with the school work.

On your return trip you should call at St. Regis and see how the new Chetlain school building is progressing and also the repairs which were authorized to the other schools.

You may bring up the neglected children referred to in your report made in the spring and place them in the St. Patrick's Orphanage here, as you say they will be received there.

Your obedient servant,

D McLEAN

ourstepps their limit
when they hire teachers
for the Indians.
She informed us that you
were simply their serv-
ants, it is your duty to
follow their wishes, and
in future they would
hire their own teachers,
so they were quite
capable of doing so.
Mr Loft presented us
with a contract, which,
if we would sign, all
would be well, and if
not, school would be
closed. In other words
we must sign or leave.
In fact he went so far as
to threaten us. This cont-
rad contains nothing
tangible whatever, it
is merely a lot of words
that could be made to

Madam,-

In reply to your letter of the 2nd instant I beg to say that the Department regrets to learn of the annoyance you have been put to by Mr. John Loft, who is interfering with the school under your charge.

Mr. Agent Donnelly will be instructed to inform Mr. Loft that the Department will not tolerate any interference on his part and in the meantime you will be good enough to continue this school.

I may add that your salary will be at the rate you were formerly advised, viz.- $450.00 per annum.

Your obedient servant,

EXD.

Ottawa, 8th September, 1913.

Sir,

Miss Fletcher and Miss Picard the teachers of the Central and Western Tyendinaga Schools, respectively, have complained to the Department of the interference of Mr. Loft with respect to school matters . It appears that he interviewed them asking them to sign a new contract and threatening them with dismissal if they refused to do so. Miss Fletcher states that she was told that Mr. Loft sent children home when they were on their way to school telling them that there was no school.

The Department desires you to inform Mr. Loft that his action was entirely unwarranted and that the Department will not tolerate such interference with the conduct of school matters and that he should govern himself accordingly.

REPORT OF INSPECTOR CLARKE ON THE TYENDINAGA CENTRAL SCHOOL.

Of the 29 registered only 15 have been to school since vacation. Progress is out of the question under such conditions.

These pupils are deficient in problems in arithmetic and also in geogra hy. In fact the standard is not the equal of the same grade in a white school, in any of these schools, and it is about time it was made more nearly of that standard.

If I based the grading on the white standard the grading would be lower in this and also in the Western which I visited to-day.

Date of Inspection, Sept 21st, 1916.

Attendance,- 13.

489206

I am enclosing herewith application from MISS LENA J. WARREN for the Central School which will be vacent after Dec 22nd 1916.

Also a recomend from INSPECTOR H. J . CLARKE of south Hastings.

I had a talk with MR CLARKE on Saturday over the phone and He said HE did not think that we could do any better, as She was a good Teacher I have known MISS WARREN for the last two years and have met several persons from the school section where She taught and every one gave Her great prase .

From what I have seen and heard of MISS WARREN I think She would be a great improvement tp the CENTRAL SCHOOL and would recomend that the DEPT except Her application.

I promised to let Her know by the middle of this week as they want her to stay where she has been teaching . Please wire me before Wednesday night .

Dear Sir:

Miss Picard has written to say that you wish a letter from me as your Department wishes to express your appreciation of her work.

I do not understand just what you desire. Is she leaving the Reservation?

You may have noticed on my last report that matters were not altogether satisfactory in that school. I should be glad to help her if I could for she is a bright little thing, but I would hardly like to sign an unqualified statement that I considered ger an expert teacher. And qualified statements are not very forceful.

Just what is it that you wish from me?.

Yours sincerely

MAY 1 1917

Sir,—

I am enclosing herewith reports of the four school on the Tyendinaga Reserve. You will see by the report of the western school that their is trouble their as some of the Indians will not send their children to that school (and are sending them to the Central School) X And the Teacher says she has no right to teach the children who belong to the western school. The only way that I can see is to let these children go to the Central school till the end of this quarter and that Miss Warren get a grant of 10cts I do not think if the children were made to go back to the Western that they would go regular as the parents are so bitter at the Teacher.

One Woman said all that her children had learned for the last year was to cut paper and make toys out of Blastine.

Hoping you will look into the matter and let me know

COUNTY OF HASTINGS

Belleville, Ont., May 19th., 1917.

C. M. Campbell, Esq.,

Deseronto, Ont

Dear Sir:

You will find enclosed your copies of my reports on the Mission and central schools. As far as I am able to determine, Lewson intends to retire, and if he does so use every effort to secure a teacher with training. From what Miss Warren is doing, it is quite evident to me now, that these children are capable of a lot more than we have demanded of the teachers. The difference between these schools and the Public Schools is largely a matter of teachers' ability I am inclined to believe.

Yesterday I went to visit the Eastern School but found it locked and had to make other arrangements. This teacher knew that I was likely to call any time now, and it would have been a very small matter on her part to have droppee me a card saying that there would be no school. I have been told that the Eastern School is frequently late in opening, because the teacher is late. I know nothing of the facts, but if this is true it should be corrected at once.

Yours sincerely

H. J. Clarke

Deseronto, Ont.

June, 1st, 1917.

SIR.

Mr H. J. Clarke ,B.A. Public School Inspector for Hastings County visited the schools on this Reserve during the month of May and reports that the Mission, Westren, and Eastren Schools have not made much progress since his visit last fall. Mr Leween of the Mission school is quiting and MR Clarke thinks that we should get Qualified Teachers for the money we pay.

I would like to come down to the Department and talk the matter over with Mr Benson before any of the Teachers are Engaged for the above schools

Last Christmas we engaged Miss Warren for the Central school and their has been such a change in this school that the Inspector puts it on a level with the White schools.

I am enclosing herewith a letter which I received from Mr. Clarke.

Dear Sir:

In reply to your favour of 26th.instant,I beg to say that I have inspected Miss Lena J Warren's work in your school,and also some years ago while she taught in one of my public Schools.

I consider her a very efficient teacher,and well worth the increase she asks.I have several teachers who have not her ability as teachers,but with better paper qualifications,who are drawing considerably higher salaries than you mention for her

Yours sincerely

H. J. Clarke

34-1-1

Ottawa, May 17, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 13th instant enclosing the resignation of Miss Marguerite E. Miller as teacher of the Central School on the Tyendinaga Reserve to take effect on June 30th, next, the end of the present school year.

In reply I beg to say that the resignation of Miss Miller is accepted.

With reference to the securing of a teacher to succeed her upon the re-Opening of the school after the summer holidays, it might be advisable for you to communicate with Mr. Public School Inspector Clarke, who may be in a position to recommend a suitable teacher. If the Inspector is unable to recommend a teacher who would accept, you should institute inquiry with a view to securing a teacher. The name, age, qualifications and experience of any applicants received should be submitted for the consideration of the Department. To a qualified teacher the Department will be prepared to pay a salary at the rate of $600.00 per annum and the bonus, should it be continued to the teachers of Indian day schools.

Ottawa, June 9, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 5th instant enclosing an application from Miss Ethel M. Leacock for the position as teacher of the Central School on the Tyendinaga Rserve, to begin duties upon the re-openin g of the school after the summer holidays next, and stating the qualifications which she possesses.

In reply I beg to say that the Department will accept her services from the First of September, next, and will allow her a salary at the rate of $650.00 per annum and the bonus at the rate of $150.00 per annum during the present fiscal year. The salary and bonus combined will give her a remuneration at the rate of $800.00 per annum, the amount asked for by her, which is considered, in view of the qualifications which she possesses, to be a fair remuneration.

You should communicate with Miss Leacock and ascertain from her whether she will accept the above offer and be prepared to take up duties upon the re-opening of the school after the summer holidays. Miss Leacock is at present teaching at Moscow, Ont., and states that her home address is 182 James St., E., Brockville.

Your obedient servant,

D. McLEAN

Ottawa, December 6, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 2nd instant enclosing the resignation of Miss Ethel Leacock as teacher of the Central School on the Tyendinaga Reserve, to take effect at the end of the present month.

In reply I beg to say that the resignation of Miss Leacock is accepted.

I have to request that you will endeavour to secure the services of another teacher, to begin duties when the school re-opens after the Christmas holidays. It might be advisable for you to communicate with Mr. Public School Inspector Clarke, who may be in a position to recommend a suitable teacher, and, if not, you should institute inquiry with a view to securing a teacher. The names, qualifications and experience of any applicants should be submitted for the consideration of the Department. To a qualified teacher the Department would be prepared to allow the same salary as paid Miss Leacock, together with the bonus during the period which it is continued to teachers in Indian day schools. Kindly give the matter of securing a teacher your early consideration.

With reference to the school building, which you state is very cold, I have to request that you will state whether it would be possible by banking the building and making a few minor repairs to make it warmer and, if you would recommend that anything should be done to improve the condition of the building, you should state the cost of having the work done.

Ottawa, December 28, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 27th instant enclosing two applications for the position as teacher of the Central School on the Tyendinaga Reserve which you received in reply to the advertisement which you inserted in "The Mail and Empire".

In reply I beg to say that the Department will approve of the temporary appointment of Walter G. Meneilly, to begin duties when the school re-opens after the Christmas holidays. It is noted that he is twenty years of age and has no professional qualifications, although he has had over a year's experience as teacher in a white school. His retention in the position as teacher of the Central School will depend upon the success with which he meets in his work and it is understood that his services can be dispensed with upon one month's notice being given. You will be good enough to inform him accordingly and arrange with him, if he accepts the position, to be ready to begin duties on or about January 4th, next. You will be good enough to state whether he accepts and, if so, the date upon which he begins duties. The salary allowed will be at the rate of $650.00 per annum, which will be supplemented by whatever bonus is allowed to teachers.

Sir,—

On June 17th, 1920, I was hired to teach in Central Mohawk School, Tyendinaga Reserve at a salary of six hundred and fifty dollars a year with a bonus of one hundred and fifty dollars. I began to teach on September the first.

The salary for the quarter ending September 30th. would be $162.50 and the bonus would be $37.50. For that quarter I received only $62.50 salary and $12.50 bonus.

As I was hired in June, I feel entitled to the remainder of the salary and bonus for the quarter ending September 30th.

Hoping to receive favourable consideration in this matter, as soon as possible

I remain
Yours truly
Ethel M. Seacock.

Ottawa, January 11, 1921.

Madam,-

I have to acknowledge the receipt of your letter of the 6th instant with reference to the amount of salary received by you for the period which you taught the Central School on the Tyendinaga Reserve.

In reply I beg to say that you began duties September 1st, 1920, with salary at the rate of $650.00 per annum. From the returns received it is shown that you taught 19 days in the September quarter and three days were taken for holidays, which are allowed, also that you taught 56 days in the December quarter, a total of 78 days. You are, therefore, entitled to receive 78/200 of your yearly salary, or a total of $253.50. You have already received $224.25 and a cheque for the balance, $29.25, is being sent you. You have received bonus for four months, namely from September 1st to December 31st, the date on which your resignation took effect. These payments comprise the total amount due for your services during the period which you taught this school.

Sir,—

In reply to the last clause of your letter of June 20th 1922 Re. new teacher for the Central School on this Reserve.

I beg to say that I saw Beatrice Loft and she said that she would be willing to take the school and would like to go to the Summer School at Madoc and I told her to go and see Dr Clarke. the Inspector and find out if she was qualified to take the Summer school course. & may farther say that Beatrice Loft done good work at the mission school and if she failed to get a certificate from the Summer school the training would certainly help her in her teaching and I would be willing to recommend her for $650. and Bonas for the Central School.

OTTAWA, June 26th, 1922.

Sir, -

I have to acknowledge the receipt of your letter of the 22nd instant, with reference to the appointment of a teacher for the Central School on the Tyendinaga Reserve for the school year beginning September 1, next.

In reply I beg to say that if Miss Beatrice Loft takes the summer course at the Model School at Madoc, the Department will approve of her appointment as teacher at the Central School, to begin duties after the summer holidays; it being understood, however, that she will teach the full school year.

If Miss Loft takes this course, application should be made for the advance of $50.00 towards her expenses, which is to be deducted from her salary as teacher in quarterly payments.

As soon as we ascertain definitely whether she intends to take the summer course or not, we will then be in a position to confirm her appointment as teacher of the Central School.

Your obedient servant,

J. D. McLEAN

To whom it May Concern:

This is to testify that I have known Gordon Reeves for the past twenty years and that he is a young man well respected by all who know him and is of fine family.

At school he proved a splendid student and served in the Bridge St. Methodist Church, displaying a clean and noble character.

Feeling confident of his success in life I take pleasure in recommending him to you.

Yours sincerely

Fred. S. Deacon

Belleville, Ont.

Dear Sir:

I respectfully offer to you my application for position as public school teacher in one of the schools under Dominion control.

I am a young man, twenty-one years of age, and have written on Honour Matriculation in six subjects having spent five years on High School studies.

I hold my Lower School Entrance to Normal, and a District Certificate from this session I Summer Model at Madoc. Have had a year's experience and am a Protestant in religion. I would accept as salary eighty-five per month.

Enclosed is a testimonial

Yours respectfully,
Gordon T. Reeves

441-1.

OTTAWA, July 20th, 1922.

Sir: -

I have to acknowledge the receipt of your letters dated the 13th and 17th instant, regarding a teacher for the Central school on the Tyendinaga Reserve, and enclosing an application from Gordon F. Reeves for the position.

In reply I beg to say it is noted that Mr. Reeves has no professional qualifications, and also we are not prepared to pay the salary he asks. It is considered that a suitable teacher, having the necessary qualifications, could be secured for the sum of $700 per annum, which is the full amount we will be prepared to pay, plus any bonus provided by law.

If you are unable to obtain the services of a qualified teacher, you may place an advertisement in one of the local papers, and the name, age, qualifications and experience of any applicant should be submitted for the approval of the Department.

At the present time we are not prepared to approve of the appointment of Mr. Reeves.

Your obedient servant,

A. F. MacKenzie.

OTTAWA, August 21st, 1922.

Sir: -

I have to acknowledge the receipt of your letter of the 16th instant, with reference to the obtaining of a teacher for the Central school on the Tyendinaga Reserve, and enclosing an account in favour of the Intelligencer Printing Company for the cost of the advertisement which you placed in the daily and weekly edition of the paper published by that firm.

It is noted that you received no replies, and are unable to secure a teacher.

If the Department or you have been unable to obtain a teacher by the time the school re-opens, you may arrange with Miss Beatrice Loft to take the school temporarily until a qualified teacher can be secured. We will make enquiries here in an endeavour to obtain a suitable teacher. In the meantime, should you receive any applications, you should immediately forward them for the consideration of the Department.

A cheque in payment of the account for advertising will be sent in due course.

Ottawa, August 22, 1922.

Sir:-

I have to acknowledge receipt of your letter of the 19th instant, enclosing an application from Miss Margaret M. Whitton, Deseronto, for the position of Teacher of the Central School on the Tyendinaga Reserve, and enclosing a testimonial from the ex-principal of the Deseronto High School regarding her qualifications.

In reply I beg to say it is noted that this girl is only 17 years of age and that she has no professional qualifications, being too young to attend Normal. It is considered that her services as teacher of this school would not be satisfactory, on account of her age, and we are, therefore, not prepared to authorize her appointment.

In connection with the obtaining of a teacher, you will be good enough to note the instructions in official letter of the 21st instant. You should also inform Miss Whitton that her application for the position is not approved.

Sir:-

I have to acknowledge receipt of your letter of the 22nd instant, enclosing an application from Mrs. Celia File for the position of Teacher of the Central School on the Tyendinage Reserve, and stating the qualifications which she possesses.

In reply I beg to say that, provided this woman is a widow, the Department will be pleased to accept her services, to begin duties when the school re-opens after the present summer holidays. The full amount of salary we could allow her for her services will be at the rate of $700 per annum plus bonus provided by law, which during the present fiscal year ending March 31st next will be $15 per month. This will give her a combined salary and bonus, during the present fiscal year, at the rate of $850.

You will be good enough to ascertain definitely from Mrs. File whether she will accept or not and if she will be ready to begin duties on or about the 5th of September, next, and inform the Department of her decision. It is considered, from the qualifications which Mrs. File possesses, that she would be a satisfactory teacher for this school.

FORM 2.

The Great North Western Telegraph Co.

OF CANADA

It is agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, or errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

RECORDS

Extract from Teacher's Annual Report on the TYENDINAGA CENTRAL SCHOOL for the year ended March 31, 1925. ONTARIO.

A new scheme for securing cleanliness and health has been used here for the past year and is very successful. One point is given daily for the following,-

1,- Clean handkerchief
2,- Clean teeth
3,- Clean hands, face and nails
4,- Neat shoes
5,- Neatly brushed hair

Frequently the whole school obtains perfect. Nail files and combs were given by me at Christmas time and tooth brushes are earned by a perfect record for a month.

Ottawa, April 8th, 1925.

Sir:

The Department has received the annual report of the teacher of the Tyendinaga Central School for the year ending March 31st, last. We are pleased to note from her report the method she has adopted to inculcate habits of cleanliness and tidiness, and in securing general healthy conditions among the pupils.

Should the teacher, or any of the other teachers on the Tyendinaga Reserve, require a supply of tooth brushes for the pupils' use, the Department will be pleased to furnish same from the stock which has already been taken over from the Department of Soldiers' Civil Re-Establishment, if a request is forwarded for the number required. You might take this matter up with the teachers, and if they will see that the pupils use the brushes regularly, the supply required will be sent.

Ottawa, April 20, 1928.

Sir:

I have your letter of the 18th instant, enclosing your reports for the month of April on the four schools on the Tyendinaga Reserve.

Relative to your request that letters be sent you regarding the hours the schools should be kept open, I have to request that you will refer the teachers to the Indian Day School Regulations which are printed on the inside back cover of the Daily Register. You will note that the morning session should be from 9 A.M. to 12 Noon, and the afternoon session from 1 P.M. to 4 P.M., with a recess during each session of not less than fifteen minutes and not more than 20 minutes. There should be a Daily Register in use in each school, and you should definitely inform the teachers that it is expected they will comply with the Department's regulations regarding the hours the schools are to be kept in operation each teaching day. If any of the teachers fail to comply with the Department's requirements, you should immediately inform the Department.

Your obedient servant,

A. F. MacKenzie.

Sir:

I have your letter of the 9th instant, enclosing the June quarter return of the teacher of the Central School on the Tyendinaga Reserve. A cheque in payment of the amount of salary due is being sent to Mrs. File, to the address mentioned in your letter.

The Department has not received Mrs. File's resignation. You should ascertain from her definitely whether she intends to resign or not. If so, you should obtain her written resignation and forward same to the Department, so that there will be ample time to engage the services of a successor. We understand that Mrs. File's services have been satisfactory and it is hoped, therefore, that she will consent to remain for the next school year.

Ottawa, July 27th, 1928.

Sir:

I have your letter of the 25th instant, informing the Department that you have received no word from Mrs. File, teacher of the Central School on the Tyendinaga Reserve, as to whether she intends to resume duties when the school re-opens after the present summer holidays. I may say that the Department has received no word from Mrs. File, and you should write again and ask her to state immediately and definitely whether she intends to resume duties or not. You might inform her that if you receive no definite word from her within ten days from the date of your letter that the Department will take it for granted that she is giving up duties and will make arrangements to obtain a successor.

The Department is doubtful if Eva John would be satisfactory as a teacher, as it is noted that she failed in her examinations while at the Normal School in Peterborough. We prefer, if possible, to obtain a fully qualified teacher for this school.

As soon as you have a reply from Mrs. File, please inform the Department as to whether she is remaining as teacher of the Central School for the coming school year or not.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Dear Mr. Campbell,-

I wish to resign my position as teacher of the Central Mohawk School, Tyendinaga Reserve. I am giving up teaching, temporarily, as I expect to enter Queen's University this winter for my senior year's work.

It is with a feeling of deep regret that I sever my connection with this school. I have thoroughly enjoyed

Sir:

I have your letter of the 27th instant, enclosing the resignation of Mrs. Celia B. File as teacher of the Central School on the Tyendinaga Reserve. In reply I beg to say that Mrs. File's resignation is accepted.

It will be necessary to obtain the services of a qualified teacher to succeed her, to begin duties when the school reopens after the present summer holidays, on or about September 4th, next. I have, therefore, to request that you will endeavour to secure a teacher having the necessary qualifications. It might be advisable for you to consult the Public School Inspector, as he may be able to make a recommendation. The name, qualifications and experience of the teacher nominated should be forwarded for the approval of the Department. This matter should receive your prompt attention. We prefer to obtain the services of a fully qualified teacher, if possible. The salary we could allow will be at the same rate as was paid Mrs. File, viz. $85 per teaching month.

Ottawa, August 2, 1928.

Sir:

The Department has received an application from Miss Eva M. John, Deseronto, for the position as teacher of the Western School on the Tyendinaga Reserve. In this connection I have to refer you to your letter of the 25th ultimo, in which you recommend that she be given an opportunity at this school and that Miss Lena M. Bell, the former teacher, be transferred to succeed Mrs. File, who has resigned as teacher at the Central School.

While Miss John did not succeed in her recent examinations at the Peterboro Normal School, it is thought that her services might be satisfactory at the Western School and the Department would be prepared to favourably consider her appointment. I have to request that you will ascertain from Miss Bell whether she would agree to a transfer to the Central School. The salary allowed her would be at the same rate as was previously paid, viz., $85 per teaching month. If she consents, you should advise the Department as soon as possible, and we would then be prepared to consider the application of Miss John for temporary appointment at the Western School.

Your obedient servant,

A. F. MacKenzie.

SIR.

In reference to your letter of July 31st Re a Teacher for the Central school on this Reserve I would like to give Eva John a chance as it has cost her Parents a lot of money to send her to normal school, I think it would encourage other Indian children now attending the High school to stick to school until they get finished, Eva John could be given the Westren school which is a small school and Miss Bell could take the Central.

Now if this girl cannot do the wonk we could let her go, as we would have the Inspectors report to go by if this does not meet with your aproval I will endever to secure applications from qualified Teachers hoping to have a reply in a few days.

July 1st 1930

MEMO. Letter # 34-1-1

DEPT. OF INDIAN AFFAIRS
JUL 2 1930
RECORDS

SIR:-

In reply to your letter of June 28th Re the appointment of Miss Helen Schell as Teacher at the Central school on this Reserve, I was unable to see Miss Schell as she was not at home about her appointment and do not know if she will accept it or not, but I cannot understand why Miss Schell should receive $ 50. less than Miss Clarke who was engaged as Teacher for the Westren school which is a smaller school and both have the same Qualifications, the Secter School is situated on the Bay shore road over six miles from Deseronto and a bad road to get to the school.

Miss Bell the former Teacher boarded at home only about ¼ of a mile from the school and a Teacher comming into this school will have to pay $ 7. per week for board the same as Mrs File done when she taught in this school.

In reference to Miss Bell, s salary of $ 85. per month you must understand she was not a qualified Teacher allthough she done good work.

The Center school is the second largest school on this Reserve and the Teacher has to serve a hot lunch at the noon hour, and I would ask you to consider this application again and grant Miss Schell the salary she asked, and if you were here and understood the situation of the said school you would not hesitate in giving the $ 900. salary.

I will not see Miss Schell until I have heard from you in the matter, you may wire me on receipt of this letter as I donot want to keep the Girl from getting another school.

Dear Sirs,-

I have been employed as teacher of the Central School on the Mohawk Reserve, in the county of Hastings, Ontario and have been teaching since the first of September last. In addition to my other duties I have taught Manual Training, Sewing and Agriculture and have given hot lunches. I understand that the Provincial Government makes grants to such of their teachers who render this extra service and I would very much appreciate any remuneration which your Department would be good enough to grant me for the above services.

My pupils are very much interested in the first three subjects mentioned above and are doing excellent work in them.

I have the honour to be

Yours truly,
Helen Eckell.

Sir:

I have your letter of the 25th instant, relative to the re-appointment of Miss Lena Bell, former teacher of the Central School on the Tyendinaga Reserve, who was given one year's leave of absence to attend Normal School.

In reply I have to say that the re-appointment of Miss Bell for the next school year, to begin duties on or about September 1st, next, is approved. The salary allowed her will be at the rate of $90 per teaching month. Please inform her of her appointment and arrange with her tc begin duties on the date mentioned.

We note that Miss Helen Schell, who taught this school during the current year, desires to continue teaching in an Indian school. At the present time we are not aware as to what vacancies there will be for teachers for the next school year, but Miss Schell's request has been noted. Should there be a suitable vacancy to which she could be appointed, favourable consideration will be given. You should inform Miss Schell that her services will not be required at the Central School after the end of the present school year.

Sir,

I beg to enclose herewith a letter received from Miss Helen Putman, Kingston. Ont. in which she makes application for a position as Music Supervisor in connection with Tyendinaga Day Schools.

I may say Miss Putman has supervised in the Public School at Deseronto, and other schools in the locality, and would like if possible to teach music in our Eastern Day School .

SCHOOLS

I visited the four day schools on the reserve several times during the month, and on each occasion found the attendance fair, the pupils clean and bright and progress good, During the past month the weather conditions have been fair with the exception of two days when a very heavy fall of snow made it necessary to close the schools for two days, owing to the fact that the roads on the reserve were completely blocked, however as soon as roads were cleared of snow the schools re-opened and attendance was very fair for the time of the year, At the close of schools for the Xmas. vacation, each teacher arranged a concert programme to which the parents were invited to attend, the pupils singing carols and giving short plays in memory of the Xmas. season, at the close of the programme each pupil was given a bag of candies and an orange the usual treat supplied by the department.

OTTAWA, October 6, 1937.

Dear Sir:-

The Department is in receipt of your letter of September 28th enclosing letter received from Miss Helen Putman, for which she makes application for appointment as Music Supervisor in connection with the Tyendinaga Day Schools.

Please inform Miss Putman that the Department has no funds available at the present time which would enable us to engage the services of a Music Supervisor and, under these circumstances, we are not prepared to consider engaging her services.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

EX'D.

Ottawa, July 21, 1938.

Memorandum:

DEPUTY MINISTER:

Re: Tyendinaga Central Indian Day School,
Tyendinaga Indian Reserve,
Electoral District of Hastings South.

Owing to her approaching marriage, the teacher of the above named school - Miss Lena Bell - has tendered her resignation, which has been accepted.

Miss Bell has been very efficient and we are anxious to have her replaced by a well qualified teacher. A Protestant female teacher with at least a few years' experience and an Ontario first class certificate should be secured.

This school is located about six miles from the town of Deseronto.

Please let me know what action you desire taken with reference to securing a teacher, to begin duties on September first, 1938.

T. R. L. MacInnes,
Acting Director.

Sir,-

With reference to my letter of the 19th instant, with which I enclosed the resignation of Miss Lena Bell, teacher of the Tyendinaga Central Day School. And your reply of July 21st, file 34-1-1.

I have to state that I have received three applications for the position left vacant by the retirement of Miss Bell, and these I have enclosed for your persual.

If possible I should have liked to secure the services of an Indian teacher to fill this vacancy, I understand there are two qualified teachers resident at Six Nations Reserve, who are at present not engaged. and I might suggest that it may be possible to secure the services of one of these, should the Department be favourable to my suggestion.

EXPERIENCE

WARNING: Read carefully and follow instructions in full.

The needs of departments of the Public Service demand prompt filling of vacancies. Delays are not permissible for the personal convenience of applicants for such posts. Applicants should, therefore, endeavour to submit with their application ample evidence of their qualifications in regard to experience and good character.

Be sure you understand the duties and qualifications advertised in regard to the position for which you are applying.

Give a full account of your career stating the exact dates of employment in the various positions you have held, and show in what respect the experience acquired would be of advantage in the discharge of the duties of the position for which you are now an applicant. If you need more space or desire to make your statement on a separate page, do so on an additional sheet of the same size as this form. Pay special attention to your statement, both as to form and contents, as on it will be based the rating on your experience and there may not be time to obtain further information from you.

Candidates for clerical examinations Grades 1 and 2 should mention any special qualification they may possess, such as a knowledge of shorthand, typewriting, adding machine, multigraph, book-keeping, filing, etc., etc.

Applicants (*except for clerical, stenographic or lower grade positions*) must also submit herewith three letters of reference as to their experience and qualifications for the position in question, preferably from their most recent employers. If these cannot accompany the application, they should be supplied as soon as possible after the latter is filed.

Where the advertisement states that "a questionnaire" (i.e. special application form) is to be used also by the candidate, and time prevents obtaining same, this form will be quite as acceptable provided all *essential particulars as to education and experience, and testimonials are furnished thereon.*

CANDIDATE'S RECORD OF EXPERIENCE

NOTE:—Give a continuous record of *all* your various employments under the headings, "Length of Employment" (year to year), "Names of Employers and their Addresses," "Nature of Your Employment."

At Ontario School for Deaf, Belleville, as supervisor over 25 children.
Three years 1934 - 1937

ONTARIO SCHOOL FOR THE DEAF
BELLEVILLE - ONTARIO

Belleville, Ont., August 17th, 1938.

To Whom It May Concern:-

This is to certify that Miss Jean Schell was a Supervisor at the Ontario School for the Deaf for three years, from September, 1934, to June, 1937. She resigned to accept a position of teacher.

Miss Schell was in charge of young children, from five to eight years, in the junior residence. Her duties included caring for the children, supervising them in and out of the residence and assisting them at the table during meals. Miss Schell was very conscientious in the discharge of her duties. Her experience with these young children should be of considerable assistance to her in preparation for the management of children in school or elsewhere.

Truly yours,

W. J. Harrison.

Superintendent.

Deseronto, Ont.

Dear Sir:

I have been informed that there is a vacancy in one of the schools of your reservation. I am an Indian from the Six Nations reservation near Brantford. At present there is no vacancy here so I should like to apply for the position of teacher in the above mentioned school.

During the past school year I have attended the Hamilton Normal School from which I graduated with an Interim First Class Teacher's Certificate.

As to my character and teaching ability it is a pleasure to refer you to Dr McMillan, principal of the Hamilton Normal School, and Major C. T. Randle, Superintendent of the Six Nations at Brantford.

If you honour me by your appointment I shall do my utmost to serve the best interests of the pupils entrusted to my care.

Yours sincerely
Beatrice E. Capton.

Mik.

Point Anne. Ontario,
July 15th/38.

Agent of Indian Affairs,
Elementa,
Ontario.

Dear Sir:-

Upon being informed of the teacher approaching marriage I have decided as a qualified public school teacher to accept the position as the future teacher in the school on the Indian Reservation.

Although I was trained in a first-class teacher's training but being ill I failed to obtain pass marks in two high school subjects and was granted an interim second-class certificate until I tried these subjects again. However I have decided that after the year 37 term 37'38'39 is over I shall have obtained my first-class teacher's certificate. In addition I have my music and physical training qualifications and a wide interest in agriculture and horticulture.

During the past year I have been supply teacher in the Point Anne school and in addition experience in 26 practice schools of Peterborough.

SOUTH HASTINGS

J. CLARKE, B. A.
INSPECTOR
255 FOSTER AVENUE
TELEPHONE 431

Belleville, Ont. June 25th 1938

Dear Mr.Eade:-

In conversation with Leslie Claus of the Western School,a fe
days ago,he told me that he expected to be moved to another
Reservation near Montreal.
If that is the case and you are looking for a teacher to
follow him,I would like to mention to you a little Mohawk gi
who passed the Normal School Examinations some years ago,thr
or four,I am not sure and it may be longer,but she has not
been able to secure a position under a Board of white truste
but she supplied in the Third Book Division at Point Ann for
ahout a month this term and did good work.I am referring to
Jennie Hill. She took some of the Upper School work at the
Belleville Collegiate and may have taken the full course;I am
not sure about that,But I believe she would make a satisfacto
teacher for the Western School if it is going to be vacant.

Yours respectfully

m.o.P. W.J. Clarke

Belleville, July 31 /38

Mr. Eder,

Deseronto, Ontario.

Dear Sir, -

I heard from a friend of a vacancy occurring on the Indian Reserve at Deseronto. I endeavoured to get in touch with you but was informed that you were at present away on a vacation.

I have made an application to the Department of Indian Affairs.

I have a First Class Permanent Teaching Certificate obtained at Toronto (Second Year) Normal Course) an Intermediate Certificate in Agriculture and an Elementary Art Certificate. I am completing the course for an Elementary Manual Training Certificate.

I have eight years' teaching experience, am married, and my wife nee Amy Landon once taught at Stoney Point Reserve.

I should consider a minimum salary of Nine Hundred Dollars per annum.

For references write to Mr. P.C. MacLaurin.

Dear sir,-

I hereby wish to apply for a position as teacher on the Deseronto Indian Reserve. I have attended the Hamilton Normal skool during the session 1937-38 and have recently received my Interim First Class Teacher's Certificate, passing with honour marks.

I have in my favour the New Course of Methods, Music, Agriculture, Physical Training Certificates as well as the other necessary academic subjects. Health is paramount in the New Course of Studies and softball and field track are my favourite sports.

At the Normal Skool last term, I was a member of the Social Executive, treasurer of the school's money, an active member of

the dramatic club, besides other societies.

As to my character and teaching ability, it is a pleasure to refer you to our principal, Dr. A. M. McMillan and to any of the masters; J. H. Davidson or C. H. Lockett of the Hamilton Normal School.

Find enclosed a snapshot of myself. I do not smoke or drink; age twenty-two; height, six feet one half inch; weight, one hundred and eighty pounds.

I am an Indian of the Six Nations Reserve near Brantford and I was informed that one of your lady teachers got married, thus leaving a school vacancy.

I will be proud if you will do me this honour. I can assure you that the pupils entrusted to my care will receive my utmost ability. Hoping to hear favourably from you, I remain.

Yours respectfully,

m.o.p. / Ambrose Cayuga.

RE: Teacher for Tyendinaga Central Indian Day School.

Miss Jean E. Schell, of Deseronto, is very strongly recommended for this position. She holds an interim Second-Class Certificate which should be made permanent shortly. She has had three years' experience at the Ontario School for the Deaf, Belleville, and has just completed a successful year of teaching near Marlbank, Ontario. She has completed two summer courses in Junior Home Economics, and has also received a First Aid Certificate from the Ontario Motor League.

I understand that at one time a sister of hers taught in this School.

It is expected that a formal application will be received from Miss Schell within the course of the next day or two, and with it I understand she will include references from Dr.H.A.Boyce, of Deseronto, Mr. Reeves, Inspector of Public Schools, Napanee, and W.J.Morrison, Superintendent of the Ontario School for the Deaf, Belleville.

I wish you would take the necessary action to have her appointed, provided you consider that her qualifications are satisfactory. You might let me know if favourable action is taken.

I am returning herewith applications from the following, which accompanied departmental memorandum of the 8th August last, addressed to you:

Sir:

Re: Tyendinaga Agency

I beg to submit the following report on my recent inspection of this agency.

x x x

I visited each of the four day schools and also attended a meeting of the teachers in the agency office while arrangements were made for the 1939 school fair. The attendance since the opening of the fall term has been poor. In every case this is due to the bigger boys and girls being kept at home to help on the farm. The younger pupils have been attending very well.

Ottawa, October 27, 1938.

Dear Sir: EX'D.

I desire to acknowledge receipt of your letter of the 25th instant and to thank you for the information contained therein.

I note with interest that it is your intention to discuss the matter of school attendance with the truant officer and the local constable, and it is my hope that you will find it convenient to do so at an early date. You might also discuss the matter with the School Inspector, himself.

I want to state frankly that it is not the intention of the Department to keep the schools at Tyendinaga open and in operation for a full 10 month period next year, unless the attendance during the month of September is substantially increased. I cannot overlook the fact that there are a great many public schools throughout Canada operating on the 8 month basis, and I do not feel that we would be fair to the tax payers to keep schools open and in operation in the early months of the academic year with about one third of the pupils enrolled in attendance. Would it be possible or practicable to have two schools remain closed until October and two kept open? This is a matter that should be discussed with the members of the Band, the parents and the teachers in charge of the schools. The Inspector takes the position that the attendance has been unsatisfactory over a period of years. The Department feels that the time has come when a definite understanding should be reached with respect to the operation of the schools in the future.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Schools

The school attendance has improved during the past month but there is still room for further improvement. I find that in a good many cases of absentees that it is the children of white parents, tenants holding lands under lease, that are keeping the average down. I think it might be as well if the Department considered some system in regard to children of white parents attending Indian day schools, especially since under the new regulations no school taxes are charged on leases now being issued. My opinion is that if parents of white children resident on the reserve wish to receive the benefit of our schools, then they should at least send their children regular, and if they are not interested enough to do so, then the Indian Agent should have authority to refuse them admittance. At the present time the Indian Agent has no jurisdiction over white parents resident on the reserve who have children of school age, the Indian Act applies to Indian children only.

Department of Indian Affairs
APR 4 1939
RECORDS

Deseronto, Ont., March 31st, 1939

Sir:

I beg to submit the following monthly report, in connection with Tyendinaga Indian Agency, for the month ending March 31st, 1939.

x x x

The school attendance during the month has been fair, although the Central school has been closed on various days owing to weather conditions, and the fact that the teacher , a resident of the Town of Deseronto, has been unable to reach the school on account of the roads on the reserve being blocked with snow. I think it would be advisable for the teacher to make arrangements during the winter months, to reside on the reserve, because it is quite a distance from Deseronto to the Central school, and road conditions are always bad for car travel especially during the months from December to April. The past month has been bad for travel for children attending school, it has been very difficult to keep the roads open.

Education

The attendance at the four schools is very good although it is quite probable to drop some in the near future unless some provision is made for footwear for some of the smaller children as I am already getting requests for them, The Womens Institute is doing good work in providing clothing where it is most needed, the Truant Officer Mr. Randall Brant has been quite active and has been a help in keeping up the attendance, The Teachers all are taking an interest in their work also in the health of the children.

Dear Sir,

In outlining matters of interest at the Tyendinaga Indian Agency for the month of February, 1941, I beg to report as follows:

x x x

EDUCATION

I am glad to report that with the coming of better weather that the attendance is picking up, on account of the long distance that some of the pupils have to travel, and the absence of warm clothing and footwear in a great many cases, I consider that the attendance has been very good, there are still a few cases where the parents do not seem to care whether the children attend or not, but they are few, I consider we are fortunate in having a very good Staff of Teachers as they all seem to take an interest in their work.

Dear Sir,

In outlining matters of interest at the Tyendinaga Indian Reserve Agency for the month of March, 1941, beg to report as follows:

x x x

Education:

I have to report that I have not been able to visit all of the schools in the month past, I have however been at the Central and Eastern schools and am glad to report that the attendance was very good at these two schools, the health of the pupils seems good and the clothing and equipment of the scholars in good condition, I consider that these two schools would compare very favorably with any other rural schools in the District.

Dear Sir,

In outlining matters of interest at the Tyendinaga Indian Reserve Agency for the Month of April 1941, I beg to report as follows:

x x x

Education:

In my visits to the various schools this month I find the attendance much improved, owing to weather conditions and better roads, there are a number of boys of about 15 years of age, whose parents have requested the agent to give them a permit to remain home in order to help on the farm, and in some cases this has been done as it is going to be hard to get help this year.

EX'D.

Dear Sir:

With reference to your telegram of the 13th instant and official reply of the same date the Department approves leave of absence being granted to Miss Jean Schell in order to permit her to engage in work in a munitions factory in Toronto.

Please let me know the exact date on which Miss Schell gives up duties and the date on which the substitute teacher begins. I enclose staff questionnaire which the substitute teacher should complete and return immediately.

Is it understood that Miss Schell desires to return to this school on October 1, 1941, or does she intend to continue in the munitions factory?

In any case, the substitute teacher should be very definitely informed that she is only being employed for the balance of the current academic year and that her engagement for this period does not mean that she will be employed for the next academic year in the event of Miss Schell not returning to duties.

Yours truly,

Mr. A.J. Rendell,
Indian Agent,
Deseronto, Ont.

Dear Sir,

Replying to your letter of May 14th, re leasve of absence granted Miss Jean Schell, as Teacher ar Tyendinaga School, also re substituteTeacher.

I have to inform you that Wednesday May 14th was the last day Miss Schell was on duty, and Mr. Miller of Kingston, takes over his duty at the school on Monday May 19th, I am informed that Mr. Miller has had more than a year experience in teaching, and the past year has been attending University at Kingston,

It is Miss Schells intention to continue at the munition factory for the duration, of the war if possible to do so,

The form 502-563 which you enclosed to be filled out and returned, I have forwarded to Mr Miller who will in turn forward same to your Office after completing,

Memorandum:

REPRESENTATIVE OF THE TREASURY

Re: Tyendinaga Central Day
School No. 441

Miss Jean Schell, teacher of the above school, gave up duties at the close of the school day on May 14, 1941. Consequently a cheque should be issued in her favour for the period May 1 to May 14 inclusive.

To succeed her Mr. F.A. Miller has been engaged at the same salary. Mr. Miller began duties on May 19, 1941, and will continue until June 30, 1941. I attach copy of letter of appointment and staff questionnaire will be forwarded to you when received.

I will advise you later regarding the name of the teacher who will be in charge of this school for the academic year 1941-42.

Philip Phelan,
Chief, Training Division.

Dear Sir:

With reference to your letter of the 16th instant it is noted that Miss Schell remained in charge of the Tyendinaga Central School until the end of the school day on Wednesday, May 14, 1941.

The appointment of Mr. F.A. Miller to replace her for the balance of the academic year is approved. It is noted that he began duties on May 19, 1941.

In connection with Mr. Miller's appointment I would refer you to the last paragraph of my letter of the 14th instant. You should definitely notify Mr. Miller that his employment is only for the balance of the current academic year and that his engagement for this period does not necessarily mean that he will be employed for the academic year 1941-42.

Yours truly,

Ottawa, June 14, 1941.

Dear Sir:-

EXD.

With reference to your letter dated June 10, 1941, I wish to advise that the salary of Miss Schell and Mr.Miller is computed on a monthly basis of $90 per calendar month, therefore Miss Schell should have been paid 14/31 of $90, less 2% National Defence Tax, or a net salary for the period May 1st to 14th, inclusive, of $39.84.

Mr.Miller's cheque for $36.99, which you are holding at his request, represents the correct amount he should receive for his services, May 19th to 31st, inclusive, or 13/31 of $90, less 2% National Defence Tax.

Please be so good as to recover from Mr.Miller the $44.10 paid him by Miss Schell, which is an irregular payment, and forward same to this office without further delay. He should then be handed the cheque for $36.99, which you are holding, covering his salary for May, 1941.

Will you kindly communicate with Miss Schell immediately and request her to refund the sum of $3.27, being the difference of her overpayment computed as follows:-

Cheque No.92672	Issued in error for May salary	$88.20	(N.D.T.$1.80)
	Correct amount of salary May 1st-14th/41	39.84	
		48.36	
	Amount paid Mr.Miller by Miss Schell	44.10	
		4.26	
	Less difference - N.D.Tax	.99	
	Balance owing by Miss Schell to the I.A. Branch	$ 3.27

Overpayment $1.00 J.E.Schell
P.L. 52/843

In reply to your memorandum of June 30 regarding the above-noted, I wish to advise that the overpayment of $1.00 is on account of the deduction for National Defence Tax purposes.

National Defence Tax at the rate of 2%, or $1.80, was deducted from the May salary, and on the salary due May 1-14 only 80¢ should be deducted.

We assumed here that the adjustment and refund of the $1.00 to the credit of the Vote would be made in your office.

L.W.McC.

Chief Treasury Officer.

Dear Sirs,

Understanding that the Central school on the Tyendinaga Indian Reserve will be vacant in the Fall, I hereby make Application for the position as teacher there.

I hold an Interim second Class certificate and have five upper school subjects. For six years I taught on the Six Nation Indian Reserve and have since taught for one month as supply teacher at U.S.S. #14 Richmond & Tyendinaga.

If I am accepted, I shall perform my duties to the best of my ability.

Yours respectfully.

Mrs Leslie Claus.

July 3/41

Hon. T.A. Crerar,
Minister of Mines & Resources,
Parliament Buildings,
Ottawa.

Dear Sir -

I understand that Indian Affairs comes under your supervision, & am writing to you to ask you to take a personal interest in the teachers of Indian schools here, on the Tyendinaga reserve near Deseronto.

We read in our 'Daily' papers, nearly every day of salaries being increased on account of the higher cost of living, & yet the teachers of these four schools had their salaries decreased by one months salary in 1940.

My daughter, Jean Schell, has been a teacher on the reserve, 6 miles from Deseronto, until last month when she rec'd leave of absence to go into war work. Her year's salary had been $900. However, last year she was notified that the Indian schools on the reserve would be closed for the month of Sept. to save expenses for the Government, & my daughter & the other three teachers on the reserve lose a month's pay & the Indian children were deprived of their school.

There was no good reason for this move on the part of the Indian Department. I ask that the salary for the month of Sept. 1940 be restored to these teachers.

The Indian schools here are under the Inspector of Public Schools for the Province of Ont., & the teachers are expected to cover the same work & course of study that the other Ont. schools do, & that means that 10 months work has to be covered in 9, & a great deal more work for the teacher, & they earn their money & need it in every case.

.....

Now, I am taking this matter up for these teachers & hope you will give this your own personal attention & if necessary I would be glad to have a personal interview.

.....

Yours sincerely,

Carrie E. Schell

Copy to be signed and returned

Ottawa,
July 18, 1941.

Dear Madam:

In the absence of the Minister I desire to acknowledge the receipt of your letter of July 3 with reference to the salary payments to the teachers of the Indian day schools on the Tyendinaga Reserve.

After giving the matter very careful consideration it was decided last year to reduce the academic term at Indian day schools from ten months to nine months. This was partly due to the fact that our records showed a very unsatisfactory attendance at Indian day schools during the month of September.

All teachers were advised in May of 1940 regarding the proposed change which would take effect in the academic year 1940-41. This Department does not bind any teacher with a contract and in view of the date on which we notified each teacher of the change in length of the academic year 1940-41 any teacher was at liberty to secure a better position if desired.

All teachers of Indian day schools in the Dominion of Canada were treated in a similar manner and you will, therefore, realize the impossibility of carrying out your suggestion regarding the teachers on the Tyendinaga Reserve.

Yours sincerely,

Mrs. W. Schell,
Deseronto, Ont.

W.J.F. Pratt,
Private Secretary.

Deseronto Ont, July 21st 1941,

Dear Sir,

Referring to your letter of July 18th re applicaation of Mrs, Evelyn Johnston for appointment for teacher at Central School Tyendinaga and in reply to same, I have to say that Mrs Johnston is 54 years of age, and has taught in Deseronto Public School on different occasions,

The secretary of the Deseronto school Board at that time is not available to give a report on her work, I might say however that I was a member of the board for several years while Mrs, Johnston was teaching on the staff and her work was always very satisfactory,

Mrs, Johnston is a widow and has two grown Daughters and is pretty much on her own at present,

Mr. Philip Phelan,
Ottawa, Ont.

Dear Mr. Phelan:

I am sorry that I cannot recommend a teacher for the Central Indian School of Tyendinaga. It is not easy to secure good teachers this year.

We have found it necessary to accept applications from several married women in Centre Hastings for the next school year. If you should fail to secure a suitable teacher, I might be able to induce Mrs. Frank McAuliffe of Lonsdale to accept the position. Mrs. McAuliffe is a qualified teacher, She supplied in one of our schools for fpur monthe last year, and her work was satisfactory.

Yours sincerely,

A. W. McGuire

Mr. W.J.F. Pratt,
Sec. to Minister of Mines & Resources,
Ottawa.

Dear Sir -

In regard to your letter of the 12th -

I quite understand that the teachers of the Indian schools had the privilege of getting a better job, no doubt you have the same chance, also, but if those in charge of this Department were interested in the education of Indian children, even without consideration for the teachers, "who are required to have a high standard of education" they would not have shortened the school term & would arrange to start in Sept. as usual. I think the teachers were at liberty to take any other months, than Sept. When I read the letter sent at that time, the main interest seemed to be saving money for the Government. While not so long before, when Mr. Jones was appointed, his salary was raised, above what Mr. Eade has received as Indian agent, an amount equal or more than the cut in the teachers salary. Of course this rumor may not be true & did not come to me through anyone living in Deseronto. Possibly Mr. Jones had good friends in the department.

In my daughter's school, she had a large class of new beginners who should have gone to school in Sept. as they are often kept at home in winter through bad roads & extreme weather, etc. There are a few older children who are needed ~~xk~~ home to help in Sept. & come in winter. Last term the attendance was much too large for one teacher a good deal of the time & yet her work was covered to the satisfaction of her inspector.

Now I would like to hear from Mr. Crerar <u>personally</u> when he returns & if these salaries are not refunded I would like to arrange a personal interview.

Yours sincerely,

sgd) Carrie E. Schell

Deseronto, Ont. August 15th,1941.

Dear Sir:

I would acknowledge receipt of your letter 34-1-1 of August 14th advising that the Department had appointed Mrs. Frank McAuliffe, Lonsdale, Ont. as teacher of the Tyendinaga Central Indian Day School,to commence her duties on the 1st of October,1941.

Mrs. Ella M. Claus(nee Monture),wife of Leslie Claus of Tyendinaga Reserve has been in this office with regards this school,claiming that Mr. Rendell had asked her to accept the position. Mrs. Claus,whose husband is at present a teacher on the reserve,states that she did turn down another position on this account and expected to receive the appointment to the Central Indian Day School,as she has had previous to her marriage,five years experience as a teacher on the Six Nations reserve.

Mrs. Claus did teach a part of last term at Lonsdale,Ont. and states Mrs. McAuliffe is of the Roman Catholic faith and that her appointment will be protested as all the Indians of this reserve are of Protestant faith.

In a telephone conversation with Mrs. McAuliffe, I have verified this statement and would suggest that the confirming of the appointment of Mrs. McAuliffe be held in abeyance and an endeavor made to secure a teacher of the Protestant faith and that if Mrs. Claus did give satisfaction while in the employment of the Department as a teacher at Six Nations reserve,that her application be given further consideration.

Your obedient servant,

A. D. Moore, Indian Agent.

Mr. Bowcott

34-1-1

Ottawa, August 19, 1941.

Dear Mrs. McAuliffe:

May I refer to departmental letter to you dated August 14, 1941, signed by Mr. Philip Phelan, Chief of the Training Division.

In this letter you were offered the position at the Central School, Tyendinaga Reserve, at a salary of $90 a teaching month, for a 9 month teaching period.

I am today in receipt of a letter from the Indian Agent at Tyendinaga, Mr. A. D. Moore, in which he states that it is his understanding that you are Roman Catholic and consequently ineligible to take charge of this school under the Indian Act. Sub-section 2, Section 10, of the Indian Act reads:

> "Such school shall be the nearest available school of the kind required, and no Protestant child shall be assigned to a Roman Catholic school or a school conducted under Roman Catholic auspices, and no Roman Catholic child shall be assigned to a Protestant school or a school conducted under Protestant auspices."

In view of this fact, it would be exceedingly difficult, if not impossible, for the Department to justify your appointment to this position. I am disposed to think, however, that prior to the opening of the school year on October 1 there may be one or

two -

Schools
Mr. Phelan

Lonsdale, Ont.,
Aug. 25/41.

Dear Sir,

In reference to your letter of Aug. 19, I feel that the section of Indian law quoted therein does not exclude me from the position. Catholic teacher does not necessarily mean Catholic "auspices" as I have taught in more Public schools than in Separate Schools. Since this is a Public School, Mr. McGuire would not consider any capable teacher ineligible.

However, if this state of affairs had arisen between an ordinary Public School board and teacher, the teacher would be entitled to a months salary. As for accepting a position in another Indian school, that would be impossible.

I trust that the Department will give this matter their consideration, and that I shall receive an early reply.

Yours truly,

Mrs. F. Mc Auliffe.

Dear Sir;

Understanding that the Central school on the Tyendinaga Indian Reserve will be vacant in the Fall, I hereby make application for the position as teacher there.

I hold an Interim second Class certificate and have five upper school subjects. For six years I taught on the Six Nations Indian Reserve and have since taught for one month as supply teacher at U.S.S. #14 Richmond + Tyendinaga.

If I am accepted I shall perform my duties to the best of my ability.

Yours respectfully,
Mrs. Leslie Claus.

Department of Mines & Resources
Indian Affairs Branch
AUG 28 1941
REGISTERED

Deseronto, Ont. August 27th, 1941.

Dear Sir,

In acknowledging receipt of your letter 34-1-1 of August 19th, concerning the appointment of a teacher for the Central Indian Day School, Tyendinaga Reserve, I would advise that Mrs. Ella M. Claus has been away from the reserve for a few days, thus causing a delay in my reply.

If Mrs. Claus has not already got an application at the Department I am enclosing one that I have found on the files at this office. Mrs. Claus holds a Interim Second Class Certificate and did teach for 5 years at the No. 6 Indian Day School and for one year as Senior teacher at the No.11, Indian Day School on the Six Nations Reserve, during the years 1933 to 1939 at which time she left to be married. She possesses a letter of recommendation from Major Randle, Indian Superintendent of the Six Nations.

On making discreet inquiries among some of the leading men of this reserve, I find that they and their people look with favour of the appointment of Mrs. Claus, who during her sojourn at Tyendinaga has taken a very active part in the affairs of the young people and is quite well liked and should make an effecient teacher.

The appointment of Mrs. Claus is recommended for your approval, providing that her teaching at the Six Nation Reserve met the requirements of the Department.

Yours truly,

A.D.Moore, Indian Agent.

Memorandum:

REPRESENTATIVE OF THE TREASURY

Re: Tyendinaga Central School
No. 441

In my memorandum of August 14 I advised you of the appointment of Mrs. Frank McAuliffe as teacher of the above school. It has now been decided not to appoint Mrs. McAuliffe and consequently no payment of salary should be made to her.

Mrs. Ella M. Claus will be in charge of the Tyendinaga Central School on a temporary basis for the academic year commencing October 1, 1941. Salary should be allowed her at the rate of $90.00 a teaching month. Payment of salary should continue until you hear further from this Branch.

I enclose copy of letter of appointment and staff questionnaire will be forwarded to you when received.

Dear Sir:

I desire to refer to your letter of the 27th ultimo with reference to the appointment of a teacher for the Tyendinaga Central School.

It is not usual for the Department to appoint as teacher of an Indian day school a married woman whose husband is also in the Government employ. However, in view of the difficulty of obtaining teachers this year it has been decided to approve the appointment of Mrs. Ella M. Claus as teacher of the Tyendinaga Central School. It should be definitely understood, however, that her appointment is only temporary and that if another qualified teacher can be secured she will be expected to give up duties on short notice.

I enclose questionnaire form which you should have Mrs. Claus complete and return to the Department as soon as she begins duties.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir,

Last month my salary as teacher at the Mohawk Central school on the Tyendinaga Indian Reserve was $94.90 This month it was $80.10. Possibly there has been some mistake but if not I would like to know the reason for the decrease in salary.

This school has no residence, there are thirty pupils on the register and I have all the grades to teach so I think that I am entitled to the same salary as other teachers on the staff here.

If there has been a mistake I hope it will be rectified and if not I would greatly appreciate an explanation.

Yours respectfully

34-1-1

Ottawa,
December 5, 1941.

Dear Madam:

With reference to your letter of the 1st instant I find that a mistake was made in issuing your cheque for the month of October and consequently a deduction had to be made from your cheque for the month of November. I trust the following statement will explain the matter to you fully:

Month of October

Basic salary	$ 90.00
Bonus -- 11%	9.90
Total	$ 99.90
Less National Defence Tax at 5%	5.00
Net amount paid to you	$ 94.90

In issuing the above cheque two mistakes were made. First, due to the fact that your husband is also employed and is paid bonus the regulations do not permit payment of bonus to you. Besides, as you are an Indian the National Defence Tax should not have been deducted from your salary.

The amount of your November cheque was computed as follows:

Basic salary	$ 90.00
Less overpayment of bonus	9.90
Net amount	$ 80.10

Department of Mines & Resources Indian Affairs Branch DEC 1942 REGISTERED

PLEASE QUOTE
FILE 50-29

Deseronto, Ont. December 19, 1942.

Secretary, Indian Affairs Branch, Ottawa, Ont.

I would wish the decision of the Department as to whether Winston Fuller aged 14 and Kenneth Fuller aged 13, should be allowed to attend Central Indian day school on the Tyendinaga Reserve.

These two children are sons of Clayton Fuller, a white citizen of the Township of Thurlow in the County of Hastings and their mother was a daughter of Mrs. Joe Hill and a member of the Tyendinaga Band before her marriage to Clayton Fuller. Some ten years or so ago and while resident off the reserve Mrs. Clayton Fuller died and after her death the grand-mother with the consent of the father of the children, removed them to the reserve where they have been ever since and Mrs. Joe Hill from time to time received funds from Clayton Fuller for the support of the children.

These Fuller children of whom there were four at the time their mother died have all been allowed to remain on the reserve for years and received their education at the Central School and recently Mrs. Joe Hill complained to me that she was not receiving any support from their father for their keep and I instructed her that this was a matter for the court to decide and that in my opinion these children should not be on the reserve, but should be with their father in Thurlow Township. Mrs, Hill took Fuller to court for non-support and lost the case, but Fuller did agree to pay Mrs. Hill $20.00 a month if she would see that the children secured proper schooling, which they have not been procuring in the past and in retaining the two children Mrs. Hill cannot send them to any other than an Indian school.

I might add that there are other children of a like nature going to the reserve schools and your decision in this case would be applicable to them and I would appreciate an early reply.

I am in receipt of your letter of the 19th instant, with reference to Winston and Kenneth Fuller.

I note from the third paragraph of your letter that Mrs. Hill advises you that she was unable to secure support for the two children from their father. If the facts are as she has stated, it is difficult for the Department to understand how any court would make such a decision. Please let me know at what point the case was tried and the name of the Magistrate. There must have been some other circumstances which influenced the decision. I would like to know these.

DEPARTMENT OF MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

34-1-1

PLEASE QUOTE FILE 50-29

File 34-1-1.

DEPT. OF MINES & RESOURCES JAN 5 1942 REGISTERED

Deseronto, Ont. January 2nd 1942.

R. A. Hoey, Esq., Indian Affairs Branch, Ottawa, Ont.

I have your letter of December 22nd with reference to Winston and Kenneth Fuller, sons of Clayton Fuller, who are resident with their grand-mother Mrs. Joseph Hill on the Tyendinaga Indian Reserve and would wish to advise you that these boys are now reported to be 14 and 15 years old.

Their father was charged before Magistrate J. L. Lloyd, Magistrate, Belleville, Ont. on December 17th, with non-support under section 242(3B) of the Criminal Code and the case was dismissed by the Magistrate. From information that I have gained the plaintiff in this case Mrs. Joseph Hill did have to admit to the court that these two boys did considerable of the work on the farm of the plaintiff and that they milked cows, ran the farm tractor, ploughed land, harvested hay and other crops and in fact were doing most of the farm work and were considered by the court to be self maintaining.

The father of the children wanted to take them home with him, but the grand-mother would not agree to this claiming that they could not run their farm without the boys who on account of their age and ability are valuable to grand-mother who has raised them since they were small and who is entitled to some consideration for her past outlay on their behalf. The father of the children then agreed that he would pay $20.00 a month towards their keep, but that the children would have to go to school, which has brought up the point as to their being allowed to attend an Indian school as the children are of white status. These children have always been only fair attendants at the Central school, due to their being kept at home to assist on the farm and this is the point their father objected to in not paying for their support in the past. Personally I do not see that these children should be deprived of an education and do consider that there are others in the farm household that could show more exertion and use the boys less to do the farm work, which is the contentious point put up by the defendant at the court.

Department of Indian Affairs
JAN 20

I have your letter of January 14th 1943 and would advise you that instructions have been given to Mr. and Mrs. Leslie Claus, teachers of the Western and Central Indian day schools respectively, that they are to interchange one full day each week in accordance with your suggestion and which should work out with satisfaction and without inconvenience to the either teacher.

Since School re-opened in October the enrollment at Western School has increased some and so has the attendance thereby giving Mr. Claus more pupils to work with and this has given him more incentive in his duties and he is so far displaying more interest in his work. This teacher has always shown more aptitude in his teaching of manual training than he has in academics and his work along that line has been quite satisfactory and for what he is adapted. No complaints have been received from the parents of the children attending this school since school re-opened in October, whereas last school term I was in receipt of a number of complaints and I have had no information that he has not been on time in attending his duties or that he has ever left the school before the regular closing time.

Last Fall Mr. Claus intimated that he expected a call to the R.C.A.F. some time in the New Year, but I have not been advised further in this connection and as I was unable after advertising, to procure a teacher for the Mission School, I have not raised this point, for when Mr. Claus joins the armed services it is the intentions of Mrs. Claus to join some ladies service corp and it would create an awkward situation if both these teachers would decide to leave before the end of the present academic year.

REPORT ON TYENDENAGA AGENCY FOR MONTH OF JANUARY 1943.

x x x

Education. Considering the weather conditions during January the school attendance retained its average and all schools did remain open despite blocked roads and zero weather, Manual training materials were supplied for woodwork and sewing materialsfor the girls to all schools during the month. Miss Stoddart, teacher of Eastern School reports that her 9th grade pupils are doing well in their studies and the Ontario Department of Education examiner does give them very good marks on their papers submitted to that department. The new Council of the Tyendinaga Band have again been requested to give their co-operation in an endeavor to increase the attendance at the schools by contacting their fellow band members and advising them of the benifits of educating their children. I reported to the Council the case of one young Indian named Baptiste, whose home was a mile from the Western school and who was rejected from the Armed services due to the fact he could not read nor write and this was the fault of his parents in not sending him to school and I believe there are others of a like nature which should not be on a reserve that is advanced in all other progressive pursuits.

Dear Sir

As I have a letter here from Mr. Follwell of Belleville Barrister asking for information about Stinston & Kenneth Fuller What is the big Idea for the Dept., to turn out these boys out of the Indian school I have had the Children for 14 years They lost their mother I have had the looking after them ever since. I think the Department is heartless to deprive them from the Reserve school what little they can learn from it. I have raised the five grand children with all my hard work & to think the children to get kicked ~~around~~ a out like dogs. Im not a rich woman to send them to higher schools I have one grandson serveng overseas.

REPORT ON TYENDINAGA INDIAN AGENCY FOR THE MONTH OF MARCH, 1943.

x x x

Education.

While the weather improved and it was somewhat warmer during March, certain sections were flooded from Spring freshet making it impossible for children from these districts to attend school from time to time and in spite of this the attendance was better than in February. The parents of a number of 14 and 15 yr. old pupils have applied at this office seeking permission to remove their children from school to take employment and I have granted permits to two boys over 15, whom the teacher reported as wasting their time at school and were a poor influence on the younger children. Children under 15 were ordered to remain at school despite the protests of the parents who desire them to secure employment which is plentiful.

Mr A.D. Moore,
Indian Agent,
Deseronto.

Dear Sir,

Due to ill health, I find it impossible to continue my duties as teacher of Central Mohawk School. I hereby offer my resignation to take effect at the end of April.

May I take this opportunity to thank you for your kind co-operation and sympathetic understanding in matters pertaining to the school.

Yours truly.
(Mrs) Ella M. Claus.

OFFICE OF THE INDIAN AGENT

CANADA

DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 50-21-1

Deseronto, Ont. April 14, 1943.

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa.

I would wish to advise you that Mrs Ella Claus teacher of the Central Indian Day School has submitted her written resignation to this office. This resignation to take effect at the end of April and is due to ill health as Mrs Claus is an expectant mother in the fall. The written resignation is enclosed and recommended for approval by the Department.

There is on the Reserve, living a third of a mile from the school, a Mrs Eva Brant whomI have interviewed and who is agreeable to take over this school to complete the present academic year. Mrs Brant while holding no certificate has had a year at Normal School and taught over 2 years, previous to her marriage, on a permit and I am sure she has the ability to take charge of this school and would recommend she be engaged for May and June at $85.00 a month.

As there are 2 entrance pupils and the regular promotion examinations during this period, it would be very much to the disadvantage of the pupils to close the school for want of a teacher. This position could be advertised during the coming summer holidays in an endeavour to procure a proper qualified teacher holding a certificate.

A. D. Moore, Indian Agent.

Memorandum:

REPRESENTATIVE OF THE TREASURY

Re: Tyendinaga Central School
No. 441

The Department has received and accepted the resignation of Mrs. Ella Claus, teacher of the Tyendinaga Central School. She should be paid salary for the full month of April, but no further payment should be made to her.

To succeed her the Department has appointed Mrs. Eva Brant as teacher of this school for the months of May and June, 1945, at a salary of $85.00 a month, plus bonus. I enclose copy of letter of appointment and the other forms will be forwarded to you when received.

Mrs. Brant is an Indian.

REPORT ON TYENDINAGA INDIAN AGENCY FOR THE MONTH OF JUNE, 1943.

x x x

Education;

The attendance at the reserve schools during June was lower than in May, due to children being kept at home to assist in planting canning tomatoes and garden crops. Six children of the reserve have tried their entrance examinations, two being promoted on their years work and the other four having to take the exams. The school and grounds at the Eastern, Western and Central schools have been well kept by the pupils in their program to improve the looks of these schools. Little improvement was made at the Mission school, where the grounds are not very favourable for much improvement.

OFFICE OF THE INDIAN AGENT

CANADA
DEPARTMENT OF MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

JUL 5 1943
REGISTERED

PLEASE QUOTE
FILE 50-21-1

Deseronto, Ont. July 2nd 1943.

Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa.

So far as is known at the present time all teachers with the exception of Mrs. Eva Brant have signified their intention of returning to their duties at the re-opening of the schools of the Agency in September next.

Mrs. Brant took over the duties of Mrs. Ella Claus on the 1st of May last at the Central Day school and very capably did her duty to the satisfaction of all concerned. Mrs. Brant was only engaged for the two months and your authority is requested to advertise in the Toronto Globe and Mail for a new teacher,as I have already been making enquiries locally and am unable to line up a teacher for this school. If the Department has not a candidate in view for this school the only recourse is advertising and I would wish to be advised of the salary offered,which in my opinion should not be less than $90.00,plus bonus,per month,in an endeavor to get a properly qualified teacher at this time when they are quite scarce.

Mrs. Gladys Maracle,teacher of the Mission Day School was to be replaced when a suitable teacher could be procured for that school and in advertising it is possible enough applications would be secured that a replacement could be made from the applicants for Central School,if not it may be necessary to carry on with Mrs. Maracle for another term. On account of the residence available at Mission School,the salary would be fair at $85.00 a month,plus bonus.

A. D. Moore, Indian Agent.

Mr. A. D. Moore, Indian Agent, Deseronto, Ont.

I have your letter of the 2nd instant, in reference to the teacher of the Tyendinaga Central School.

In a recent report on his inspection of this school, Inspector McGuire reported quite favourably on the work of Mrs. Eva Brant. Is she willing to continue for the academic year 1943-44? If so, I believe we should retain her services. Teachers are extremely scarce this year, and this applies all over Canada. Consequently any teacher that we have in our employ at the present time, who is reasonably satisfactory, should be kept, if at all possible.

R. A. Hoey,
Supt. of Welfare & Training.

Your file 34-1-1

Deseronto, Ont. July 16th 1943.

Department of Mines & Resources
Indian Affairs Branch
JUL 19 1943
RECEIVED

Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa.

I have your letter of July 6th with reference to the engagement of a teacher for the Central Indian Day School and reporting that Inspector McGuire had given Mrs. Eva Brant a quite favourable report and inquiring as to the willingness of Mrs. Brant to continue for the academic year 1943-44.

While Mrs. Brant in June signified that she was not willing,on account of help shortage on their farm,to continue teaching for the new academic year,she has now agreed that she will return to the school in September and continue teaching as long as it is possible and she is able to obtain the services of a girl to do her housework while teaching.

As Mrs. Brant has met the approval of the Inspector and gets along quite well with the pupils of her school,her appointment for the coming academic year is recommended for your approval and her appointment will be on the understanding that should she desire to leave she will give a months notice,to which she is agreeable.

Schools;

The work of repairs to the interior of the Mission School was practically completed, with a small amount of painting to be done, through inability to procure at short notice the kind of paint that was supplied through the Dept. The schools have all been cleaned and are in readiness for the opening of school Sept. lst. It is suggested that the opening and closing of Indian Schools be adjusted in future to confirm with the dates of other schools in Ontario, which are not to open till the 7th of September, the date when I expect to see the Indian pupils return, although the schools will open on the lst to confirm with your schedule.
